¹Due to FERPA regulations, and to protect the privacy of student data, groups of less than ten students are not reported. This is indicated by "n<10." Percentages for small groups of less than 40 students are obscured by showing the range within which the percentage falls (e.g., 43% would display as 40-49%). Percentages that are close to 100% or 0% are also not reported. This is indicated by a ≤ or > (e.g., ≥95%). Counts are obscured in both cases.

²Blanks in the 2015 or 2016 Graduation Rate columns indicate that the school did not have a graduation rate that school year.

Appendix A: Background on Graduation Rates

The Every Student Succeeds Act (ESSA) requires the State to calculate a four-year cohort rate. Utah implemented a federally defined cohort graduation rate in 2008. The graduation rate for the 2017 cohort includes all students who started ninth grade in the 2013-14 school year, plus students who transferred into the Utah public education system after ninth grade.

Students in the cohort have four possible final outcomes:

- Graduate
- Continuing Student
- Other Completer
- Dropout

The “Graduate” category includes students who have earned a basic high school diploma or an adult education high school diploma achieved by September 30 following the end of their cohort school year. “Continuing Students” are students who have been allowed to continue attending school beyond their senior year, or those who transferred to higher education or the Utah College of Applied Technology (UCAT) without first receiving a high school diploma. Students considered “Other Completers” include those who completed the General Education Development test (GED) or a Certificate of Completion or students with disabilities who participated in the Utah Alternate Assessment (UAA). The “Dropout” category includes students who have not completed graduation requirements, such as those who have withdrawn, dropped out, or have been expelled.
