

# Nanomanufacturing

Latest and Cutting Edge Technologies

Join us at SEMI (673 South Milpitas Blvd)  
on Thursday, Dec 13 from 9 am - 5 pm

Registration: [goo.gl/Di5pA7](http://goo.gl/Di5pA7) \$15-\$85; Lunch & Refreshments Included

**Karl Littau**  
**Intermolecular, CTO**

"Materials and Scaling Challenges in Crosspoint Memory"

**Rudy Wojtecki**  
**IBM, Research - Electronic Materials**

"Enabling Self-Aligned Processes for Nanoscale Fabrication"

**David Wyatt**  
**PixelDisplay, Engineering and Tech Licensing**

"VividColor Nanoparticles for LED, MicroLED, OLED and LCD 2.0 applications"

**Martin Devenney**  
**Nanosys, Sr. V. P of Manufacturing and COO**

"Quantum Dots: Manufacturing Nanomaterials at Consumer Scale"

**David Thompson**  
**Applied Materials, Sr. Director, Center of Excellence in Chemistry**

"Atom Layer Deposition for Electronic Applications"
