

IEEE SA MEMBERSHIP FOR ORGANIZATIONS

Engage the power of standards development to help position your organization for success

IEEE SA offers a unique membership program for companies and organizations in which standards play a pivotal role in research, product development, and marketing.

This program, also known as Entity Membership, affords the ability to shape technology development and present your organization's interests.

Participating in Standards Development can help your organization:

- Shape the development of new technologies
- Have a voice in technology developments that can impact your business
- Gain insight and perspective from a unique focus on markets, technology, and policy.
- Speed the adoption and implementation of global technology standards.
- Help foster technological innovation and open new markets

MEMBER BENEFITS & OPPORTUNITIES
