

JOURNAL OF NEUROLOGY NEUROSURGERY AND PSYCHIATRY

Quantitative study of the effect of L-dopa and phenoxybenzamine on the rigidity of Parkinson's disease COLIN J. ANDREWS and DAVID BURKE.....
page 321

Comparison of stretch reflexes and shortening reactions in activated normal subjects with those in Parkinson's disease COLIN J. ANDREWS, PETER D. NEILSON, and JAMES W. LANCE.....
page 329

The electromyographic silent period produced by supramaximal electrical stimulation in normal subjects.....
page 334

Rigidity of the neck in the Shy-Drager syndrome S. WILCOX, and J. SCHNIEDEN.....
page 342

Neurological functioning in patients with Parkinson's disease SCHNIEDEN, and J. WILCOX.....
page 350

Effect of L-dopa therapy in patients with Parkinson's disease SCHNIEDEN, and J. WILCOX.....
page 354

Effect of L-dopa therapy in patients with Parkinson's disease SCHNIEDEN, and J. WILCOX.....
page 354

Effect of L-dopa therapy in patients with Parkinson's disease SCHNIEDEN, and J. WILCOX.....
page 354

Neoplasm of mixed mesenchymal and neuro-epithelial origin: liposarcomatous meningioma combined with gliomas SAMRUAY SHUANGSHOTI...
page 377

Are hypertrophic astrocytes a sufficient criterion of perinatal telencephalic leucoencephalopathy? ALAN LEVITON and FLOYD H. GILLES.....
page 383

Synaptogenesis in cell cultures of neurones and myotubes from chickens with muscular dystrophy JOHN H. PEACOCK and PHILLIP G. NELSON.....
page 389

Possible neurogenic factor in muscular dystrophy: its similarity to denervation atrophy DARAB K. DASTUR and ZOHRA A. RAZZAK.....
page 399

Intermittent hypothermia RALPH H. JOHNSON and DAVID M. PARK.....
page 411

Intractable pain treated with intrathecal isotonic iced saline MARTIN H. SAVITZ and LEONARD I. MALIS.....
page 417

Limbic dementia GENEROSO G. GASCON and FLOYD GILLES.....
page 421

Patterns of decerebration in infants and children: defects in homeostasis and sequelae J. K. BROWN T. T. S. INGRAM, and S. J. INGRAM.....
page 431

Clinical assessment of cerebellar logical functioning DIMOND.....
page 431

Spatial orientation in patients with bilateral posterior callosal lesions RATCLIFF and FREDERICK.....
page 431

Effect of ischaemia on the electrical functioning of the brain ORAZIO LABIANCA, and J. LABIANCA.....
page 431

Syringomyelia produced by intracranial injection in dogs WELLS.....
page 431

Prognosis of Guillain-Barré syndrome in the African: the Nigerian experience BENJAMIN O. OSUNTOKUN and KOFO AGBEBI.....
page 478

Evolution of diabetes mellitus in a case of Friedreich's ataxia B. I. JOFFE, I. SEGAL, and W. COOPER.....
page 484

Superior orbital fissure syndrome J. F. HALLPIKE.....
page 486

Book reviews.....
