It is the policy of the Iowa Department of Education not to discriminate on the basis of race, creed, color, sexual orientation, gender identity, national origin, sex, disability, religion, age, political party affiliation, or actual or potential parental, family or marital status in its programs, activities, or employment practices as required by the Iowa Code sections 216.9 and 256.10(2), Titles VI and VII of the Civil Rights Act of 1964 (42 U.S.C. § 2000d and 2000e), the Equal Pay Act of 1973 (29 U.S.C. § 206, et seq.), Title IX (Educational Amendments, 20 U.S.C. §§ 1681 – 1688), Section 504 (Rehabilitation Act of 1973, 29 U.S.C. § 794), and the Americans with Disabilities Act (42 U.S.C. § 12101, et seq.). If you have questions or complaints related to compliance with this policy by the Iowa Department of Education, please contact the legal counsel for the Iowa Department of Education, Grimes State Office Building, 400 E. 14th Street, Des Moines, IA 50319-0146, telephone number: 515-281-5295, or the Director of the Office for Civil Rights, U.S. Department of Education, Citigroup Center, 500 W. Madison Street, Suite 1475, Chicago, IL 60661-4544, telephone number: 312-730-1560, FAX number: 312-730-1576, TDD number: 877-521-2172, email: OCR.Chicago@ed.gov.

## Executive Summary

The Iowa Department of Education collects information on joint enrollment from Iowa's 15 community colleges. Jointly enrolled students are high school students enrolled in community college credit coursework. Most jointly enrolled students enroll through Senior Year Plus programs such as Postsecondary Enrollment Options (PSEO) and concurrent enrollment. Other students enroll independently as tuition-paying students, or enroll in courses delivered through contractual agreements that do not meet the definition of concurrent enrollment. For more information about Senior Year Plus programs, please refer to the Department's website.

This report consists of academic year (AY) and trend data on joint enrollment, including headcount enrollment, credit hours taken, student demographics, and enrollment by program type and offering arrangement. All data included in this report is taken from the Community College Management Information System (MIS) and confirmed by each college, unless otherwise noted.

Some of the highlights of this Academic Year (AY) 2018-19 report include:

- Enrollment decreased slightly from 51,001 students last year to this year 50,587, a 0.8 percent decrease. However, nine (9) community colleges experienced increased enrollments; four (4) colleges experienced an increase in the number of credits taken by high school students.
- Average annual growth over the last five has been 3.5 percent.
- High school students participating in joint enrollment programs accounted for 39.3 percent of total community college enrollment. Approximately 45 percent of the participants were high school seniors and 33 percent were juniors.
- Joint enrollment programs account for 24.8 percent of total credit hours.
- Among high school students, 96.7 percent participated in joint enrollment courses delivered through a contractual agreement between a community college and a school district. PSEO and tuition-paid courses accounted for the remaining 3.3 percent of total joint enrollment.
- More than half (51.8 percent) of participants in joint enrollment programs were female, compared to 55.1 percent for total credit student enrollment.
- Just over 17 percent of participants in joint enrollment programs reported a minority racial or ethnic background compared to 23 percent of total credit student enrollment.
- The most common subject areas in which students jointly enrolled were English, social science and history, mathematics, healthcare, and life and physical sciences.

## Joint Enrollment

Each year, tens of thousands of Iowa high school students enroll in community college credit coursework. The Department of Education refers to these students as “jointly enrolled.”

In Iowa, high school students enroll in community college credit courses in a variety of ways, including through Postsecondary Enrollment Option (PSEO) courses, college courses offered through a contract between a local school district and a community college, and enrollment in a college course independently as a tuition-paying student. While sometimes referred to as “dual credit,” joint enrollment does not necessarily entail credit being issued at both the secondary and postsecondary levels. Some programs, such as PSEO and concurrent enrollment, require that credit be issued at each level, while other joint enrollment opportunities have no such requirement.

Most joint enrollment opportunities fall under the purview of Senior Year Plus. This legislation, passed in 2008, consolidated and standardized several existing programs involving college credit opportunities for high school students including PSEO, concurrent enrollment (which entails supplementary weighting for local school

### JOINT ENROLLMENT HIGHLIGHTS

districts), career and regional academies, Advanced Placement®, and Project Lead the Way®.

Joint enrollment in Iowa community colleges continues to be a popular option for high school students, with a total of 50,587 unduplicated students enrolling in academic year (AY) 2018-19, which represents a 0.8 percent decrease (414 students) from the previous year. In this year, jointly enrolled students accounted for 39.3 percent of total enrollment. Headcount enrollment increased at just nine community colleges (Table 1), while the number of credits taken by high school students increased at eleven colleges (Table 2).

#### JOINT ENROLLMENT

Joint enrollment is defined as a high school student enrolled in one or more community college courses. The Community College Management Information System (MIS) captures joint enrollment in three categories: PSEO, contracted courses, and tuition-paying.

#### POSTSECONDARY ENROLLMENT OPTIONS (PSEO)

The Postsecondary Enrollment Options Act was enacted in 1987 to promote rigorous academic pursuits by providing high school students enrollment access to part-time in nonsectarian courses at eligible postsecondary institutions. Now offered through Senior Year Plus, the program is available to eligible juniors and seniors, as well as freshmen and sophomores who are identified as gifted and talented, according to the school district's criteria and procedures.

#### CONCURRENT ENROLLMENT

The concurrent enrollment program, also known as district-to-community college sharing, promotes rigorous academic and career and technical pursuits by providing opportunities for high school students to enroll part-time in eligible nonsectarian courses at or through community colleges. Courses which meet all eligibility criterion generate supplementary weighting.

TABLE 1. JOINT ENROLLMENT (HEADCOUNT) BY COLLEGE: 2015-2019

College	2015	2016	2017	2018	2019	% Change, 2015-19	Average Change 5 years, %

Southeastern	10,572.7	11,050.5	10,586.5	10,450.0	9,544.0	-9.7%	-2.4%
<b>TOTAL/AVERAGE</b>	<b>350,996.5</b>	<b>350,996.5</b>	<b>408,322.5</b>	<b>423,543.5</b>	<b>425,537.5</b>	<b>20.3%</b>	<b>4.7%</b>

Because high school students generally enroll part-time at community colleges, they account for a higher percentage of enrollment at each college (Figure 1) than credit hours (Figure 2). Statewide, in AY 2018-19, joint enrollment accounted for 24.8 percent of total credit hours (Table 3). Also, the rate at which high school students enroll in college coursework varies by local school districts and community college regions (see map insert).

The number of credit hours taken by each jointly enrolled student increased slightly from the previous year, with each student enrolling in an average of 8.4 credit hours, compared to 8.3 credit hours in AY 2018 (Figure 3). Interestingly, the number of credit hours taken per student has only increased 0.4 credit hour since AY 2015.

FIGURE 3. CREDIT HOURS PER JOINTLY ENROLLED STUDENT BY COLLEGE: 2019

## Joint Enrollment Offering Arrangements

Contracted courses had the largest enrollment of the three types of joint enrollment arrangements, accounting for 96.7 percent of jointly enrolled students in AY 2019 (Figure 4). Enrollment in contracted courses declined nine percent from the previous year to 49,623 students. Enrollments through PSEO also decreased to total enrollment of 470 students from the previous year total of 509 students. Enrollment of tuition-paying students decreased 27 percent from the previous year to a total of 1,210 students (Table 4), previously 1,653 students.

## Joint Enrollment Student Demographics

In AY 2019, the profile of a jointly enrolled student was a Caucasian, high school senior. Additionally, 52 percent of joint enrollees were female compared with 55 percent of the overall community college student body (Figure 5), and 15.6 percent of joint enrollees reported having a minority racial or ethnic background. Within those reporting minority status, Hispanics were the largest group at 47.5 percent of the minority students, followed by Black and Asian/Pacific Islander at 18.6 percent and 18.0 percent, respectively (Figure 6). In comparison, within that same year, 23.1 percent of all community college credit students

reported having a minority racial or ethnic background, with 36.6 percent Hispanic and 33 percent Black.

As expected, jointly enrolled students are younger than the overall community college student body. In AY 2019, 15.3 percent of jointly enrolled students were 15 years old or younger; 24.6 percent were 16; 39.2 percent were 17, and 20.9 percent were 18 or older. Also, not surprisingly, jointly enrolled students were almost exclusively residents of Iowa. In AY 2019, 99.4 percent of these students were Iowa residents.

FIGURE 5. JOINTLY ENROLLED STUDENT GENDER BY COLLEGE: 2019

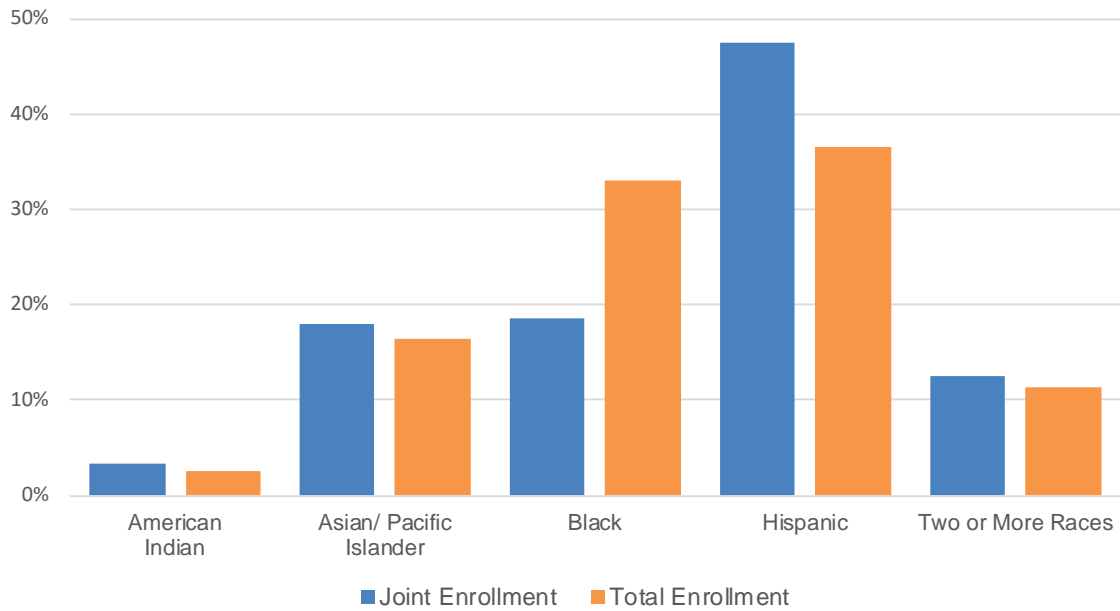

FIGURE 6. JOINTLY ENROLLED STUDENT RACIAL AND ETHNIC BACKGROUND: 2019

## Grade Level of Joint Enrollment Students

Data on grade level is derived through a match between the state’s K-12 data repository and the Community College Management Information System (MIS). Figure 7 displays the distribution of high school students enrolled in Iowa community colleges during AY 2019. Jointly enrolled students tend to be high school juniors and seniors, with 78.3 percent being in their last two years of high school.

Approximately 15 percent of jointly enrolled students were in grade 10 and seven percent were in grade 9. In total, 31.1 percent of public school students in grades 9 through 12 enrolled in community college credit courses, including more than half (56.8 percent) of all high school seniors.

FIGURE 7. JOINT ENROLLMENT PARTICIPATION BY HIGH SCHOOL CLASS: 2019

## Concurrent Enrollment and PSEO by Subject Area

Unlike other sections of this report that utilize Community College MIS data, this section is based on Student Reporting in Iowa data submitted by Iowa public school districts. The department analyzed data on the instances of concurrent enrollment and PSEO courses taken by subject area (Table 5). Courses taken by tuition-paying students enrolling independent of the district were not included.

Of instances of PSEO courses taken, 37.1 percent were in the subject area of social sciences and history. Fine and performing arts courses accounted for an additional 10.9 percent of courses taken. Of concurrent enrollment

courses taken, the subject area with the greatest instances of courses taken was English language and literature (22.6 percent), followed by social sciences and history (17.4 percent), healthcare sciences (7.8 percent), and mathematics (7.8 percent).

Table 6 presents the instances of community college career and technical education (CTE) and arts and sciences courses taken by Iowa high school students through contractual agreements in AY 2019. Of courses taken in AY 2019, 35.6 percent were classified as CTE, 64.4 percent arts and science.

TABLE 5. CONCURRENT ENROLLMENT AND PSEO COURSES TAKEN BY SUBJECT AREA: 2019

Subject	PSEO		Concurrent Enrollment	
	Instances of Courses Taken	% of Total	Instances of Courses Taken	% of Total

## Revenue from Concurrent Enrollment and PSEO

Concurrent enrollment offerings are one of several sharing opportunities incentivized by state policy. School districts may be eligible for additional funding in the form of a supplemental weighting in the school foundation funding formula for students participating in certain programs, including concurrent enrollment. In this case, the supplementary weighting provides districts with funding to pay community colleges for delivery of concurrent enrollment courses.

In AY 2019, community colleges generated more than \$33 million in revenue from concurrent enrollment courses. In total, 367 high schools (duplicated) enrolled 49,623 students (unduplicated) in concurrent enrollment courses (Table 7).

Students also have the opportunity to enroll in college courses through PSEO, provided the school district does not offer a comparable course (including concurrent enrollment offerings). The school district pays the eligible postsecondary institution the cost of the course or \$250, whichever is lower.

In AY 2019, community colleges generated about \$67,855 in revenue from PSEO enrollment. Over the past year, seven high schools (duplicated) sent just over 100 students (unduplicated) to a community college for postsecondary coursework through PSEO (Table 8). As noted earlier, there was a significant decline in the number of students enrolling in community college coursework through PSEO due to statutory changes.

## Northeast Iowa Community College (NICC)

During AY 2019, joint enrollment at Northeast Iowa Community College (NICC) totaled 2,971 unduplicated students - an increase of 0.3 percent from the previous year. Jointly enrolled students accounted for 50.0 percent of total enrollment. Of jointly enrolled students, none were enrolled through PSEO, 97.3 percent through contracted courses, and 2.7 percent were taking courses independently as tuition-paying students.

## **COMMUNITY COLLEGES & WORKFORCE PREPARATION**

*PROSPERITY THROUGH EDUCATION*

[www.educateiowa.gov/ccpublications](http://www.educateiowa.gov/ccpublications)

The Division of Community Colleges and Workforce Preparation within the Iowa Department of Education administers a variety of diverse programs that enhance Iowa's educational system and help to prepare a skilled and knowledgeable workforce. Divided between two bureaus — the Bureau of Community Colleges and the Bureau of Career and Technical Education — the Division is committed to providing and supporting opportunities for lifelong learning. In addition to working with Iowa's 15 public community colleges on state accreditation, program approval, equity review, and data reporting, guidance is also provided in the areas of career and technical education, workforce training and economic development, adult education and literacy, military education, the state mandated OWI education program, the GAP Tuition and PACE programs, Senior Year Plus, the National Crosswalk Service Center, and the Statewide Intermediary Network program.
