Dear Author:

Thank you for submitting your Contribution for publication. In order to expedite the editing and publishing process and enable Wiley to disseminate your Contribution to the fullest extent, we need to have this License Agreement (the "Agreement") executed. If there are any co-authors of the Contribution ("Co-author"), you must obtain each Co-author's consent to the terms of this Agreement (including the rights granted to Owner) and obtain their signed written permission to execute this Agreement on behalf of the Co-author(s), and you must provide the written permission on request by the Owner or Wiley (where Wiley is not the Owner). If there are no such Co-authors, terms related to Co-author(s) in this Agreement do not apply. If the Contribution is not accepted for publication, or if the Contribution is subsequently rejected before publication, this Agreement will be null and void. **Publication cannot proceed without a signed copy of this Agreement and payment of the applicable article publication charge in full (without deduction of any taxes or fees).**

For good and valuable consideration, including the publishing services rendered by Wiley and the mutual covenants and agreements herein, the parties agree as follows:

#### A. TERMS OF USE

- 1.** The Contribution will be made Open Access under the terms of the Creative Commons Attribution License (<https://creativecommons.org/licenses/by/4.0>) which permits use, distribution and reproduction in any medium, provided that the Contribution is properly cited.
- 2.** For an understanding of what is meant by the terms of the Creative Commons License, please refer to Wiley's Open Access Terms and Conditions (<http://www.wileyauthors.com/OAA>).
- 3.** If any material contained in the Contribution is the output of Artificial Intelligence Generated Content (AIGC) tools, (a) such tools do not fulfil the role of, nor can they be listed as, an author of Contribution, (b) Author or Co-author will describe its use, transparently and in detail, in the methods, acknowledgement, or equivalent section of the Contribution (provided, however, no such description is needed for tools that are used to improve spelling, grammar, general editing), and (c) Author and each Co-author is responsible for the accuracy of any information provided by any AIGC tool and for referencing any supporting work on which that information depends. The final decision about whether use of an AIGC tool is appropriate or permissible lies with the Journal's editor or other party responsible for the publication's editorial policy.
- 4.** Notwithstanding acceptance, the Owner or Wiley is permitted to require changes to the Contribution, including changes to the length of the Contribution. In addition, the Owner or Wiley is permitted to elect not to publish the Contribution, and/or permitted to retract, withdraw, or publish a correction or other notice for a contribution accepted for publication, if for any reason, in the Owner's or Wiley's reasonable judgment, such publication would be inconsistent with the Core Practices and associated guidelines set forth by the Committee on Publication Ethics (<https://publicationethics.org/core-practices>) or would result in legal liability, violation of Wiley's ethical guidelines, or violation of journal ethical practices.
- 5.** Once a Contribution has been accepted for publication, an article publication charge ("APC") is due. The Author assumes responsibility for the APC, and no refunds will be issued. If Wiley decides not to publish the Contribution, no APC will be charged and the Author is free to submit the Contribution to any other journal from any other publisher.

Where material in the Contribution is the subject of a patent application, it is the sole responsibility of the Author and each Co-author, and/or Employer to ensure that the respective patent application is filed prior to any public disclosure, including publication in the Journal

The Author represents that the following information will be clearly identified in the Contribution: (1) all financial and material support for the research and work; (2) any financial interests the Author or each Co-author may have in companies or other entities that have an interest in the information in the Contribution or any submitted Supporting Information (e.g., grants, advisory boards, employment, consultancies, contracts, honoraria, royalties, expert testimony, partnerships, or stock ownership); and (3) indication of no such financial interests if appropriate.

#### **G. INFRINGEMENT OF COPYRIGHT**

If the Author or any Co-Author is employed by a government agency, the agency agrees to perform any acts reasonably required by Owner to resolve the infringement issue and the foregoing rights granted to the Owner apply only to the extent permitted under the governing law of that agency.

#### **H. USE OF INFORMATION**

The Author and each Co-author acknowledge that, during the term of this Agreement and thereafter, the Owner (and Wiley where Wiley is not the Owner) may process the Author's and Co-author's personal data, including storing or transferring data outside of the country of the Author's and Co-author's residence and sharing data with service providers, in order to process transactions related to this Agreement and to communicate with the Author and each Co-author, and that Owner (and Wiley where Wiley is not the Owner) has a lawful basis in processing the Author's and each Co-author's personal data. This Agreement constitutes the entire agreement and complete understanding of the parties and supersedes all other agreements relating to the Contribution. No modification or waiver of any provision shall be valid unless in writing and signed by both parties. By signing this Agreement, I agree to this Agreement and, where execution and delivery of the Agreement is electronic, I agree to such electronic execution and delivery, and that an electronic signature will be given the same legal force as a handwritten signature. This Agreement may be executed in any number of counterparts, each of which when executed and delivered constitutes a duplicate original, and all the counterparts together constitutes the Agreement.

*In cases where multiple options apply, one Author can sign on behalf of Co-Authors in the same category. For articles with Authors employed by multiple government agencies, companies, or organizations, one signature is needed per agency/company/organization – uploading a separate file for each group is acceptable. Where there is a government-employed Author and a non-government employed Author, each such Author must sign.*

*If your status as a government or non-governmental/intergovernmental organization employee legally prevents you from signing this Agreement, please contact [cs-author@wiley.com](mailto:cs-author@wiley.com).*

**YOU MUST MAKE AT LEAST ONE SELECTION:**

**Author-owned work**

*Where an Author owns the copyright in the Contribution, the Author would select this option. In most academic and healthcare institutions, faculty own the copyright for articles that they have authored. Please check whether different policies apply in your institution.*

Select this option:

**U.S. Government work**

*A Contribution prepared by a U.S. federal government employee as part of the employee's official duties, or which is an official U.S. government publication, is called a "U.S. government work", and is in the public domain and therefore there is no copyright to transfer under U.S. law, though there*

would be copyright transferred under the law of other jurisdictions. If the Contribution was not prepared as part of the employee's duties, it is not a U.S. government work.

If at least one author is **not** a U.S. government employee, the Contribution is not a U.S. government work. A signature is still needed on behalf of U.S. government employees.

Select this option:

**Works by an employee of a government where the Contribution is subject to Crown Copyright**

*The rights in a Contribution prepared by an employee of a government department, agency or other Crown body as part of his/her/their official duties, or which is an official government publication, belong to the Crown and if applicable, must be made available under the terms of the Open Government Licence. Authors must ensure they comply with departmental regulations, and by signing this form they are asserting that they have the appropriate authorisation to publish.*

*If at least one author is **not** a government employee, Crown Copyright only applies to those authors that are government employees of the countries in which the copyright subsists by their Contribution to the work.*
