Tennessee Higher
Education
Adult Student Fact Book

Tennessee Higher Education Commission

Acknowledgements

The Tennessee Higher Education Commission gratefully acknowledges the institutions and agencies that provide the data necessary to compile the *Tennessee Higher Education Adult Student Fact Book*. This and other THEC publications would be impossible without the timely submission of data by the following data providers:

- the Tennessee Board of Regents and its institutions;
- the University of Tennessee and its institutions;
- the Tennessee Independent Colleges and Universities Association;
- the THEC Division of Postsecondary School Authorization; and
- the Tennessee Student Assistance Corporation.

Privacy Notice

Throughout this report, THEC complies with Family Educational Rights and Privacy Act (FERPA) requirements to protect students' personally identifiable information. Therefore, when tables are presented, individual cells containing five or fewer observations are suppressed. The suppressed information is included in table totals when possible.

History

The Tennessee Higher Education Commission was created in 1967 by the Tennessee General Assembly to coordinate and foster unity within higher education. The Commission coordinates public institutions of higher education, comprising two systems and six independent universities¹: the University of Tennessee institutions, governed by the University of Tennessee Board Of Trustees, the community colleges and the Tennessee Colleges of Applied Technology (TCATs), governed by the Tennessee Board of Regents, and six locally governed state universities. There are currently nine public universities, 13 community colleges, and 27 TCATs in Tennessee that serve over 240,000 students collectively. Tennessee's independent institutions (non-profit and for-profit) bring statewide enrollment for Fall 2016 to more than 370,000 students.

Current Context

In January 2010, the General Assembly passed the Complete College Tennessee Act (CCTA), a comprehensive reform agenda seeking to transform public higher education through changes in academic, fiscal and administrative policies at the state and institutional levels. While the higher education landscape has been shaped by the CCTA, higher education has evolved to adopt Governor Bill Haslam's statewide reform agenda, collectively known as the "Drive to 55."

The success of this goal relies largely on the recruitment, retention, and completion of adults in higher education. Tennessee Reconnect, the adult-focused efforts of the Drive to 55, works to engage the over 900,000 Tennessee adults over 25 who have some college but have not completed their degree, and the 1.4 million Tennesseans over 25 with only a high school degree.²

Beyond meeting baseline metrics for labor market demand, state-level initiatives ensure that postsecondary education is a viable option for any adult Tennessean who chooses to pursue it. This is accomplished by: (1) providing research for building a policy framework; (2) coordinating community and regional initiatives; (3) developing and leveraging employer and workforce partnerships; (4) supporting and building capacity within institutions to serve adults more effectively; and, (5) supporting and reaching out to adult learners.

In order to more deeply understand and illustrate the importance and condition of adult learners in Tennessee higher education, we must analyze and report the rich data available in our state. In 2015, THEC released the first edition of this THEC Fact Book focused solely on adult learners to provide institutional faculty and staff, state higher education policy leaders and non-profit organizations the context surrounding adult student participation and success in Tennessee higher education. Our purpose through all Tennessee Reconnect initiatives is to further understand the complexities, challenges and barriers facing adult learners in Tennessee in order to inform and influence state and institutional policy, support various community and state partnerships and build capacity within our institutions to more effectively support and reach out to our adult learners.

¹ The FOCUS Act (2016) created six independent governing boards. Due to the timing of this report, the six independent institutions are called TBR Universities.

² U.S. Census Bureau; American Community Survey, 2014 American Community Survey 1-Year Estimates, Table S1505;; <<http://factfinder2.census.gov>>; (29 January 2015).

Tennessee's Community Colleges

Degrees at Tennessee Community Colleges

- Associate of Arts
- Associate of Fine Arts
- Associate of Science
- Associate of Applied Science
- Associate of Science in Teaching
- Less than 1 year and 1-2 year certificates:
 - ◊ Technical, Embedded, General Education

Tennessee's Community Colleges is a system of 13 colleges that offers more than 480 academic programs across 65 teaching locations throughout Tennessee. Offering associate degrees and certificates that can be completed in two years or less, community colleges provide graduates with fast entry into well-paying careers or a solid foundation to transfer to a four-year university.

Community colleges are open access, accepting all who apply, and provide the necessary flexibility for students to balance school, work, and family responsibilities as they pursue their educations. Evening and weekend classes, online courses, and block scheduling are all available through community colleges. Community colleges also provide high school students a head start on their education through dual enrollment, dual credit, early college, and middle college programs.

Tennessee's Community Colleges also offer more than 350 workforce development programs, partnering with Tennessee employers to create programs that meet specific employer needs. From short-term training courses to state-of-the-art programs, each of Tennessee's Community Colleges works with local, state, and regional employers to develop innovative strategies to meet their workforce development requirements.

Tennessee Colleges of Applied Technology

The 27 Tennessee Colleges of Applied Technology are premier providers of state-of-the-art technical training and workforce development strategies.

The network of TCATs is strategically located across the state to ensure that businesses and industries throughout Tennessee have access to a skilled and qualified workforce. The TCATs offer more than 50 occupational programs to help students train for a career or retrain for advancement opportunities, and help businesses build a skilled workforce. They contribute to the economic and community development of the regions served.

TCAT certificate and diploma programs are developed in collaboration with community, business, and industry leaders to address specified areas of need. The programs are designed to prepare graduates for state licensure when required for practice. Some TCAT academic credits may transfer to the community colleges.

Section II

Adult Student Participation

Fall 2016

Figure 2.1
Adult Undergraduate Headcount by Sector
Fall 2016

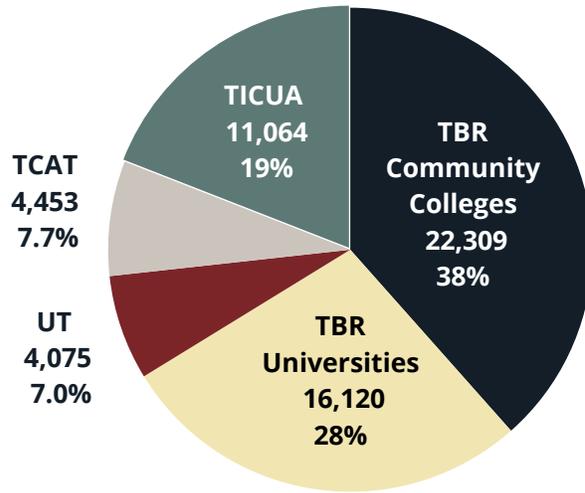

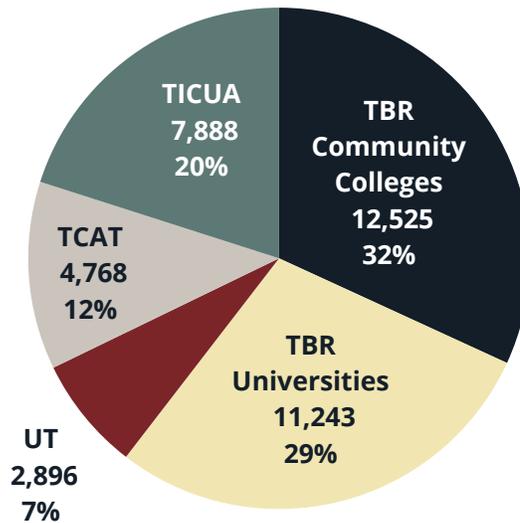

Figure 2.2
Adult Undergraduate FTE by Sector
Fall 2016

Sources: THEC Student Information System (THEC SIS), TN Independent Colleges and Universities Association (TICUA)

Notes:

- Based on end-of-term data.
- Enrollments are for credit-bearing courses only.
- TCAT enrollments exclude continuing education students.
- **Full-Time Equivalent** (FTE) enrollment is calculated in a manner consistent with the Outcomes Funding Formula.
- UT Health Science Center FTE is equivalent to headcount.

Figure 2.3
Public Undergraduate Enrollment Trends by Age
Fall 2006 – Fall 2016

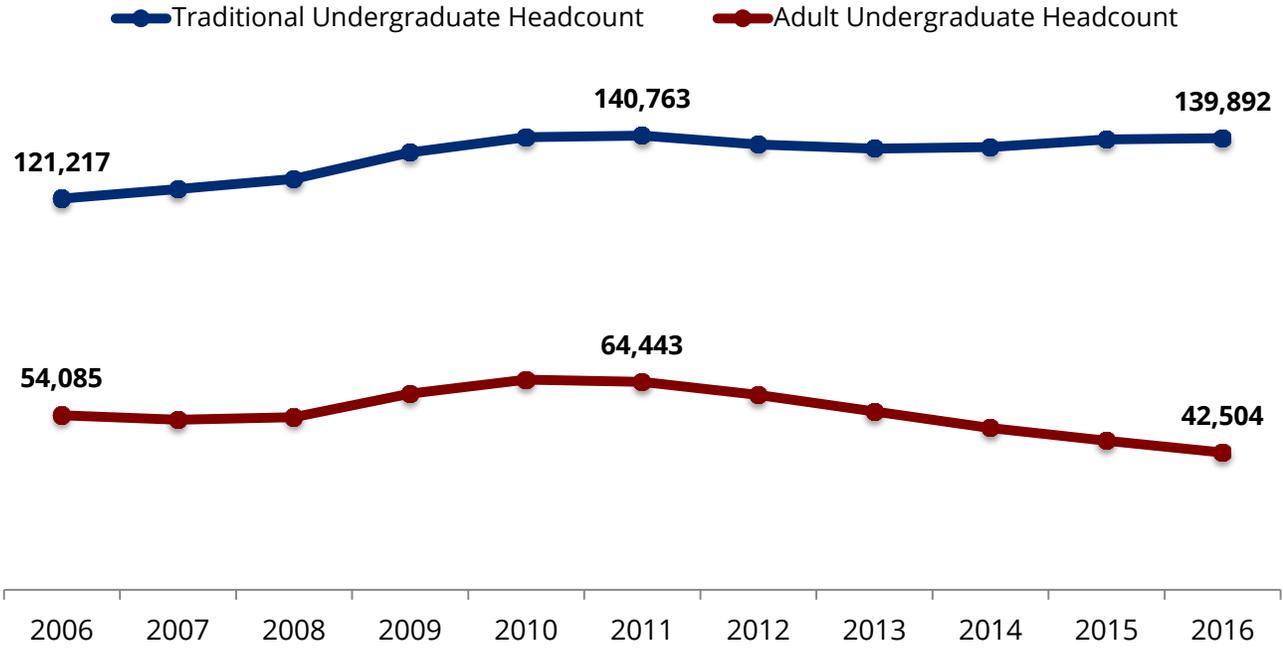

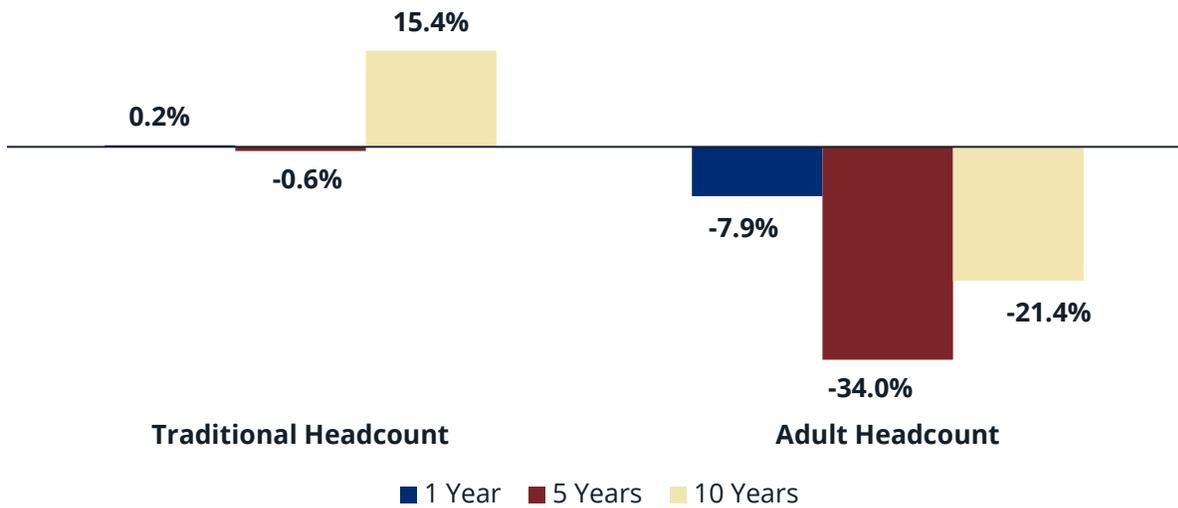

Figure 2.4
Public Undergraduate Enrollment Percentage Change by Age, Fall 2016

Source: THEC SIS

Notes:

- Figure 2.4 shows that Adult Undergraduate Headcount declined approximately 8 percent between fall 2015 and 2016.
- Based on end-of-term data.
- Enrollments are for credit-bearing courses only and exclude dual enrollments from the traditional headcount, unlike previous reports.
- Excludes Tennessee Colleges of Applied Technology.

Notes:

- Includes all freshman, not just first-time, full-time freshman.
- Table displays students who would require learning support based on their academic preparedness, not actual counts of enrolled students.
- **Learning Support** allows students to enroll in remedial coursework simultaneously with credit-bearing courses, in contrast to completing non-credit courses prior to enrollment in a credit-bearing course.
- Based on end-of-term data.

Section III

Adult Student Success Academic Year

2015 - 2016

Table 3.1

Adult Public Freshman to Sophomore Retention Rate by Institution Fall 2015 to Fall 2016			
Institution	Fall 2015 Adult Freshman	Fall 2016 Enrolled at Admitting or Other Public Institution	Retention Rate
TBR Community Colleges			
Chattanooga State Community College	912	430	47.1%
Cleveland State Community College	276	135	48.9%

University Total	1,237	738	59.7%
Grand Total	8,991	4,382	48.7%

Source: THEC SIS

Notes:

- Includes both full-time and part-time adult freshman.
- Based on end-of-term data.
- Enrollments are for credit-bearing courses only.
- Retention rates are inter-institutional within the public system.

Figure 3.1
Percent of Co-Requisite Students Passing Paired College Level Course
First-Time Freshmen - Fall 2015

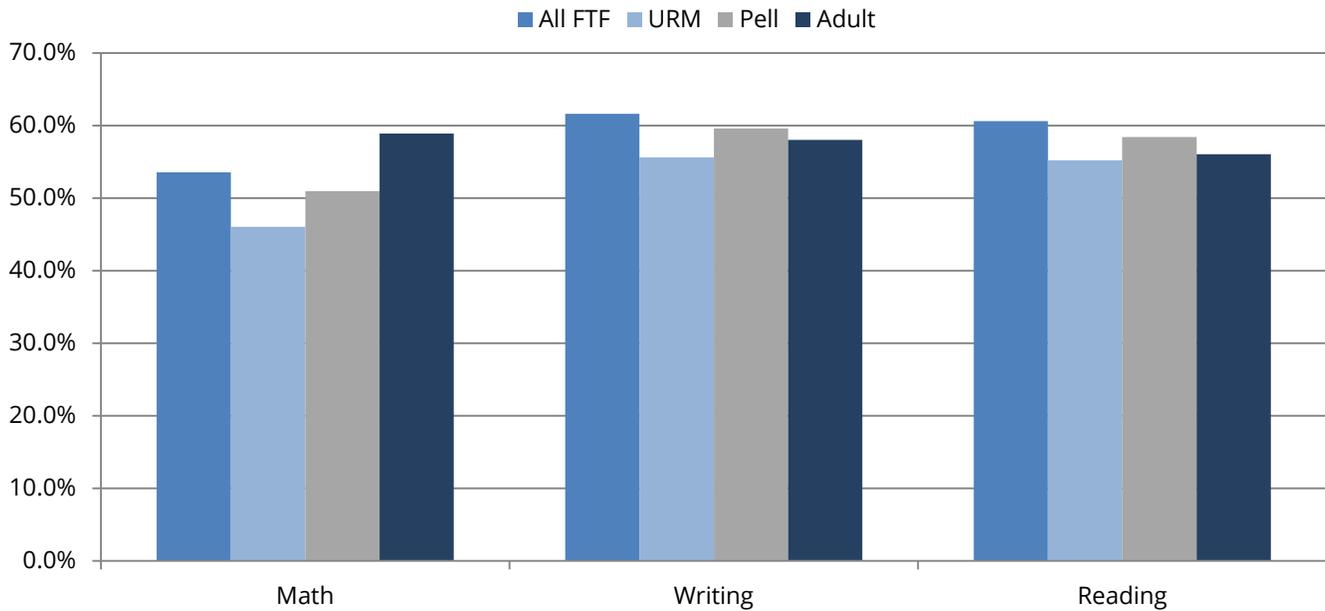

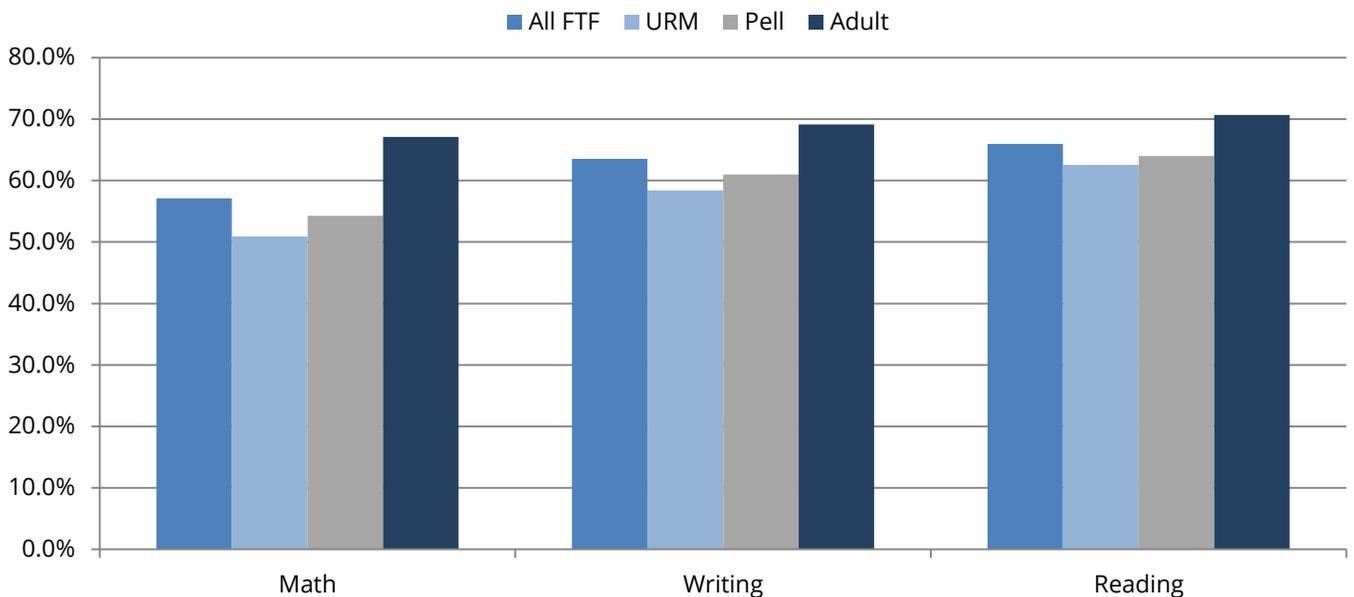

Figure 3.2
Percent of Co-Requisite Students Passing Paired College Level Course
First-Time Freshmen - Fall 2016

Source: Tennessee Board of Regents

Notes:

- Co-requisite remediation requires that learning support (a remedial/developmental course) be paired with a college-level course in the same subject. TBR has established guidelines for how institutions can pair learning support coursework.
- Learning Support Math is paired with an introductory math course, the most common example is MATH 1530 (statistics).
- Learning Support English is paired with ENGL 1010 (Composition I).
- Learning Support Reading is often paired with ENGL 1010 (English Composition I), SPCH 1010 (Introduction to Speech), and orientation courses.
- **FTF** stands for first-time freshmen.
- **Underrepresented Minority (URM)** does not include white, Asian, or unknown student groups.
- **Adult** is defined as a student who is 25 years or older.

Notes:

- **Certificates** are awarded to students who have demonstrated the competencies required for a program and have been awarded the appropriate certificate upon completion, usually in programs of less than 900 clock hours.
- **Diplomas** are awarded to students who have demonstrated the competencies required for a program and have been awarded the appropriate diploma upon completion, usually in programs of at least 900 clock hours.
- **Supplemental Certificates** are non-preparatory awards, usually related to a special industry or special interest.
- **Sufficient Credential** is for students who leave a program without a credential before graduation, but have acquired sufficient competencies for employment in the field of instruction or related field.

Section IV

Tennessee Reconnect

Program Updates

Tennessee Reconnect: Tennessee's Current and Developing Adult Learner Initiatives

The Drive to 55 includes five distinct strategies, one of them solely focused on creating new programs and supports for adult learners, called Tennessee Reconnect. THEC plans to strengthen and enhance resources available to adult students, institutions, communities and employers in order to serve this effort. These programs as outlined below focus on five functional categories which include:

- 1) Research to build the policy framework;
- 2) Student outreach and support;
- 3) Building institutional capacity to serve adult learners more effectively;
- 4) Coordinating community-based efforts to serve adult learners and promote local ownership of TN Reconnect initiatives; and
- 5) Developing new employer and workforce partnerships.

Research

Conducting Adult Learner Research & Building the Policy Framework: In order to fully understand and illustrate the importance and characteristics of adult learners in Tennessee higher education, we must analyze and report the rich data we have access to in our state. In 2015, THEC released the first edition of the THEC Adult Student Fact Book focused on providing institutional faculty and staff, state higher education policy leaders and non-profit organizations the context of adult student participation and success in Tennessee higher education.

In 2017, THEC will pursue a statewide call for adult learner research, Research to Reconnect. The purpose of this initiative is to develop and implement research projects which will inform and improve practice and policy regarding Tennessee's adult learner population. These research projects will enable our state to understand and illustrate the importance and characteristics of adult learners in Tennessee higher education by conducting qualitative research with adults in the state, as well as analyzing and reporting on the rich quantitative data available in THEC's Student Information System (SIS). THEC will solicit proposals from interdisciplinary faculty researchers, student affairs and student services practitioners, and non-profit educational organizations in Tennessee to conduct original research and/or document evidence-based best practices. Research will focus on understanding access, retention, persistence, completion, and additional aspects of higher education related to serving adult learners and supporting their success. This year-long, multifaceted research project will culminate in a publication and convening in 2018. Our aim through these research initiatives is to further understand the complexities, challenges, and barriers facing adult learners in Tennessee and to inform and influence state and institutional policy related to adult learners.

Student Outreach and Support

TCAT Reconnect Grant: The TCAT Reconnect Grant is a last-dollar scholarship available to adults who want to attend a Tennessee College of Applied Technology (TCAT). It pays the remaining balance after other state and Pell Grants have been applied. This grant is available for adults who are Tennessee residents who enroll full time at a TCAT in pursuit of a certificate or diploma. Students must maintain continuous enrollment and satisfactory academic progress.

Community College Reconnect Grant:

The Tennessee Reconnect grant will officially launch in fall 2018, but students can go back to a community college now, tuition-free, using the Community College Reconnect Grant. The current Community College Reconnect Grant is a first-come, first-served grant program that provides a last-dollar scholarship to Tennessee adults who want to return to community college and complete their associate degree. Eligible adults must not already have an associate or bachelor degree; have been a Tennessee resident for at least one year; complete the FAFSA and be deemed an independent student; be admitted to an eligible institution and enroll in at least 6 semester hours. In order to maintain the grant, students must enroll in classes leading to an associate's degree or certificate, maintain a 2.0 GPA, and maintain continuous enrollment. The current Community College Reconnect Grant is pending the availability of funds at institutions and will continue until the official launch of the Tennessee Reconnect grant in fall 2018.

TNReconnect.gov: THEC worked in partnership with the University of Tennessee system and the Tennessee Board of Regents to develop a web portal focused on providing resources to adults returning to, or enrolling for the first time, in postsecondary education. This new public website helps adults navigate learning opportunities available at Tennessee institutions. Adults are provided options that fit their needs, schedules and goals. The portal also allows former community college and university students to enter transcript information and receive back a list of academic pathway options and institutions offering those options. The purpose of this portal is to offer a single destination for adults where they can find resources to transcend institutional boundaries including, but not limited to, processes to explore the benefits, comparability and costs of attaining a degree or credential. The web portal launched January 11, 2016.

TimewiseTN – Prior Learning Assessment Branding: As a state, Tennessee has made great strides to develop clear and comprehensive PLA standards, and to provide more PLA options to students. However, students are finding it difficult in some cases to locate information about those PLA opportunities. THEC worked with a marketing firm to develop a common identity for all PLA programs in the state.

The result is TimewiseTN: Turn Your Years of Knowledge into College Credit. We developed a logo, a student orientation brochure, and video that are available to any institution that uses the TimewiseTN moniker. Institutional PLA programs will not change in form; however, the goal is to develop a common language that will be clear to students and allow them to find PLA resources on campus. The adoption of the logo and program name (TimewiseTN) is voluntary, and those institutions who do adopt the name will be identified on the adult learner portal as TimewiseTN schools.

Building Institutional Capacity

Veteran Reconnect is a grant program that provides institutions with resources to enhance services for student veterans at public and private institutions across the state. Initiatives funded under this program have ranged from the founding and improvement of veteran centers, to training of faculty and staff, to creating new supports for veterans transitioning from service to postsecondary education to employment.

When the grants were originally awarded in 2015 to eleven colleges and universities, the program represented the state's first focused effort to encourage new and expanded campus supports of student veterans. In the second round, six colleges and universities received funding for veterans initiatives with a focus area of using employer partnerships to support veterans transitioning into the workforce.

A third round of Veteran Reconnect grants, planned for 2017-18, will provide institutions of higher education with resources to focus on improving prior learning assessment practices, ensuring that veterans receive appropriate academic credit for military experience at Tennessee institutions.

Community Based Efforts

TN Reconnect Communities & TN Reconnect Community Network: As Tennessee is developing initiatives, programs, and supports at the state level for adult learners, communities are where the success of Drive to 55 will be decided. By localizing the Drive to 55 – and Tennessee Reconnect – communities will be engaged in assisting and supporting their residents in the pursuit of postsecondary completion.

This community-based service reaches out to and supports adults locally to re-enroll in postsecondary education and complete a postsecondary credential. Prospective adult learners are provided a variety of services including free advising, career counseling, and scholarship resources. These community centers also act as a connecting point for local employers, local TCATs, community colleges and universities, and prospective adult learners, working to create awareness of the benefits of adult completion as a strategy for economic development and a source for workforce talent.

Through a partnership with The Graduate! Network (TGN), Tennessee has built the capacity, resources, and expertise to engage communities to design holistic local strategies, leverage state resources, and increase access to and success in postsecondary education for adults.

This initiative has two major components: 1) the development of TN Reconnect Communities (TRCs) and their associated services, and 2) the development of a TN Reconnect Community Network (TRCN) to serve as a source of ongoing technical assistance, support, and professional development for the community sites. The result is a coordinated effort to reach adults and comprehensively support them to credential completion, facilitated by communities based on their unique characteristics and challenges.

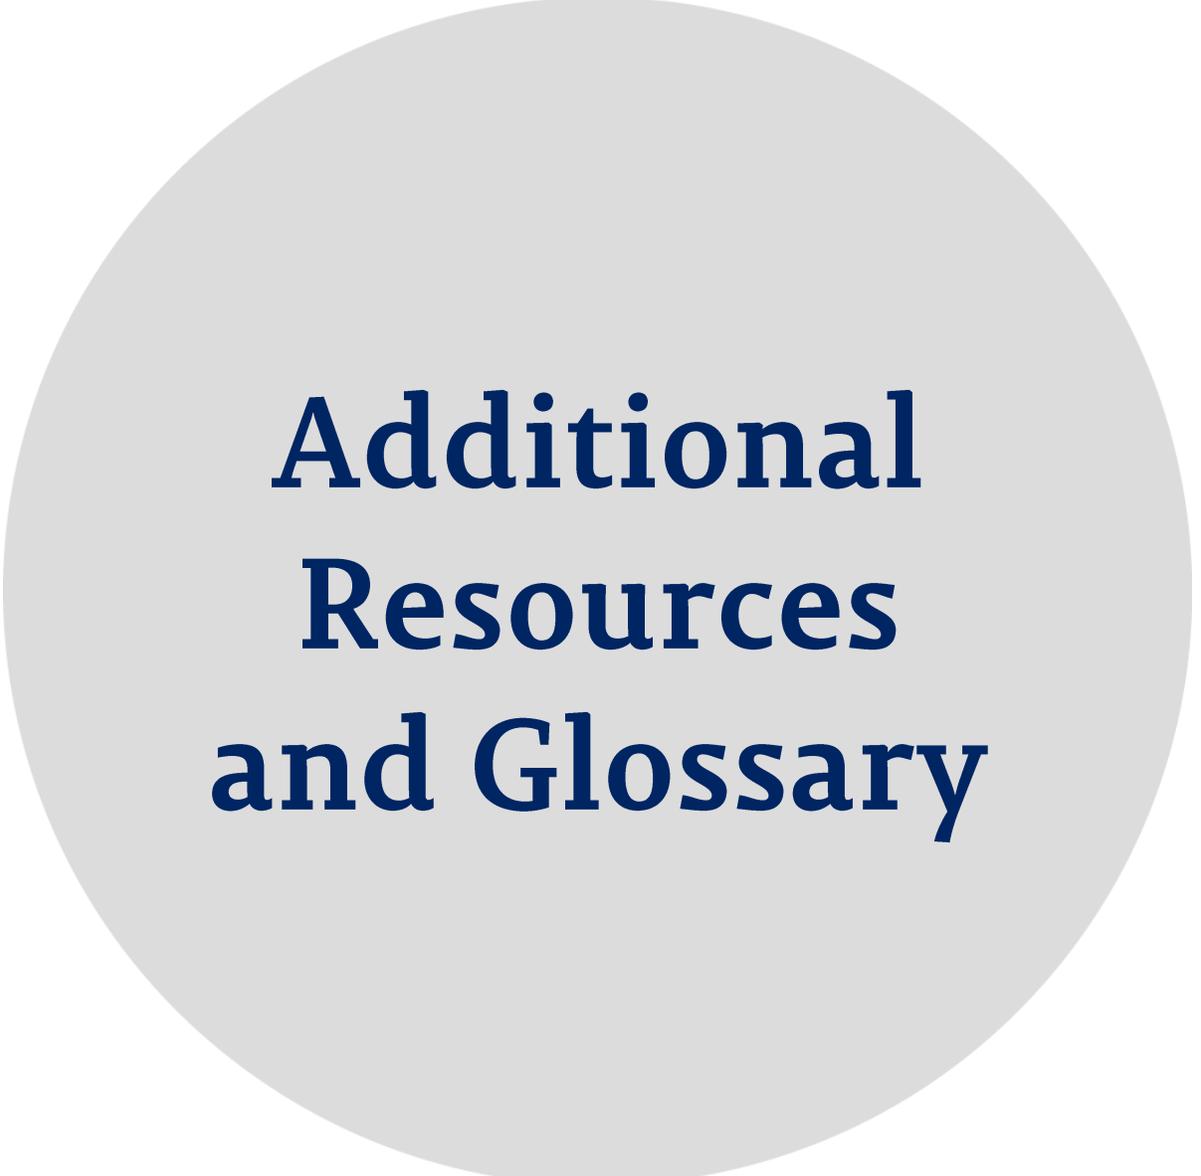

In March 2016, the first three TRCs sponsored regional events for adult “noncompleters” to explore postsecondary opportunities and provide advising services. There are currently seven TRCs across the state providing services to Reconnectors in 61 counties. THEC anticipates launching three more TRCs in early 2018 serving all 95 Tennessee counties.

Employer and Workforce Partnerships

Developing New Employer and Workforce Partnerships: The Labor Education Alignment Program (LEAP) serves as the alignment and accountability component of the Drive to 55. LEAP's primary goal is to execute strategies that close skills gaps by ensuring that students gain the necessary training for the increasing number of high-skill and high-technology jobs offered in the state. LEAP accomplishes this goal by providing grant funding to communities that develop a framework for regional partnerships – comprised of Tennessee Colleges of Applied Technology (TCATs) and community colleges, industry partners, workforce development professionals, and K-12 educators, particularly those associated with Career and Technical Education (CTE). Collectively, these collaboratives create tailored workforce pipelines designed to provide the requisite technical skills that local employers need. To date, there have been two rounds of grant competitions in fall 2014 (LEAP 1.0) and summer 2016 (LEAP 2.0), resulting in a total of \$20 million being awarded to 24 proposals.

Definitions

14th Day Enrollment: The traditional date on which the first degree credit headcount and full-time equivalent enrollment reports are generated for all Tennessee public institutions. Beginning fall 2010, institutions also report. Table 2.1 provides an end-of-term enrollment figure.

Adult Student:

- An adult student enrollment is an individual who is 25 years or older when enrollment (headcount or FTE) is captured.
- An adult student awardee is an individual who is 25 years or older at the time of the award.

Degree Credit: Credit that the institution designates as regular, occupational, certificate, extension, or co-op.

Formula Units: Academic entities that derive their operating funds from the public higher education funding formula. Includes public universities, community colleges, and colleges of applied technology.

Full Time Equivalent (FTE) Enrollment: For undergraduate students, fall term FTE is the total number of credits attempted divided by 15. For graduate students, the fall term FTE is the total number of credits attempted divided by 12. For students in clock hour courses, the academic year FTE is the total number of clock hours divided by 900.

University of Tennessee Health Science Center (UT HSC) FTE: At UT HSC, the number of full time students cannot be reliably calculated based on credit hours due to the high (and variable) number of credit hours taken by students in the health professions. Many programs are year round, with 'semesters' lasting 6 months, and students are enrolled in a number of sequential courses during this period. In addition, many of the courses involve clerkship experiences requiring 40 hours per week for 4 or more weeks such that credit hours accumulate quickly. Since the curriculum is fixed for most of these programs and students proceed in a lock step manner without options to pursue coursework part time, UT HSC reports FTE based on the number of students enrolled in each of the professional programs. Exceptions that allow for part time students (e.g., in the graduate school and in Nursing) occur in some programs and are tracked for THEC reports.

Full-Time Student: A student who is enrolled for 12 or more hours of degree credit in a semester.

Mandatory Fees: A required fee for all students, as opposed to a fee attached to a specific course.

Non-Formula Units: Non-academic entities that derive their operating funds from public higher education funding other than the outcomes based formula. This includes all entities other than universities, community colleges, and technology centers. Examples are the UT Veterinary School, the Space Institute, and the Centers of Excellence.

Part-Time Student: A student who is enrolled for less than 12 hours of degree credit in a semester.

Southern Regional Education Board (SREB): The nation's first interstate compact for higher education, the Atlanta based SREB is a coalition of educators, government officials, and civic leaders interested in advancing knowledge and improving the social and economic life of the South.

Tennessee College of Applied Technology (TCAT): There are 27 colleges of applied technology across the state that are governed by the Board of Regents. The workforce development mission of the TCATs is to give Tennessee residents the opportunity to obtain the technical skills and professional training necessary for advancement in today's competitive job market. The non-credit bearing Regents Online Continuing Education Program (ROCE), the non-credit bearing Special Interest Course, and the Continuing Education Unit (CEU) are excluded from TCAT total headcount.
