OVERVIEW

Charter school authorizing is a powerful strategy for making excellent public schools and educational opportunities available to all students and communities, especially those who are historically under-resourced. Done well, authorizing increases student achievement by expanding the supply of quality public schools.

Charter authorizing is complex work, requiring the constant balancing of diverse and often competing interests. It is a public responsibility for authorizing institutions, as well as a highly developed profession for the individuals charged with this stewardship role.

Quality authorizing requires specialized knowledge, skills, commitment, and adherence to essential professional standards in order to effectively deliver quality educational opportunities for students and communities, and achieve the purposes of state charter laws.

In 2004, the **National Association of Charter School Authorizers (NACSA)** published the first *Principles & Standards for Quality Charter School Authorizing*.

In that and subsequent editions, NACSA has widely promoted this essential guidance to authorizing organizations and their leaders, as well as to policymakers who seek to support quality authorizing.

Because authorizing is a continually developing profession, these professional standards must likewise evolve in response to the growth and complexity of the ever-growing charter school sector. *Principles & Standards for Quality Charter School Authorizing* derives from NACSA's vast experience, research, and work

with authorizers across the nation. Accordingly, NACSA revisits and updates them regularly to address current challenges and reflect the latest lessons drawn from practice, research, and analysis.

WHO SHOULD USE THIS RESOURCE

Principles & Standards is designed primarily for authorizing institutions. It provides practical guidance to help authorizer staff and authorizer board members carry out their work as a standards-based profession, rather than simply a list of tasks. For policymakers, this publication highlights the complexity and challenges of quality authorizing—and the need for state policy to address and invest adequately in authorizing to achieve a quality charter school sector.

PURPOSES OF THESE PRINCIPLES & STANDARDS

Principles & Standards is intended to serve, above all, as a guide to formative development for authorizers at all stages and levels of experience. For new or less-experienced authorizers, it offers an essential road map for planning and organizational development of strong practices, including the identification of areas where deeper guidance or additional assistance is needed. For experienced authorizers, this publication is a resource for identifying areas for improvement or refinement to achieve ever-stronger outcomes, as demonstrated by the quality of the schools they authorize.

In addition to promoting academic success, these *Principles & Standards* promote additional goals that are also the responsibility of authorizers. These goals include safeguarding:

- 1 The rights of all students to enjoy equitable access to the schools of their choice, to receive appropriate services, and to be treated fairly;
- 2 The public interest in ensuring that publicly funded programs are accountable, transparent, well governed, efficient, and effectively administered; and
- 3 The autonomy of charter school operators, giving them the freedom to control core functions, which lies at the heart of the charter school concept.

The pursuit of these multiple, sometimes-competing goals requires an authorizer's professional judgment and thoughtful balancing.

NACSA uses these *Principles & Standards* to guide its professional development for authorizers, authorizer evaluations, and research and policy agendas. These professional standards should anchor state policies concerning authorizing, including adequate investment in authorizing as well as evaluations of authorizer quality.

CHARTER AUTHORIZING IS COMPLEX WORK, REQUIRING THE CONSTANT BALANCING OF DIVERSE AND OFTEN COMPETING INTERESTS.

NACSA has a wide range of practical resources that offer more guidance and support in fulfilling these *Principles & Standards*. Most are available at www.qualitycharters.org. In addition, NACSA stands ready to provide further assistance to authorizers upon request. NACSA's *Principles & Standards for Quality Charter School Authorizing* provides authorizers clear guidance to develop, strengthen, and refine their practices in pursuit of educational excellence for all students.

HOW THESE PRINCIPLES & STANDARDS WERE DEVELOPED

NACSA's *Principles & Standards for Quality Charter School Authorizing* is based on an enormous body of work, research, and input over many years from authorizers and other experts in the field. In addition to NACSA's own considerable board, staff, and organizational experience, these *Principles & Standards* are grounded in broad and deep experience collected over the years through:

- Multiple national advisory panels and focus groups bringing together experienced authorizers of all types with researchers and other experts and leaders in the charter movement;
- Broad input from NACSA members and other education leaders;
- NACSA's research practice, including in-depth authorizer evaluations, extensive interviews, document and policy analysis, and examination of reported practices and outcomes; and
- NACSA's learning and development work with new and experienced authorizers.

These inclusive processes have produced a rich base of knowledge built on deep experience, study, deliberation, and refinement that reflects collective insights on best practices among authorizers of all types and portfolio sizes across the country.

THE STRUCTURE AND CONTENT OF THIS PUBLICATION

These *Principles & Standards* begin with three clearly stated Core Principles, followed by more detailed Standards and accompanying practical guidance that authorizers often seek.

- The Core Principles are broad, bedrock values that authorizers should uphold consistently throughout their pursuit and implementation of the Standards.
- The Standards are presented in five sections, each of which is introduced by a brief statement that summarizes the scope of the Standards that follow.
- Most of the Standards are “essential standards,” meaning that authorizers at every stage of development should place priority on following them.

A small number of “advanced standards” are also fully recommended for all authorizers; but given the need to prioritize, these may be more practical for authorizers who are already implementing the essential standards.

Additional resources are available on NACSA's website: www.qualitycharters.org.

PRINCIPLES FOR QUALITY CHARTER SCHOOL AUTHORIZING

A quality authorizer engages in responsible oversight of charter schools by ensuring that schools have both the autonomy to which they are entitled and the public accountability for which they are responsible. The following three responsibilities lie at the heart of the authorizing endeavor, and authorizers should be guided by and fulfill these Core Principles in all aspects of their work:

1. MAINTAIN HIGH STANDARDS FOR SCHOOLS

A Quality Authorizer...

- Sets high standards for approving charter applicants.
- Maintains high standards for the schools it authorizes.
- Effectively cultivates quality charter schools that meet identified educational and community aspirations.
- Monitors charter schools that, over time, meet the performance standards and targets on a range of measures and metrics set forth in their charter contracts. ([See Special Topic 3](#))
- Closes schools that fail to meet standards and targets set forth in law and by contract.

2. UPHOLD SCHOOL AUTONOMY

A Quality Authorizer...

- Assumes responsibility not for the success or failure of individual schools, but for holding schools accountable for their performance.
- Minimizes administrative and compliance burdens on schools.

- Honors, preserves, and, where appropriate, promotes creative use of core autonomies crucial to school success including:
 - *Governing board independence from the authorizer;*
 - *Personnel;*
 - *School vision and culture;*
 - *Instructional programming, design, and use of time; and*
 - *Budgeting.*
- Only collects from schools the information they are not able to reliably get from other sources.
- Focuses on holding schools accountable for outcomes rather than processes and inputs.

3. PROTECT STUDENT & PUBLIC INTERESTS

A Quality Authorizer...

- Makes the well-being and interests of students the fundamental value informing all the authorizer's actions and decisions.
- Holds schools accountable for fulfilling fundamental public education obligations to all students, which includes providing:
 - *Non-selective, nondiscriminatory access to all eligible students;*
 - *Fair treatment in admissions and disciplinary actions for all students; and*
 - *Appropriate services for all students, including those with disabilities and English learners, in accordance with applicable law.*
- Holds schools accountable for fulfilling fundamental obligations to the public, which includes providing:
 - *Sound governance, management, and stewardship of public funds; and*
 - *Public information and operational transparency in accordance with law.*
- Ensures in its own work:
 - *Ethical conduct;*
 - *Focus on the mission of chartering high-quality schools;*
 - *Clarity, consistency, and public transparency in authorizing policies, practices, and decisions;*
 - *Effective and efficient public stewardship; and*
 - *Compliance with applicable laws and regulations.*
- Supports parents and students in being well-informed about the quality of education provided by charter schools.

The Principles for Quality Charter School Authorizing constitute the foundation for the following Standards for Quality Charter School Authorizing that guide authorizers' practices day to day, from establishing a chartering office through all major stages of chartering responsibility. NACSA's *Principles & Standards* provide essential guidance for the unique professional practice of authorizers and their daily balancing act of honoring the autonomy of charter schools while holding them accountable for high achievement, effective management, and serving all students and communities well.

STANDARDS FOR QUALITY CHARTER SCHOOL AUTHORIZING

1. AGENCY COMMITMENT & CAPACITY

A quality authorizer engages in chartering as a means to foster excellent schools that meet identified community aspirations, clearly prioritizes a commitment to excellence in education and in authorizing practices, and creates organizational structures and commits human and financial resources necessary to conduct its authorizing duties effectively and efficiently.

PROPOSAL INFORMATION, QUESTIONS, AND GUIDANCE

A Quality Authorizer...

- Welcomes proposals from first-time charter applicants as well as existing school operators/ replicators, while appropriately distinguishing between the two kinds of developers in proposal requirements and evaluation criteria.
- Encourages expansion and replication of charter schools that demonstrate success and capacity for growth.
- Welcomes applications proposing diverse educational philosophies, approaches, and school models.
- Requires applicants to demonstrate capacity to serve students with diverse needs, such as students with disabilities or learning exceptionalities and English learners.

ADVANCED STANDARD

- Utilizes a multi-stage process in which applicants are provided information at each stage and are permitted to respond to that information during the process.

RIGOROUS APPROVAL CRITERIA

A Quality Authorizer...

- Requires all applicants to present a clear and compelling mission, a quality educational program, a solid business plan, effective governance and management structures and systems, evidence of community and/or family demand and need, founding team members demonstrating diverse and necessary capabilities, and clear evidence of the applicant's capacity to execute its plan successfully.
- For replications and expansions:
 - Establishes distinct, rigorous, and transparent requirements and criteria for applicants who are existing school operators or replicators. [\(See Special Topic 1\)](#)
 - Streamlines and expedites the process for replication and/or expansion; and

- Provides orientation or training to application evaluators (including interviewers) to ensure consistent evaluation standards and practices, observance of essential protocols, and unbiased treatment of all applicants.

- Ensures that the application review process and decision making are free of conflicts of interest, and requires full disclosure of any potential or perceived conflicts of interest between reviewers or decision makers and applicants.

ADVANCED STANDARD

Engages in continuous review of application processes and considers: Are the current processes resulting in charter schools that the community wants and needs? What must change if different outcomes are desired?

3. PERFORMANCE CONTRACTING

A quality authorizer executes contracts with charter schools that articulate the rights and responsibilities of each party regarding school autonomy, funding, administration and oversight, outcomes, measures for evaluating success or failure, performance consequences, and other material terms. The contract is an essential document, separate from the charter application, that establishes the legally binding agreement and terms under which the school will operate and be held accountable.

CONTRACT TERM, NEGOTIATION, AND EXECUTION

A Quality Authorizer...

- Executes a contract with a legally incorporated governing board independent of the authorizer.
- Grants charter contracts for an initial term of five operating years or longer only with periodic high-stakes reviews every five years.⁵
- Defines material terms of the contract.
- Ensures mutual understanding and acceptance of the terms of the contract by the school's governing board prior to authorization or charter granting by the authorizing board.
- Allows—and requires contract amendments for—occasional material changes to a school's plans, but does not require amending the contract for non-material modifications.

RIGHTS AND RESPONSIBILITIES

A Quality Authorizer...

- Executes charter contracts that clearly:
 - State the rights and responsibilities of the school and the authorizer;
 - State and respect the autonomies to which schools are entitled— based on statute, waiver, or authorizer policy—including those relating to the school's authority over educational programming, staffing, budgeting, and scheduling;
 - Define performance standards, criteria, and conditions for renewal, intervention, revocation, and non-renewal, while establishing the consequences for meeting or not meeting standards or conditions;
 - State the statutory, regulatory, and procedural terms and conditions for the school's operation;
 - State reasonable pre-opening requirements or conditions for new schools to ensure that they meet all health, safety, and other legal requirements prior to opening and are prepared to open smoothly;
 - State the responsibility and commitment of the school to adhere to essential public education obligations, including admitting and serving all eligible students, and not expelling or counseling out students except pursuant to a legal discipline policy approved by the authorizer; and
 - State the responsibilities of the school and the authorizer in the event of school closures.
- Ensures that any fee-based services that the authorizer provides are set forth in a services agreement that respects charter school autonomy and treats the charter school equitably compared to other schools, if applicable; and ensures that purchasing such services is explicitly not a condition of charter approval, continuation, or renewal.

PERFORMANCE STANDARDS

A Quality Authorizer...

- Executes charter contracts that plainly:
 - Establish the performance standards under which schools will be evaluated, using objective and verifiable measures of student achievement as the primary measure of school quality;
 - Define clear, measurable, and attainable academic, financial, and organizational performance standards and targets that the school must meet as a condition of renewal, including but not limited to state and federal measures; [\(See Special Topic 3\)](#)

 - Include expectations for appropriate access, education, support services, and outcomes for students with disabilities;
 - Define the sources of academic data that will form the evidence base for ongoing and renewal evaluation, including state-mandated and other standardized assessments, student academic growth measures, internal assessments, qualitative reviews, and performance comparisons with other public schools in the district and state;
 - Define the sources of financial data that will form the evidence base for ongoing and renewal evaluation, grounded in professional standards for sound financial operations and sustainability;
 - Define the sources of organizational data that will form the evidence base for ongoing and renewal evaluation, focusing on fulfillment of legal obligations, fiduciary duties, and sound public stewardship; and
 - Include clear, measurable, performance standards to judge the effectiveness of alternative schools and virtual schools, if applicable—requiring appropriately weighted, rigorous, mission-specific performance measures and metrics that credibly demonstrate each school's success in fulfilling its mission and serving its special population.⁶

PROVISIONS FOR EDUCATION SERVICE OR MANAGEMENT CONTRACT (IF APPLICABLE)

A Quality Authorizer...

- For any school that contracts with an external (third-party) provider for education design and operation or management, includes additional contractual provisions that ensure rigorous, independent contract oversight by the charter governing board and the school's financial independence from the external provider. [\(See Special Topic 4\)](#)
- Reviews the proposed third-party contract as a condition of charter approval to ensure that it is consistent with applicable law, authorizer policy, and the public interest.

4. ONGOING OVERSIGHT & EVALUATION

A quality authorizer conducts contract oversight that competently evaluates performance and monitors compliance; ensures schools' legally entitled autonomy; protects student rights; informs intervention, revocation, and renewal decisions; and provides annual public reports on school performance.

PERFORMANCE EVALUATION AND COMPLIANCE MONITORING

ADVANCED STANDARD

Differentiates and customizes oversight approaches, consistent with federal and state law and the performance contract between the authorizer and school's governing board, based on school performance.

A QUALITY AUTHORIZER ENCOURAGES SCHOOLS TO MAKE EDUCATIONAL DECISIONS OR CHOICES THAT ARE WITHIN THEIR PURVIEW...

RESPECTING SCHOOL AUTONOMY

A Quality Authorizer...

- Respects the school's authority over its day-to-day operations.
- Collects information from each school in a manner that minimizes administrative burdens on the school, while ensuring that performance and compliance information is collected with sufficient detail and timeliness to protect student and public interests.
- Periodically reviews compliance requirements and evaluates the potential to increase school autonomy based on flexibility in the law, streamlining requirements, demonstrated school performance, or other considerations.
- Encourages schools to make educational decisions or choices that are within their purview under the charter law or contract and refrains from directing or participating in these decisions.

PROTECTING STUDENT RIGHTS

A Quality Authorizer...

- Ensures that schools admit students through a transparent, random selection process that is open to all students, is publicly verifiable, and does not establish undue barriers to application (such as mandatory information meetings, mandated volunteer service, or parent contracts) that exclude students based on socioeconomic, family, or language background, prior academic performance, special education status, or parental involvement.
- Ensures that schools provide access and services to students with disabilities as required by applicable federal and state law, including compliance with student individualized education programs and Section 504 plans, facilities access, and educational opportunities.
- Ensures clarity in the roles and responsibilities of all parties involved in serving students with disabilities.⁸
- Ensures that schools provide equitable access and inclusive services for all students, including but not limited to special populations of English learners, students experiencing homelessness or those in foster care, and gifted students, as required by federal and state law.
- Ensures that schools' student discipline policies and actions are legal, equitable, and fair, and that no student is suspended, expelled, or counseled out of a school outside of that process.

INTERVENTION

A Quality Authorizer...

- Establishes and makes known to schools at the outset an intervention policy that states the general conditions that may trigger intervention and the types of actions and consequences that may ensue.
- Gives schools clear, adequate, evidence-based, and timely notice of contract violations or performance deficiencies.
- Allows schools reasonable time and opportunity for remediation in non-emergency situations.
- Where intervention is needed, engages in intervention strategies that clearly preserve school autonomy and responsibility (identifying what the school must remedy without prescribing solutions).
- Applies professional judgment when intervention is needed and considers context and a range of effective solutions, rather than relying solely on tools or protocols to make decisions.

PUBLIC REPORTING

A Quality Authorizer...

- Produces an annual public report that provides clear, accurate performance data for the charter schools it authorizes, reporting on individual school and overall portfolio performance according to the framework set forth in the charter contract.

5. REVOCATION & RENEWAL DECISION MAKING

A quality authorizer designs and implements a transparent and rigorous process that uses comprehensive academic, financial, and operational performance data to make merit-based renewal decisions, and revokes charters when necessary to protect student and public interests.⁹

REVOCATION

A Quality Authorizer...

- Revokes a charter during the charter term if there is clear evidence of extreme underperformance or violation of law or the public trust that imperils students or public funds.

RENEWAL DECISIONS BASED ON MERIT AND INCLUSIVE EVIDENCE

A Quality Authorizer...

- Bases the renewal process and renewal decisions on thorough analyses of a comprehensive body of objective evidence defined by the performance framework in the charter contract.

- Grants renewal only to schools that have achieved the standards and targets stated in the charter contract, are organizationally and fiscally viable, and have been faithful to the terms of the contract and applicable law.
- Does not make renewal decisions, including granting probationary or short-term renewals, on the basis of political or other external pressure or solely on promises of future improvement.

A QUALITY AUTHORIZER DOES NOT MAKE RENEWAL DECISIONS... ON THE BASIS OF POLITICAL OR OTHER EXTERNAL PRESSURE OR SOLELY ON PROMISES OF FUTURE IMPROVEMENT.

CUMULATIVE REPORT AND RENEWAL APPLICATION

A Quality Authorizer...

- Provides to each school, in advance of the renewal decision, a cumulative performance report that:
 - Summarizes the school's performance record over the charter term; and
 - States the authorizer's summative findings concerning the school's performance and its prospects for renewal.
- Requires any school seeking renewal to apply for it through a renewal application, which provides the school a meaningful opportunity and reasonable time to respond to the cumulative report; to correct the record, if needed; and to present additional evidence regarding its performance.

FAIR, TRANSPARENT PROCESS

A Quality Authorizer...

- Clearly communicates to schools the criteria for charter revocation, renewal, and non-renewal decisions that are consistent with the charter contract.
- Promptly notifies each school of its renewal (or, if applicable, revocation) decision, including written explanation of the reasons for the decision.

- Promptly communicates renewal or revocation decisions to the school community and public within a time frame that allows parents and students to exercise choices for the coming school year.
- Explains in writing any available rights of legal or administrative appeal through which a school may challenge the authorizer's decision.
- Regularly updates and publishes the process for renewal decision making, including guidance regarding required content and format for renewal applications.

CLOSURE

A Quality Authorizer...

SPECIAL TOPIC 1

ELEMENTS FOR EXISTING SCHOOL OPERATORS OR REPLICATORS

Applicants who are existing school operators or replicators should be required to:

- Provide clear evidence of their capacity to operate new schools successfully while maintaining quality in existing schools;¹⁰
- Document their academic, organizational, and financial performance records based on all existing schools;
- Explain any never-opened, terminated, or non-renewed schools (including terminated or non-renewed third-party contracts to operate schools);
- Present their growth plan, business plan, and most recent financial audits;
- Meet high standards of academic, organizational, and financial success to earn approval for replication; and
- Demonstrate community need and demand.

SPECIAL TOPIC 2

ELEMENTS FOR APPLICANTS PROPOSING TO CONTRACT WITH EDUCATION SERVICE OR MANAGEMENT PROVIDERS

Applicants proposing to contract for education services or management should be required to provide:

- A list of all schools under contract with the provider for education or management services and a list of any schools previously under contract with the provider that have been closed or have terminated their agreement with the provider in the last five years;
- Evidence of the service provider's educational and management success;
- A draft (or existing) service/management contract that sets forth proposed key terms, including roles and responsibilities of the school governing board, the school staff, and the service provider; the services and resources to be provided; performance evaluation measures and mechanisms; detailed explanation of compensation to be paid to the provider; financial controls and oversight; investment disclosure; methods of contract oversight and enforcement; and conditions for contract renewal and termination; and
- Disclosure and explanation of any existing or potential conflicts of interest between the school governing board and proposed service provider or any affiliated business entities.

SPECIAL TOPIC 3

PERFORMANCE STANDARDS

Performance standards enable schools and authorizers to know the outcomes for which authorizers will hold schools accountable. They are the basis for school evaluation and should be incorporated in the charter contract, commonly as an attachment. Academic, financial, and organizational performance standards should include clearly defined and measurable indicators, measures, metrics, and targets that:

Academic Performance

- Set expectations for student academic achievement status or proficiency, including comparative proficiency;
- Set expectations for student academic growth, including adequacy of growth toward state standards;
- Incorporate state and federal accountability systems, including state grading and/or rating systems;
- Set expectations for postsecondary readiness, including graduation rates (for high schools); and
- Provide schools an option to incorporate mission-specific performance measures for which the school has presented valid, reliable, and rigorous means of assessment approved by the authorizer.¹¹

Financial Performance

- Enable the authorizer to monitor and evaluate the school's financial stability and viability based on short-term performance;
- Enable the authorizer to monitor and evaluate the school's long-term financial sustainability; and
- Define financial management and oversight standards based on generally accepted accounting principles.

Organizational Performance

- Define the key design elements of the educational program for which the authorizer will hold the school accountable;
- Hold school governing boards accountable for meeting statutory and board-established operating and reporting requirements;¹²
- Ensure school compliance with student and employee rights and obligations; and
- Establish expectations related to the school environment, including health and safety, transportation, facilities, and appropriate handling of records.

SPECIAL TOPIC 4

EDUCATION SERVICE OR MANAGEMENT CONTRACTS

Charter contracts for schools that are contracting with external (third-party) providers for comprehensive services or management should include additional provisions that:

- Clearly establish the primacy of the charter contract over the third-party contract;
- Clearly identify the school governing board as the party ultimately responsible for the success or failure of the school, and clearly define the external provider as a vendor of services;
- Prohibit the third party from selecting, approving, employing, compensating, or serving as school governing board members;
- Require the school governing board to directly select, retain, and compensate the school attorney, accountant, and audit firm;
- Provide for payments from the authorizer or the state to the school to be made to an account controlled by the school governing board, not the third party;
- Require all instructional materials, furnishings, and equipment purchased or developed with public funds to be the property of the school, not the third party; and
- Condition charter approval on authorizer review and approval of the third-party contract.

Charter contracts should require the third-party contract to articulate:

- The roles and responsibilities of the school governing board and the service provider, including all services to be provided under the contract;
- The performance measures, consequences, and mechanisms by which the school governing board will hold the provider accountable for performance, aligned with the performance measures in the charter contract;
- All compensation to be paid to the provider, including all fees, bonuses, and what such compensation includes or requires;
- Terms of any facility agreement that may be part of the relationship;
- Financial reporting requirements and provisions for the school governing board's financial oversight;
- All other financial terms of the contract, including disclosure and documentation of all loans or investments by the provider to the school, and provision for the disposition of assets in accordance with law;
- Assurances that the school governing board, at all times, maintains independent fiduciary oversight and authority over the school budget and ultimate responsibility for the school's performance;
- Provisions for contract termination without "poison pill" penalties; and
- Respective responsibilities of the governing board and service provider in the event of school closure.

ENDNOTES

- 1 The term “authorizers,” as used in this publication, may refer to authorizing institutions as well as the individuals who carry out the work.
- 2 For example, an authorizing agency that also has non-charter school responsibilities should structure its authorizing-related funding to avoid conflicts or competition with its non-charter school programs and services. Likewise, authorizers that receive funding from school fees should implement protections to ensure that the potential for revenue gain or loss from each school does not influence charter approval, renewal, or revocation decisions. An authorizer’s use of oversight fees should be restricted to fulfillment of its authorizing responsibility so that the authorizing function is revenue neutral.
- 3 Some states refer to the charter application as the charter “petition” or “proposal.”
- 4 Some authorizers allow charter applications to be submitted any time on a rolling basis. NACSA recommends establishing fixed, published application periods and deadlines to enable the authorizer to proactively plan and conduct a high-quality review process—integrated into the authorizer’s annual work calendar—rather than simply react to applications whenever they might arrive. A well-planned process might include minimum time frames such as: 1) three months from release of the RFP/application packet to the application deadline; 2) three months for evaluation of the applications; and 3) 12–18 months from approval to school opening.
- 5 Although some state laws allow or require shorter charter terms—or do not establish a term at all—NACSA recommends five operating years per charter term. Such a term allows a school to develop beyond the startup phase and to produce a sufficient performance record and body of data needed for sound high-stakes decision making.
- 6 Alternative schools subject to different performance standards should be formally designated by the state for serving a primarily special-needs, non-traditional, or highly at-risk population. Mission-specific measures for alternative schools may include, for example, measures for student academic growth or postsecondary readiness, and should be grounded in objective, valid, reliable assessments.
- 7 NACSA recommends that authorizers develop and utilize a performance framework as part of a comprehensive accountability system. For more information on performance frameworks, see NACSA resources at www.qualitycharters.org.
- 8 Many authorizers, particularly those that are state education agencies or local education agencies for special education purposes, have responsibilities of their own regarding the identification, admissions, and placement of students with disabilities who enroll in charter schools, as well as with the delivery of services, transfer of records, and oversight of special education programs in the schools they authorize. These agencies retain such responsibilities with charter schools they authorize, though the mechanisms, procedures, and roles and responsibilities may shift as a result of the relationship between a charter school and its authorizer.
- 9 Revocation, as distinguished from non-renewal, may occur at any time during the charter term when there is clear evidence of extreme violations or failings that warrant termination of the charter to protect student and public interests. Non-renewal is an authorizer’s decision not to renew a charter at the end of its term.
