

Announcing the Winners of

APEX 2023

The Thirty-Fifth Annual Awards for Publication Excellence A Competition for Communications Professionals

Dear APEX Entrant:

Thank you for participating in APEX 2023, the thirty-fifth annual awards program recognizing excellence in publishing by professional communicators.

The APEX Awards are based on excellence in graphic design, editorial content, and the ability to achieve overall communications excellence. APEX Grand Awards honor the outstanding works in each main category, while APEX Awards of Excellence recognize exceptional entries in each of the individual subcategories.

2022 was, again, a challenging year with “virtual meetings” continuing to be a standard for many workers regardless of their fields. However, the consistent exceptional quality of all the submitted entries is a testament to the fact that communications professionals have adapted, and continue to adapt, to the “new normal.” To all those who set aside time to submit entries to APEX 2023, please accept our heartfelt thanks.

With more than 1,100 entries, competition, as always, was exceptionally intense. 100 Grand Awards were presented to honor outstanding work in 14 major categories, with 453 Awards of Excellence recognizing exceptional entries in 100 subcategories.

The panel of judges for APEX 2023 included Ken Turtoro, APEX Senior Judge and Concepts Executive Editor; John De Lellis, Concepts Editor & Publisher; Christine Turner, Contributing Editor of the Writing That Works Archives; and Anne Gilio, Consulting Editor.

The APEX 2023 award winners are listed on the following pages. If you won an Award of Excellence, it is enclosed and shown in this Winners' List. Grand Award plaques are also shown, but are being shipped under separate cover.

Should you wish to order additional award certificates or plaques – to recognize co-workers, colleagues or vendors who helped prepare a winning entry – you may do so online at ApexAwards.com/certificates. If your entry did not win an award this year, please accept our thanks for participating and our best wishes for success in the 2024 APEX Awards for Publication Excellence.

Cordially,

A handwritten signature in black ink that reads 'Ken Turtoro'.

Questions & Answers about APEX 2023

The 35th Annual Awards for Publication Excellence Competition

Sponsored by the
Editors of *Writer's
Web Watch* and
the *Writing That
Works Archives*

How were awards presented?

APEX 2023 awards were based on excellence in graphic design, editorial content and the success of the entry—in the opinion of the judges—in achieving overall communications effectiveness and excellence.

Naturally, entries in design categories were judged solely on the basis of their graphic design, and writing entries were evaluated primarily on the basis of editorial quality.

How many entries were there? How many awards were given?

1,125 entries were evaluated in the following distribution:

Public Health Concerns: 28; Environment: 13; Newsletters: 82; Magazines, Journals & Tabloids: 192; Annual Reports: 39; Print Media: 52; Electronic Media: 110; Virtual Communications: 11; Social Media: 41; Websites: 60; Campaigns, Programs & Plans: 93; Writing: 286; Design & Illustration: 87; One-of-a-Kind Publications: 31.

A total of 100 APEX Grand Awards were presented in 14 major categories to honor the outstanding works in those categories. 453 APEX Awards of Excellence recognize excellence in 100 individual subcategories.

For the number of awards presented in each major category, please refer to the list of winning entries on the following pages.

How competitive were the entries?

Very. Each year, the quality of entries increases. Overall, this year's entries displayed an exceptional level of quality. The APEX judges saw only the most promising publications that professional communicators could enter. From them, they had the truly difficult task of selecting the award-winning entries.

Did low-budget entries stand a chance?

Yes. Many of the winning entries in APEX 2023 were inexpensively produced. The APEX judges often were more impressed by the quality of creative ideas and concepts shown by entries than they were by the expense entailed in their execution.

Many of the award-winning entries in this and earlier APEX competitions are classic examples of good ideas, imaginatively executed, despite limitations due to tight budgets, limited resources and small staffs.

Who are the APEX judges?

The panel of judges included Ken Turtoro, APEX Senior Judge and Concepts Executive Editor; John De Lellis, Concepts Editor & Publisher; Christine Turner, Contributing Editor of the *Writing That Works Archives* and Anne Gilio, Consulting Editor.

What does Communications Concepts, the APEX sponsor, do?

Communications Concepts, Inc. helps publishing, PR and marketing professionals improve publications and communications programs through consulting services and reports on business writing and communications.

Concepts also publishes *Writer's Web Watch*, an e-newsletter on print, web, electronic and social media, and the *Writing That Works Archives*, a resource for business communicators.

How is the list of winning entries organized?

Grand Award winners are listed by main category.
Award of Excellence winners are listed within each subcategory, alphabetically by organization. (Winning entries from individuals are listed alphabetically by last name within each subcategory.)

How can I order more award certificates?

You may order additional certificates online for co-workers, supporting vendors or clients. Please use the online order form at ApexAwards.com/certificates

A note on format:

- Grand Awards are listed alphabetically by organization, within each main category.
- Awards of Excellence are listed alphabetically by the name of the first organization listed for the award, within each individual category.
- Awards for individuals without an organization name are listed alphabetically by last name within each individual category. Note: In rare cases where the organization name is the same as an individual's name, it will be listed alphabetically as an organization.
- Organization names and job titles appear in the format and style used by entrants.
