SUBJECT: Addendum to the Illinois State Board of Education Biennial Charter School Report

The Addendum to the Illinois State Board of Education Biennial Charter School Report is submitted in compliance with Section 27A-12 of the Illinois Charter Schools Law (105 ILCS 5/27A-12).

The COVID-19 pandemic interrupted the normal administration and reporting of statewide student performance data for the 2020-21 school year. Only partial data was available at the time of this report’s initial release in January 2022. This Addendum reprints the charts included in Section 5 of the original report updated with complete academic data for the 2020-21 school year.

This Addendum is transmitted on behalf of the State Superintendent of Education. For additional copies of this report or for more specific information, please contact Amanda Elliott, Executive Director, Legislative Affairs at (217) 782-6510 or aelliott@isbe.net.

Addendum to the Illinois Charter School Biennial Report

2019-20
2020-21

Dr. Carmen I. Ayala
State Superintendent of Education

August 2022

Illinois
State Board of
Education

In compliance with Section 27A-12 of the Charter Schools Law [105 ILCS 5/27A-12], ISBE monitors charter schools and their authorizers on an ongoing basis and compiles information and data on the charter school sector into a single report every two years.

The *Illinois Charter School Biennial Report* for the 2019-20 and 2020-21 school years was originally published in January 2022 but was incomplete. The COVID-19 pandemic interrupted the normal administration and reporting of statewide student performance data during this time period. More specifically, ISBE received a statewide waiver of all federally required assessments, summative designations, and reporting on accountability metrics on the Illinois Report Card for the 2019-20 school year and allowed districts to select between two assessment windows (spring or fall 2021) for the 2020-21 school year. Accordingly, only partial data was available for the 2020-21 school year at the time of this report's initial release.

ISBE republished school year 2020-21 data that included districts that selected the fall 2021 testing window on July 21, 2022. This Addendum reprints the charts included in Section 5 of the original report updated with complete academic data for the 2020-21 school year.
