**List of Subprocessors and Data Center Providers**

The information contained in this disclosure applies to ProQuest's activities in relation to the supply of above referenced service to customers in the European Union in compliance with the European Union's "General Data Protection Regulation" or "GDPR."

**ProQuest Affiliate Subprocessors**

The entities listed below are affiliates of ProQuest LLC (Collectively, "ProQuest"). Depending on the geographic location of a customer, and the nature of the services provided, ProQuest companies may engage one or more of the following affiliates as subprocessors to deliver some or all the services provided to a customer.

All ProQuest affiliates may provide professional, support and training services requiring access to data processing systems. Affiliates followed by (*) also engage in overseeing data center operations (owning, operating and maintaining the data processing infrastructure located in relevant data centers).

| Affiliate name | Corporate Location | Note |
|---|---|---|
| ProQuest LLC**\*** | United States | Overseeing data center and interface design and operations in the USA |
| ProQuest Information and Learning Ltd. | England | Overseeing print book fulfillment and related activities. |

**Data Center Facility Providers**

ProQuest uses the following third party providers for data center facilities. ProQuest uses the "colocation" model where ProQuest owns and manages all data processing equipment and contracts with the data center facility providers for the data center space and related power, cooling, physical security and similar services.

ProQuest refers to these third parties who do not process customer data as "subcontractors" and not "subprocessors".
