EXECUTIVE SUMMARY

The *Annual Partnership Report* catalogs partnerships that Wyoming community colleges establish and maintain for each fiscal year. This partnership report fulfills statutory reporting requirement W.S. 21-18202(e)(iv), which mandates the development of annual reports to the Legislature on the outcomes of partnerships between colleges and the University of Wyoming and other entities. Each community college partner maintains numerous partnerships for the development and provision of academic, occupational-technical, workforce development, and enrichment educational programs. These partnerships are essential for colleges to meet the higher educational needs of Wyoming’s citizens and communities.

Eight public Wyoming community colleges provided information for ten of their major partnerships during academic year 2021-2022. These partnerships were divided into three partnering categories as follows:

Educational

- P-12 Education
- University of Wyoming
- Other Higher Education

Community Participation

- Community Organizations
- Cultural
- Human Services
- Non-Profit Organizations
- Professional Organizations

Regional Development

- Business and Industry
- Economic Development
- Workforce Training
- Government – Local, State, Federal

CASPER COLLEGE - Ten MAJOR PARTNERSHIPS

| <u>Name and/or focus of partnership</u> | <u>Year the partnership started</u> | <u>Partnering Category</u> |
|--|--|---|
| Casper College Foundation | 1987 | Community Participation /Educational |

Nature of collaborative activities/efforts and outcomes

The Casper College Foundation supports the college through philanthropic contributions. Foundation contributions may come from individuals, groups, businesses, endowments, and foundations. Since the Foundation was developed it has provided over \$ 88 million in scholarship and program support to the college. Foundation funds provide support to students and the college in meeting the goal of providing education for a lifetime.

| <u>Name and/or focus of partnership</u> | <u>Year the partnership started</u> | <u>Partnering Category</u> |
|--|-------------------------------------|----------------------------|
| Post-Associate Degree Programs in Casper (UW at Casper) | 1976 | Educational |

Nature of collaborative activities/efforts and outcomes

Casper College and the University of Wyoming enjoy a unique partnership that meets the needs of students unable to move to Laramie. Using both institutions' resources, students earn a variety of Bachelor's and Master's degrees. Approximately 220 students in Casper enroll in courses through UW-Casper each semester. More than 3,400 students have received their UW degrees from UW-C since it was founded.

Name of organizations associated with each partnership University of Wyoming at Casper

| <u>Name and/or focus of partnership</u> | <u>Year the partnership started</u> | <u>Partnering Category</u> |
|--|-------------------------------------|----------------------------|
| Central Wyoming Board of Cooperative Educational Services | 1990 | Educational |

Nature of collaborative activities/efforts and outcomes

NCSD #1 and Casper College combine efforts to meet community educational needs by training adult learners in programs leading to undergraduate and graduate degrees earned in Casper, by offering current high school students cooperative, articulated programs in technical and academic areas for college credit, and by serving as a catalyst for providing innovative programs benefiting both educational institutions.

2022 Annual Partnership Report

University Partnerships provide access to post-associate degree programs for students in Wyoming. Many of these degree programs are delivered via distance education. The distance delivery is an important component, since many of our students are place-bound. In some cases, the partner institutions choose to use adjunct faculty and offer their programs on our campus in a traditional classroom setting.

Help Yourself Academy

Educational

Nature of collaborative activities/efforts and outcomes

The Help Yourself Academy (HYA) is designed to increase the probability underserved students will attend college. This program involved an after-school academy for elementary students conducted on the Casper College campus. HYA provides on campus learning experiences for at-risk elementary school students from Natrona County School District in grades Three, Four, and Five. The vast majority of elementary students in HYA have not had family members attend college. This after-school program pair’s elementary students with college student mentors to complete math and science enrichment programming and to provide them an experience at the college to increase their knowledge of the college.

College & Career Readiness Center
(ABE/HSQ Certification)

1968

Education

Nature of collaborative activities/efforts and outcomes

Central Wyoming College partners with the College & Career Readiness Center (formerly ABE/HSEC/ESL) office to provide adult students, who do not already have a high school diploma, the opportunity to obtain and High School Equivalency Certificate. The program also assists adults who want to improve their academic and job skills. Help Center at Common Ground and Hot Springs County Youth Alternatives are two agencies that provide a variety of social services to citizens of Hot Springs County. They have joined with CWC’s College and Career Readiness to provide instruction and tutoring to adults and youth seeking to earn their High School Equivalency diploma. Help Center at Common Ground provides services to adults, Hot Springs County Youth Alternatives provides services to youth under 18 years of age. Northern Arapaho 477 Biixoo3etiit program is an association of Social Service programs serving tribal members. A requirement of the programs is for recipients to earn a High School diploma or Equivalency program. This agreement combines the efforts of these programs and CWC CCR to provide assistance in earning a High School Equivalency to referred program participants. Participants referred to earn and Equivalency have the choice of receiving educational services through the Training and Learning Center at 477 or attending the CCR program at CWC.

Nature of collaborative activities/efforts and outcomes

Gillette Community College District partners with the University of Wyoming in many ways. As a sub-recipient the Department of Energy CORE-CM grant, Gillette Community College District works closely with the School of Energy Resources to assist in the partnership required to further to research of carbon capture and rare earth minerals. In addition, Gillette Community College District's Area 59 collaborates with the University of Wyoming to expand access and programs to community members of all ages. Nursing students can easily pursue their bachelor's degree while completing their degree at Gillette College. Faculty are actively engaged in articulation summits and transfer fairs to ensure students can seamlessly transfer from Gillette College to the University of Wyoming.

nursing program by funding 1.5 individuals who serve as nursing faculty/administration. Campbell County Health and Gillette College partnered with the City of Gillette and Campbell County Commissioners in 2008 to build a health sciences education facility on the Gillette campus. Campbell County Health provided additional funding at that time to enlarge the building to house educational services for their organization. By working together, the city, the commissioners, the college and the hospital were able to provide additional educational capacity and meet the needs of the community. Similarly, in 2016, Campbell County Health assisted with funding for equipment in the new simulation center which will be used collaboratively with the college health science programs.

| Campbell County School District | 2021 | Educational |

Nature of collaborative activities/efforts and outcomes

This partnership is central to our community presence. Through the partnership with CCSD, Gillette College students may pursue concurrent and dual enrollment classes. In addition, GCCD and CCSD have partnerships to ensure the community has access to facilities to engage in multiple types of activities. The Pronghorn Advantage Program, a scholarship offered in partnership with BOCHES to Campbell County School District students, pays for dual enrollment classes for high school students throughout the district. In addition, Gillette College partners with CCSD to administer the Verizon Innovation Grant STEM Camp that serves over 100 late elementary students. CCSD provides transportation services and collaborates with GCCD on teachers and advisors for the program. This camp provides a pathway to many of the programs offered at GCCD.

| Northern Wyoming Community College District | 1969 | Educational |

Nature of collaborative activities/efforts and outcomes

The Northern Wyoming Community College District began offering credit bearing classes in Gillette as early as 1969. Since that time, the Gillette location has grown into a fully comprehensive community college. In 2021, the voters in Campbell County successfully passed a ballot measure to create the eighth community college district in the State of Wyoming. Gillette College is now known as the Gillette Community College District. Until GCCD reaches full accreditation, NWCCD and GCCD will partner to continue offering credit bearing programs and classes. This partnership focuses on preparing students with the necessary skills needed to join the workforce or transfer to a post-secondary four-year institution. During the time of this transition, GCCD and NWCCD are working under a shared memorandum of understanding and exhibits that outline the specific partnerships and practices necessary to develop a fully independent community college district.

2022 Annual Partnership Report

Sheridan College partners with the Tongue River Valley Community Center to provide college-level classes in Dayton and Ranchester, through the utilization of TRVCC’s community centers. This helps Sheridan College to better serve those in its service area by increasing visibility and helping to reduce barriers to face-face education. TRVCC partners are instrumental in helping to promote and grow such opportunities.

| Sheridan Economic and Educational Development Authority (SEEDA) | 2008 | Regional Development |

Nature of collaborative activities/efforts and outcomes

Sheridan College and the City of Sheridan are both represented on this joint powers board which allows for collaboratively addressing educational and infrastructure issues related to economic development. Using staff resources from the college and the City, the joint powers board has used state grant funds to build an early education center (which transitioned to private ownership), develop a business park designed for business recruitment and expansion of high-tech and manufacturing companies, and accepted ownership of the infrastructure and empty lots in an existing commercial park that can be used for business expansion. The Sheridan High-Tech Park is home to three businesses, Kennon Products, Vacutech, and Weatherby, that offer manufacturing employment and internship opportunities to Sheridan College CTE students.

In addition to capital projects, SEEDA has also commissioned planning initiatives such as a CTE Study and a Creative Economy Study. These helped to recommend steps to align K-12 and college educational programs to targeted industries’ occupational needs and identify projects that will increase investment

| Local Chambers of Commerce | 1957 | Community Participation |

Nature of collaborative activities/efforts and outcomes

Sheridan College is a member in good standing with the Sheridan and Johnson County Chambers of Commerce. These organizations provide consistent opportunities for employees of our District to connect with area business leaders. The Sheridan County Chamber of Commerce partners with Sheridan College to host an annual IGNITE your business conference on the SC main campus. Each of the Chambers partner with Sheridan College on activities such as career fairs.

Nature of collaborative activities/efforts and outcomes

These three partners are central to our presence in Johnson County. The BOCHES levied by the school board, along with additional contributions from both the city and county, make up the majority of our operating budget that allows us to serve the citizens of the area. Our classrooms and offices are located in the Bomber Mountain Community Center, an entity owned by a joint powers board, JoCo First. Each of these organizations has at least one representative on the Sheridan College in Johnson County Advisory Board.

| Business & Industry Development | Ongoing | Regional |

Nature of collaborative activities/efforts and outcomes

We have numerous partnerships with businesses and industry in Southwestern Wyoming. Too many to list them all. We’ve only listed “key” partners below. Many of these partners send employees to our Technology & Industry and/or Workforce Development courses for training or to improve their job skills. Many of these serve on Advisory Councils for academic/technical areas, and still others provide student internship and co-op opportunities.

Western is an education sector partner for Southwest Wyoming Manufacturing Partnership, an organization working to improve workforce development across Southwest Wyoming by bringing together public and private sector leaders to support growing industries, build business, and connect people with better jobs.

Name of Organizations associated with this partnership:

Key partners include; Tata Chemicals Limited, Sisecam Corporation, Solvay, PacifiCorp Jim Bridger Power Plant, Black Butte Coal, City of Rock Springs, City of Green River, Genesis Alkali, Vaughn’s Plumbing and Heating, Wyoming Machinery, Greene’s Energy Services Rocky Mountain Power, Union Wireless, Simplot, Wyoming REA, Memorial Hospital of Sweetwater County, Exxon Mobil, Wyoming Rural Electrical Association, Black Hill Energy, and Rocky Mountain Gas Association. They send students to our programs, use our facilities for meetings and specialized training, and provide equipment, scholarships, and other resources to support our students and programs.

| Community Participation | Ongoing | Comm. Participation |

Nature of collaborative activities/effort and outcomes

Employee groups engage in fundraising annually for the United Way of Southwest Wyoming; examples include donations through payroll deduction as well as through donations to the Sweetwater County Community Diaper Bank, a service provided by United Way.

Western’s Exercise Science students host an annual Wellness Challenge that is open to the community. The Wellness Challenge is a ten-week fitness program designed to help community members progress toward their fitness and wellness goals. The students in the Exercise Science Program have partnered with Memorial Hospital of Sweetwater County, the Wyoming Department of Health, and Wyoming Cancer Resource Services, who help sponsor the event.

Western hosts an annual event developed in honor of a former faculty member called the Run with Sandy 5K. The walk/run is open to the public and raises funds through registration donations to benefit the Sweetwater Regional Cancer Center/Huntsman Cancer Institute to fund cancer research and is held in partnership with Wyoming Cancer Resource Services, Wyoming Department of Health, and Memorial Hospital of Sweetwater County.

Western teams up with Downtown Rock Springs and local businesses to host an annual Chili Cook-Off event. This event is free to the community and is centered around Western’s homecoming to promote more community participation at our sporting events. In partnering with Downtown Rock Springs, this event has helped the local businesses in their shoulder season.

Western partners with the Rock Springs Chamber of Commerce; a Western employee typically serves on the Chamber Board of Directors and employees can volunteer to serve on subcommittees with the Chamber of Commerce. An annual City-Wide Clean Up day sponsored by the Chamber also provides employees an opportunity to volunteer as a team to help clean up trash and debris to beautify our community.
