

MEMORANDUM

March 26, 2015

TO: Board Members

FROM: Terry B. Grier, Ed.D.
Superintendent of Schools

SUBJECT: **TITLE I, PART A STUDENT ACHIEVEMENT REPORT 2013–2014**

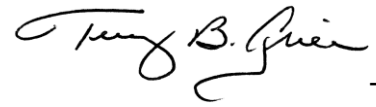

CONTACT: Carla Stevens, 713-556-6700

Attached is a copy of the Title I, Part A Student Achievement Report for 2013–2014. This report reflects student performance on the State of Texas Assessments of Academic Readiness (STAAR), Stanford 10, and Aprenda 3 and is required under Title I regulations. Differences in student performance from 2012–2013 to 2013–2014, by the total number of students tested, grade level, and subject area are presented at the campus, school office, and district levels. Student demographic data are also noted.

Some of the highlights are as follows:

- Overall, for Title I campuses in the district on the STAAR, 66 percent of students in grades 3–8 met the satisfactory standard in reading, 67 percent in math, 65 percent in writing, 63 percent in science, and 50 percent in social studies. From 2012–2013 to 2013–2014, the percent of students meeting the satisfactory standard fell two points in reading and social studies and one point in science. The percentage of students meeting the satisfactory standard increased by two points in math and one point in writing.
- A total of 64,667 STAAR End-of-Course exams were given to students from Title I campuses in the district, and 69 percent of them met the satisfactory standard. The percentage of students meeting the satisfactory standard increased in both Algebra I and Biology from 2013 to 2014. English I, English II, and U.S. History exams were not offered in 2013. The exams with the lowest percentages of students meeting the satisfactory standard were English I at 51 percent and English II at 55 percent. Totals from 2012–2013 are only based on Algebra I and Biology performance.
- On the Stanford 10, total performance remained relatively flat from 2012–2013 to 2013–2014, dropping by one or two NCEs in each subject area. Overall for Title I campuses in the district, reading was at 43 NCEs, math was at 51 NCEs, language was at 46 NCEs, science was at 50 NCEs, and social science was at 45 NCEs. The 50 NCE indicates national average performance.
- On the Aprenda 3, total performance decreased by one to two NCEs from 2012–2013 to 2013–2014 in each subject area. Overall for Title I campuses in the district, reading was at 75 NCEs, math was at 74 NCEs, language was at 76 NCEs, science was at 74 NCEs, and social science was at 77 NCEs.

Should you have any further questions, please contact my office or Carla Stevens in the Research and Accountability Department at (713) 556-6700.

TITLE I, PART A STUDENT ACHIEVEMENT 2013–2014

Executive Summary

Program Description

The Title I, Part A program is designed to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and achieve, at a minimum, proficiency on challenging state academic achievement standards and assessments. The program's goal is accomplished by providing supplemental funding for educational programs to Title I, Part A schools.

Title I, Part A school programs are implemented on either a schoolwide or targeted assistance basis. According to the Guidance for the Implementation of Title I, Part A (Texas Education Agency, 2010), a schoolwide program permits a school with 40 percent or greater of its students at the poverty level to use funds from Title I, Part A and other federal education program funds and resources to improve the educational program of the entire school in order to raise academic achievement for all students. This contrasts with the targeted assistance program, through which Title I, Part A funds are used only to provide supplementary educational services for eligible students who are economically disadvantaged. In 2013–2014, all Houston ISD Title I schools were designated as schoolwide campuses.

Schoolwide programs can use their Title I, Part A funds in the manner they choose as long as they engage in reform strategies that increase the amount and quality of learning and help provide a high-quality curriculum for all children. These strategies must be included in a comprehensive plan to help children meet the state's student performance standards.

Purpose of the Evaluation Report

The purpose of this report is to evaluate the student achievement performance on the state's standardized tests and Houston ISD's norm-referenced tests for students in Title I, Part A schools. This report discusses student performance on the State of Texas Assessments of Academic Readiness (STAAR), Stanford 10, and Aprenda 3 tests. Results are aggregated by school, school office, and district.

Highlights

- Overall, for Title I campuses in the district on the STAAR, 66 percent of students in grades 3–8 met the satisfactory standard in reading, 67 percent in math, 65 percent in writing, 63 percent in science, and 50 percent in social studies. From 2012–2013 to 2013–2014, the percentage of students meeting the satisfactory standard fell two points in reading and social studies and one point in science. The percentage of students meeting the satisfactory standard increased by two points in math and one point in writing.
- A total of 64,667 STAAR End-of-Course exams were given to students from Title I campuses in HISD and 69 percent of those students met the satisfactory standard. The percentage of students meeting the satisfactory standard increased in both Algebra I and Biology from 2013 to 2014. English I, English II, and U.S. History exams were not offered in 2013. The exams with the lowest percentages of students meeting the satisfactory standard were English I at 51 percent and English II at 55 percent. Totals from 2012–2013 are only based on Algebra I and Biology performance.
- On the Stanford 10, total performance remained relatively flat from 2012–2013 to 2013–2014, dropping by one or two NCEs in each subject area. Overall for Title I campuses in the district, reading

was at 43 NCEs, math was at 51 NCEs, language was at 46 NCEs, science was at 50 NCEs, and social science was at 45 NCEs. The 50 NCE indicates national average performance.

- On the Aprenda 3, total performance decreased by one to two NCEs from 2012–2013 to 2013–2014 in each subject area. Overall for Title I campuses in the district, reading was at 75 NCEs, math was at 74 NCEs, language was at 76 NCEs, environment/science was at 74 NCEs, and social science was at 77 NCEs.

Recommendations

1. Schools should consider allocating more Title I funds to uphold teacher quality by training them in research-based practices and interventions.
2. The district should review the practices of the highest performing Title I schools and encourage other Title I schools to adopt similar practices.
3. Benchmark test results should be used to identify students who need additional academic intervention.
4. Additional interventions such as tutoring should be used more heavily at consistently low-performing schools.
5. Additional resources can also be directed toward the subject areas and grade levels that had lower performance results.

Administrative Response

The Improving Basic Programs Operated by Local Education Agencies effort in Title I, Part A of the Elementary and Secondary Education Act (ESEA), as amended by the No Child Left Behind Act (NCLB), provides supplemental funding to state and local education agencies. This funding pays for resources to assist schools with high concentrations of students from low-income families. These resources improve education quality and help ensure all children in low-income contexts meet the state's student performance standards. Title I, Part A provides support to schools in implementing either a school-wide program or a targeted assistance program. Title I, Part A programs use effective methods and instructional strategies that are grounded in scientific research.

The Department of External Funding will continue to work with campuses and departments on the following practices to increase academic achievement of all students attending Title I, schoolwide campuses:

- Provide campuses with adequate budget information that aligns with the guidelines and policies of the Title I Part A, Program as well as maximize the use of Title I, Part A, funds to upgrade the entire educational program.
- The Title I, Part A Program orientation at the beginning of the school year will give campuses an opportunity to share feedback on successful strategies used to increase test scores.
- Partner with the Family and Community Engagement Department on supporting campuses in creating a campus atmosphere that fosters the following components of parent involvement: Parenting, Communicating, Volunteering, Learning at Home, Decision Making, and Collaborating with the Community.
- Monitor closely the use of Title I funds on campuses; guide Title I schoolwide campuses in providing additional tutorials and intervention programs that will address the academic weaknesses indicated in the Title I, Part A Student Achievement Report.

- Work closely with Human Resources to lower the percentage of non-highly qualified teachers on Title I school wide campuses:
 - Identify teachers that are not highly qualified; provide professional development for these teachers utilizing Title I funds (Highly Qualified) that are set-aside for teachers to achieve success on the TExES
 - Provide support to campus administrators to discourage hiring non-highly qualified teachers
 - Hire, promote or transfer only highly qualified Core Academic Teachers into full-time classroom positions
 - Develop Individualized Certification Plans for non-highly qualified teachers to achieve highly qualified status.
- Teacher Development Specialists, positions funded by the Title I, Part A Program, will work with teachers and principals to review performance data and development plans, and to identify teachers' strengths and prioritize most pressing development needs to increase student achievement.

In conclusion, the Department of External Funding will continuously provide support, guidance and resources to all Title I, Part A School wide campuses to ensure Title I schools are in compliance with state and federal mandates as well as assist campuses in maximizing the use of their Title I funds to increase student academic achievement.

Introduction

The Title I, Part A program developed out of the Elementary and Secondary Education Act (ESEA) from 1965 and the No Child Left Behind Act (NCLB) from 2001. The Title I, Part A program is designed to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and achieve, at a minimum, proficiency on challenging state academic achievement standards and assessments. The program's goal is accomplished by providing supplemental funding for educational programs to Title I, Part A schools, which have a high percentage of students living in poverty.

Supporting Research

Research dating back to Coleman's study *Equality of Educational Opportunity* (1966) has consistently shown that there is a strong correlation between students' socioeconomic status and academic performance. For this reason, Title I funds are given to schools in high-poverty environments with hopes that the additional funds can enrich their educational programs and raise academic performance. There are many indicators of academic growth and improvement, but student test results are the most commonly accepted. After NCLB was implemented in 2001, early research done by the U.S. Department of Education (2007) showed that student achievement on state assessments increased in most states between 2002 and 2005 but not at a rate fast enough to reach 100% proficiency by 2013–2014. Data in this report corroborate this prediction. While many students are making performance gains, the gap between low-income and high-income students is not necessarily shrinking (Center on Education Policy, 2010). Although this report focuses on the Title I program, these trends are not solely dependent on Title I funds as there are numerous factors that affect student performance.

Methods

Data Collection

Student data were obtained using a variety of sources. The Public Education Information Management System (PEIMS) database is the statewide data collection and reporting system operated by the Texas Education Agency (TEA) and includes extensive information on students. Student demographics by ethnicity and Title I status were taken from the October 2012–2013 and 2013–2014 PEIMS snapshot files.

Student performance at Title I schools on STAAR, STAAR EOC, Stanford 10, and Aprenda 3 were extracted from the relevant test databases. The data for STAAR includes students who were tested in English or Spanish on the regular or linguistically-accommodated (STAAR-L) test versions. Although students are allowed to re-take the STAAR as needed, this report only considered the first administration. STAAR EOC results in the 2012–2013 and 2013–2014 data include first-time testers and re-testers.

In the 2013–2014 school year, there were 259 Title I, Part A campuses as compared to 253 Title I, Part A campuses in the 2012–2013 school year. Schools with a change in Title I status from 2012–2013 to 2013–2014 are shown in **Table 1** (page 5). The 259 campuses from 2013–2014 consisted of 11 early childhood centers, 151 elementary schools, 40 middle schools, 40 high schools, and 17 combined grade schools. All were designated as schoolwide campuses.

Table 1: 2013–2014 Title I Status Changes		
Status		Schools
2012–2013	2013–2014	
Non Title I	Title I	Baylor College of Medicine Academy Middle School (New)
		Elmore Elementary School (New)
		Energy Institute High School (New)
		Fonwood Early Childhood Education Center (New)
		Forest Brook Middle School (New)
		Hilliard Elementary School (New)
		Marshall Elementary School (New)
		North Forest High School (New)
		Shadydale Elementary School (New)
		South Early College High School (New)
		Texas Connections Academy
Title I	Non Title I	Harvard Elementary School
Title I	Closed	Empowerment College Preparatory High School
		Pro-Vision School
		Ryan Middle School
		Vision Academy

The 2013–2014 Title I schools had a total enrollment of 197,692 students, an increase of 10,417 students from the 2012–2013 school year. Hispanic students made up the largest demographic group at 64.4 percent (**Figure 1**).

Figure 1: Student Demographics for Title I Schools, 2011–2012 and 2012–2013

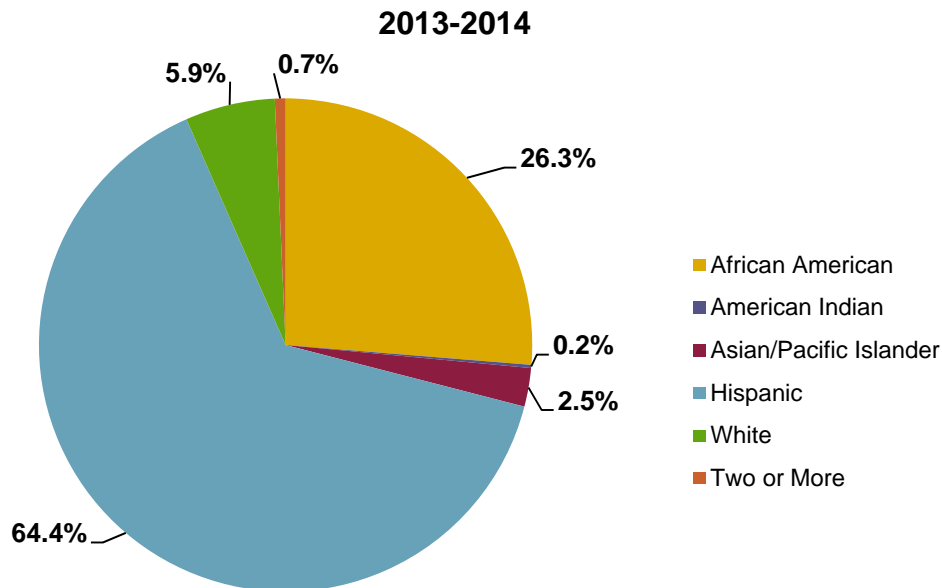

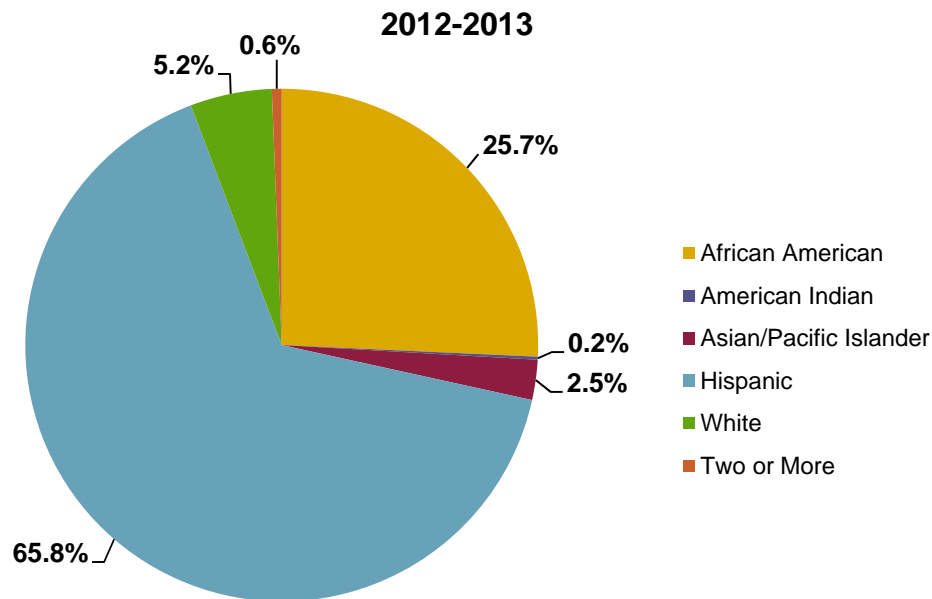

Figure 1 (continued)

Data Limitations

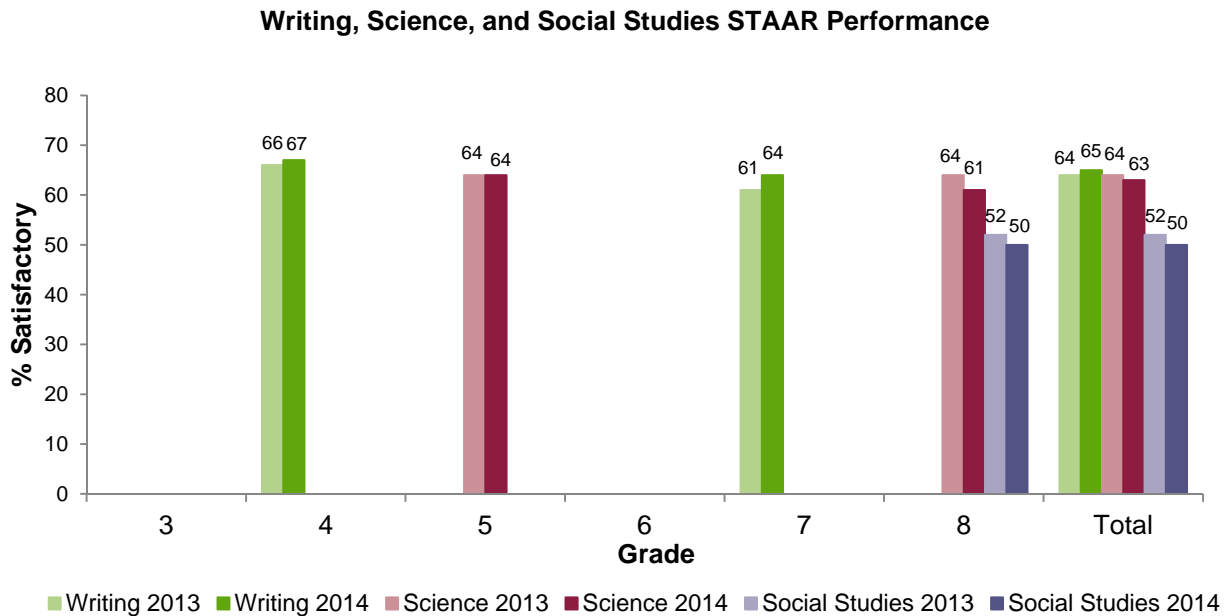

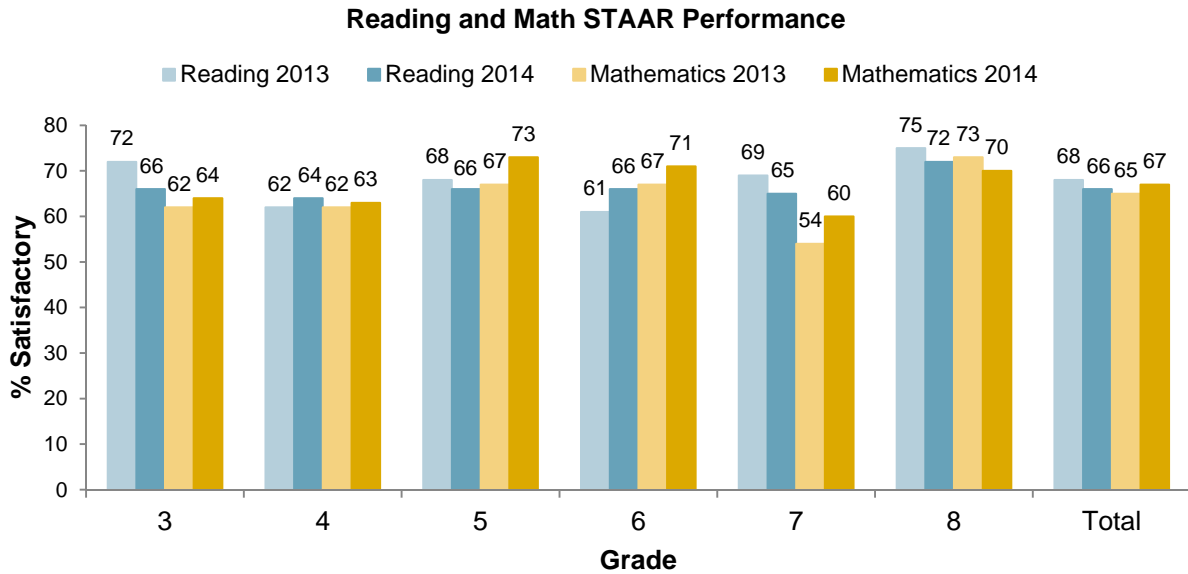

By relying on PEIMS for student enrollment information, it is possible that students served by Title I, Part A who enrolled after the first submission are not counted in the analysis. Where information was not available, notes were inserted as appropriate.

Results

- Overall, for Title I campuses in the district on the STAAR, 66 percent of students in grades 3–8 met the satisfactory standard in reading, 67 percent in math, 65 percent in writing, 63 percent in science, and 50 percent in social studies. From 2012–2013 to 2013–2014, the percent of students meeting the satisfactory standard fell two points in reading and social studies and one point in science. The rate of students meeting the satisfactory standard increased by two points in math and by one point in writing. Social studies performance continues to lag behind student performance in other subject areas (**Figure 2**).
- On the STAAR grades 3–8, among Title I schools, Project Chrysalis Middle School performed the highest on reading (98 percent satisfactory), science (100 percent satisfactory), and social studies (99 percent satisfactory). On the science test, the Mandarin Chinese Language Immersion Magnet School also had 100 percent of students meeting the satisfactory standard. Oak Forest Elementary School and the Baylor College of Medicine Academy at Ryan tied for top performance on math, with 95 percent of students meeting the satisfactory standard. Oak Forest Elementary School also performed the highest on writing, with 98 percent of students meeting the satisfactory standard.
- Among the low performers, Las Americas Middle School scored the lowest on reading (one percent satisfactory), High School Ahead Academy performed the lowest on math (24 percent satisfactory),

Mamie Bastian Elementary School scored the lowest on writing (26 percent satisfactory), Thomas Jefferson Elementary School scored the lowest on science (15 percent satisfactory), and Patrick Henry Middle School scored the lowest on social studies (18 percent satisfactory).

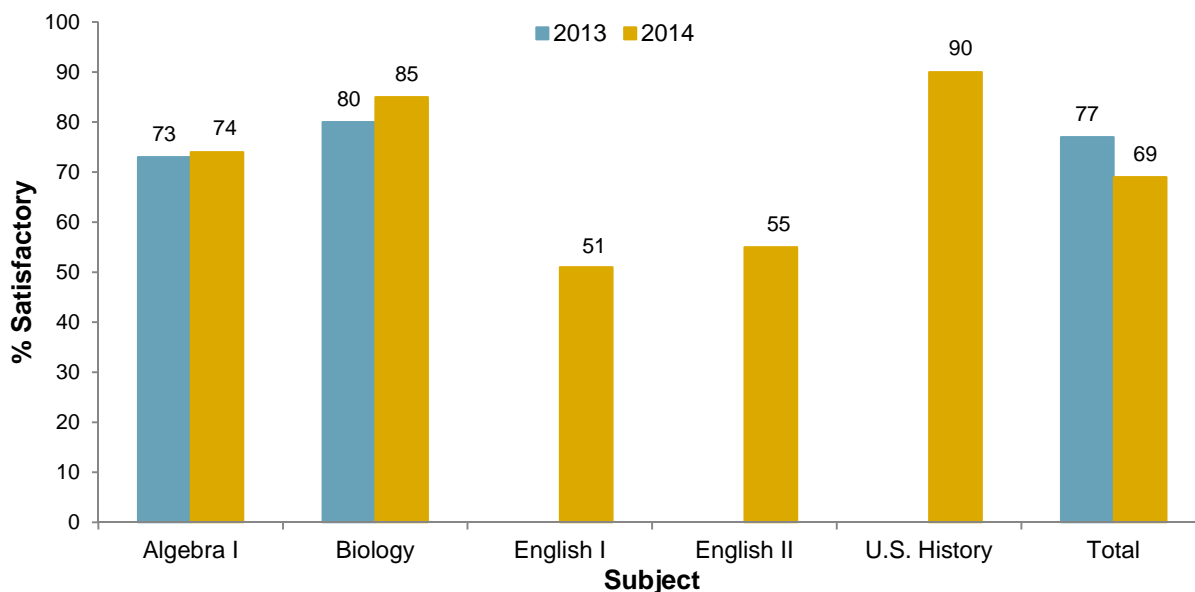

Figure 2: Grades 3–8 STAAR English and Spanish Percent Satisfactory for Title I Schools, 2012–2013 and 2013–2014

Note: STAAR data include students who took the regular or linguistically-accommodated (STAAR-L) test versions.

- A total of 64,667 STAAR End-of-Course (EOC) exams were given to students from Title I campuses in HISD and 69 percent of those students met the satisfactory standard. The percentage of students meeting the satisfactory standard increased in both Algebra I and Biology from 2013 to 2014. English I, English II, and U.S. History exams were not offered in 2013. The exams with the lowest percentages of students meeting the satisfactory standard were English I at 51 percent and English II at 55 percent. Totals from 2012–2013 are only based on Algebra I and Biology performance (**Figure 3**).
- On the STAAR EOC, among Title I schools, Challenge High School, DeBakey High School for Health Professions, East Early College High School, and Young Women’s College Preparatory High School scored consistently at or near 100 percent, across all subjects.

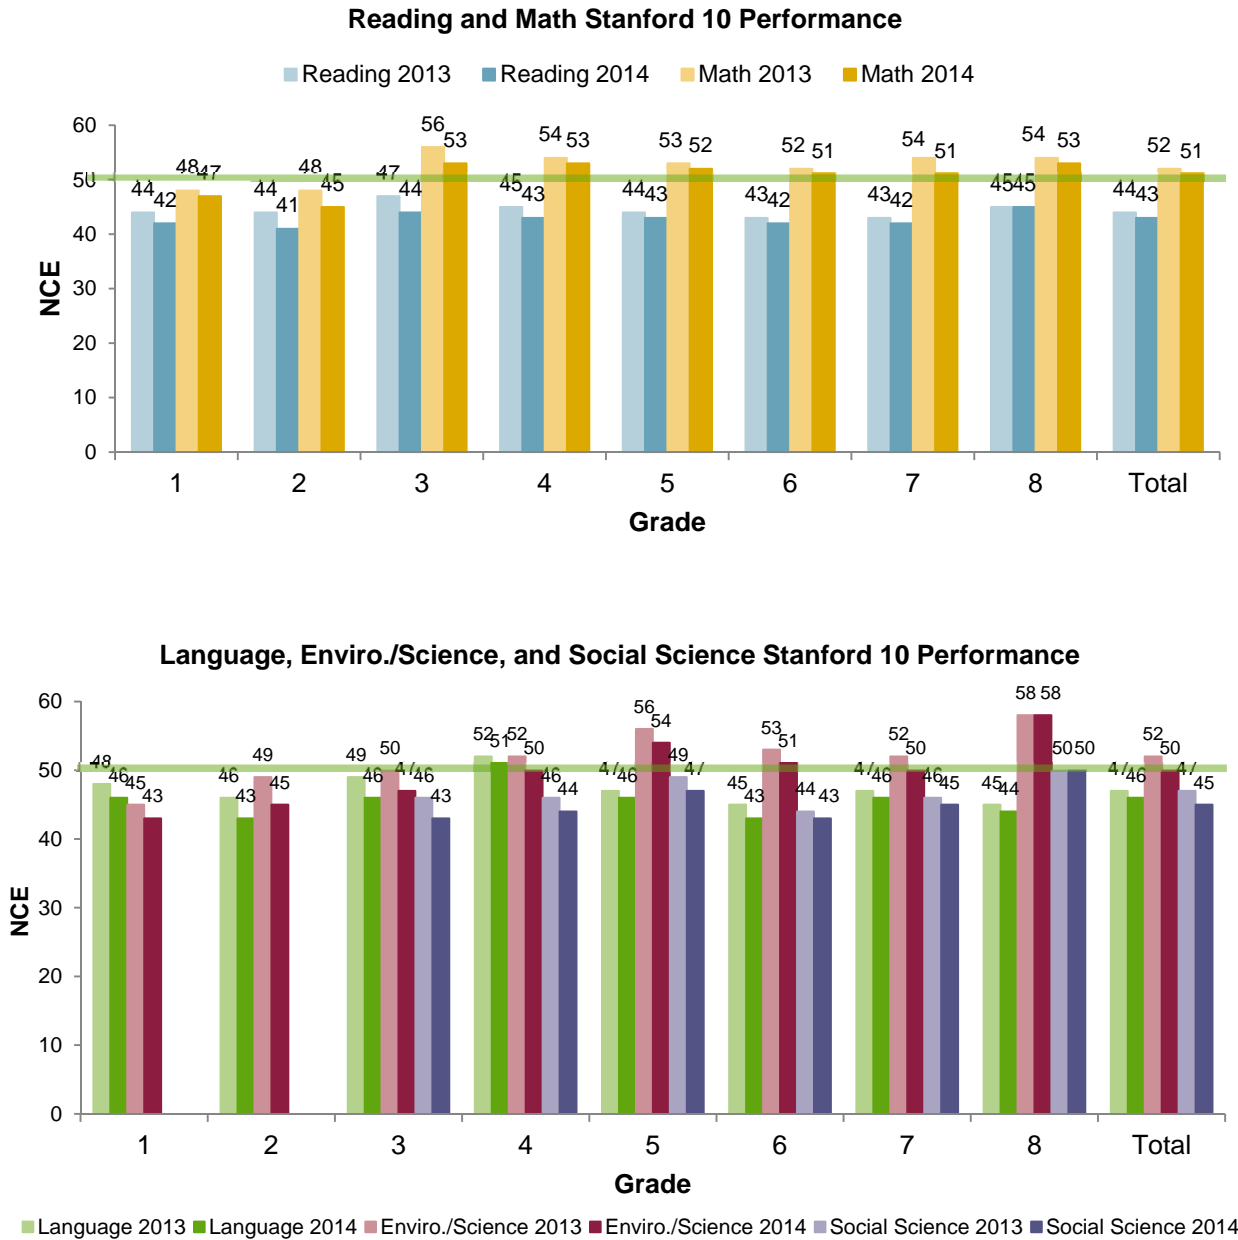

Figure 3: STAAR End of Course Percent Satisfactory for 2013–2014 Title I Schools, 2012–2013 and 2013–2014

Note: 2012–2013 and 2013–2014 data include first-time testers and re-testers.

- On the Stanford 10, total performance remained relatively flat from 2012–2013 to 2013–2014, dropping by one or two NCEs in each subject area. Overall for Title I campuses in the district, reading was at 43 NCEs, math was at 51 NCEs, language was at 46 NCEs, environment/science was at 50 NCEs, and social science was at 45 NCEs (**Figure 5**). The 50 NCE indicates average national performance.
- On the Stanford 10 among Title I schools, Baylor College of Medicine Academy at Ryan, Oak Forest Elementary School, Poe Elementary School, Travis Elementary School, and Briar Meadow Charter School scored consistently near the top across all subject areas. Las Americas and TSU Charter Lab School scored consistently near the bottom with average NCEs of less than 30 across all subject areas.

Figure 5: Grades 1–8 Stanford 10 Non-Special Education NCEs for Title I Schools, 2011–2012 and 2012–2013

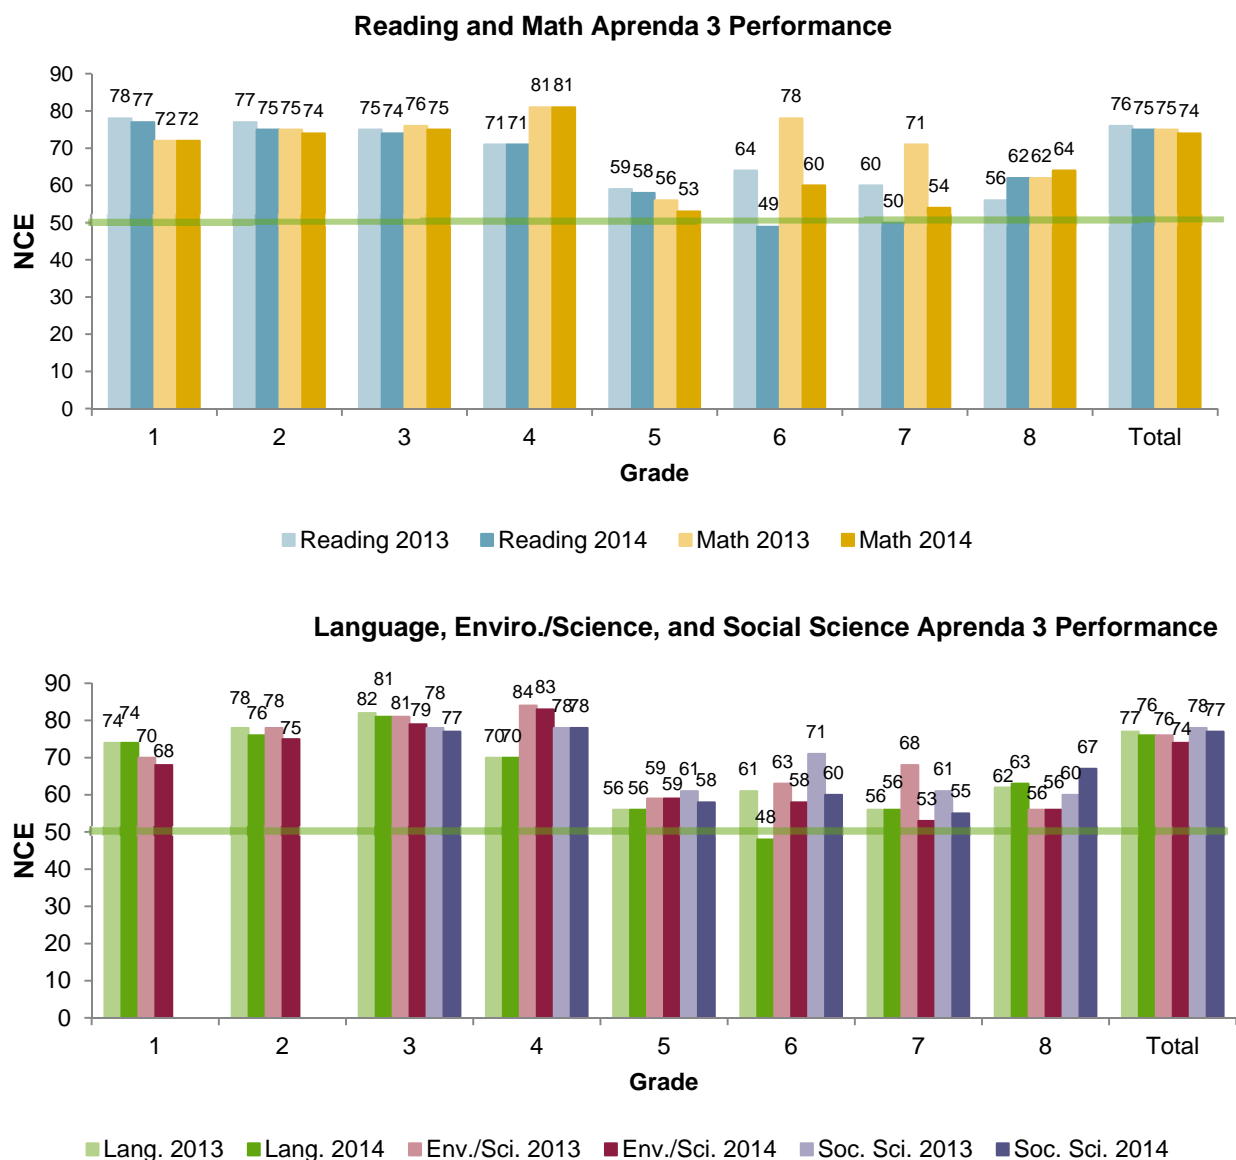

Note: 50 NCEs is equivalent to performing at grade level based on average performance of national norming sample.

- On the Appendix 3, total performance decreased by one to two NCEs from 2012–2013 to 2013–2014 in each subject area. Overall for Title I campuses in the district, reading was at 75 NCEs, math was at 74 NCEs, language was at 76 NCEs, environment/science was at 74 NCEs, and social science was at 77 NCEs (**Figure 6**).

- On the Aprenda 3 among Title I Schools, Mading Elementary School, Frost Elementary School, Osborne Elementary School, Lyons Elementary School, and MacGregor Elementary School performed consistently well, with NCEs in all subject areas greater than 81. All schools scored above 50 NCEs on each subject area overall, with one exception. Robert Browning Elementary School's performance on the social science test was at 46 NCEs.

Figure 6: Grades 1–8 Aprenda 3 Non-Special Education NCEs for Title I Schools, 2012–2013 and 2013–2014

Note: 50 NCEs is equivalent to performing at grade level based on average performance of national norming sample.

- School-level tables with summary results for STAAR grades 3–8, STAAR EOC, Stanford 10, and Aprenda 3 are provided in **Appendices A–D** on pages 13–33.

Discussion

Title I funds, on their own, cannot improve student achievement. The funds need to be applied toward academic interventions and initiatives that are proven to be effective based on empirical data. Therefore, the accountability requirements for schools to report their data and meet set standards are necessary and helpful in ensuring progress for Title I schools. Since the goal of the Title I program is to provide equal academic opportunities for schools serving a high percentage of students living in poverty, this report must be used in conjunction with other reports that detail the interventions being used.

Based on the data in this report, Title I schools should consider applying more resources toward preparing students for the social studies STAAR given in grade 8. Traditionally, social studies had the highest passing rate across the TAKS subtests, but the STAAR social studies had the lowest percentage in both 2012-2013 and 2013-2014 (52 percent and 50 percent, respectively) of Title I students meeting the satisfactory standard compared to the other subject areas (greater than 60 percent). Additionally, performance in reading declined over the past year, overall and in all grades except fourth and fifth. More resources should be directed at improving passing rates in reading for Title I students.

More resources should also be directed toward preparing students for the STAAR End of Course exams in both English I and English II. Compared to other subject areas, the English exams had a lower percentage of Title I students meeting the satisfactory standard (51 and 55 percent, respectively). Performance in other subject areas of the STAAR EOC exams showed improved results, as compared to last year.

On the Stanford 10, all grade levels scored below 50 NCEs on the reading subtest, which means that Title I students are performing below grade level in reading. Students overwhelmingly scored below 50 NCEs on average on the language and social science exams. On the math and environment subtests, students in grades 1–2 scored lower (below 50 NCEs) than students in grades 3–8. More effective interventions in these subject areas and grade levels are needed for Title I students. Performance decreases were seen on the Aprenda 3 across almost all grade levels and subject areas. While Aprenda results, overall, have been higher than Stanford results, efforts and resources should be directed here so that further decreases are not seen.

Two or More	1,159	1,387	228
Total Enrollment	187,275	197,692	10,417

Notes:

The number tested is based on the number of students taking the Reading portion of each test. For grades and subjects with multiple test administrations, the first administration results are used.

An "*" represents categories where the student counts were less than 5. If there are no data reported, then no students were tested.

Notes:

The number tested is based on the number of students taking the Reading portion of each test. For grades and subjects with multiple test administrations, the first administration results are used.

An "*" represents categories where the student counts were less than 5. If there are no data reported, then no students were tested.

Notes:

The number tested is based on the number of students taking the Reading portion of each test. For grades and subjects with multiple test administrations, the first administration results are used.

An "*" represents categories where the student counts were less than 5. If there are no data reported, then no students were tested.

Notes:

The number tested is based on the number of students taking the Reading portion of each test. For grades and subjects with multiple test administrations, the first administration results are used.

An "*" represents categories where the student counts were less than 5. If there are no data reported, then no students were tested.

Notes:

The number tested is based on the number of students taking the Reading portion of each test. For grades and subjects with multiple test administrations, the first administration results are used.

An "*" represents categories where the student counts were less than 5. If there are no data reported, then no students were tested.

Notes:

The number tested is based on the number of students taking the Reading portion of each test. For grades and subjects with multiple test administrations, the first administration results are used.

An "*" represents categories where the student counts were less than 5. If there are no data reported, then no students were tested.

Total Enrollment	527	558	31

Notes:

The number tested is based on the number of students taking the Reading portion of each test. For grades and subjects with multiple test administrations, the first administration results are used.

An "*" represents categories where the student counts were less than 5. If there are no data reported, then no students were tested.
