JOURNAL OF NEUROLOGY NEUROSURGERY AND PSYCHIATRY

- 88
ING
M
- NATIONAL LIBRARY OF MEDICINE SEP 1973
- Experimental brain death 1. Morphology and fine structure of the brain F. MATAKAS, J. CERVOS-NAVARRO, and H. SCHNEIDER page 497
- Observations on the sensory nature of the intramuscular nerve action potential A. FIASCHI page 509
- Measurement of extradural pressure and its relationship to other intracranial pressures N. J. CORONEOS, D. G. McDOWALL, R. M. GIBSON, V. W. A. PICKERODT, and N. P. KEANEY page 514
- Multiple cerebral gliomas in multiple sclerosis T. J. REAGAN and I. S. FREIMAN page 523
- Modulation of postural reflexes by voluntary movement 1. Modulation of the active limb GERALD L. GOTTLIEB and GYAN C. AGARWAL page 529
- Modulation of postural reflexes by voluntary movement 2. Modulation at an inactive joint GERALD L. GOTTLIEB and GYAN C. AGARWAL page 540
- Comparison of the tonic stretch reflex in athetotic patients during rest and voluntary activity PETER D. NEILSON and C. J. ANDREWS page 547
- Effect of baclofen upon monosynaptic and tonic vibration reflexes in patients with spasticity D. L. MCLELLAN page 555
- Electromyographic studies in a case of foramen magnum meningioma J. A. LIVESON, J. RANSOHOFF, and J. GOODGOLD page 561
- Observations on the efficiency of dystrophic muscle *in vitro* WILLIAM W. HOFMANN and ERNST O. RUPRECHT page 565
- Anticonvulsant drugs and spike propagation of motor nerves and skeletal muscle H. C. HOPF page 574
- Creutzfeldt-Jakob disease treated with amantidine W. L. SANDERS and T. L. DUNN page 581
- 'L'acropathie ulcéro-mutilante familiale' with involvement of the distal mixed nerves and long bones fractures A. JUŠIĆ, Z. RADOŠEVIĆ, N. GRČEVIĆ, V. HLAVKA, R. PETRIČEVIĆ-MIGIĆ, and V. HARTL-PRPIĆ page 585
- Dumb-bell neurinoma of the hypoglossal nerve A. D. BARTAL, M. M. DJALDETTI, E. M. MANDEL, and M. A. LERNER page 592
- Pathological changes in the terminal parts of Purkině cell axons in the dentate nucleus of the cerebellum IVAN JANOTA page 596
- Lymphocyte sensitization to thymus and lymph node antigen in multiple sclerosis and other neurological diseases E. J. FIELD and E. A. CASPARY page 604
- Non-otogenic cerebral abscess GRAHAM MARTIN page 607
- Ependymal lined paraventricular cerebral cysts: a report of three cases D. C. BOUCH, I. MITCHELL, and A. F. J. MALONEY page 611
- Effect of the beta adrenergic blocking agent propranolol on essential tremor M. HILARY MORGAN, R. LANGTON HEWER, and RAY COOPER page 618
- Sites of origin in the central nervous system of monoamine metabolites measured in human cerebrospinal fluid E. GARELIS and T. L. SOURKES page 625
- Influence of dystonia on the response to long-term L-dopa therapy in Parkinson's disease: COLIN J. ANDREWS page 630
- Hyperpathia in the central cervical cord syndrome ANTHONY HOPKINS and PETER RUDGE page 637
- A possible role for electron microscopy in detection of carriers of Duchenne type muscular dystrophy A. K. AFIFI, R. A. BERGMAN, and H. ZELLWEGER page 643
- The syndrome of myosclerosis W. G. BRADLEY, P. HUDGSOM, D. GARDNER-MEDWIN, and J. N. WALTON page 651
- Significance of plasma lysolecithin in patients with multiple sclerosis: a longitudinal study V. M. ANDREOLI, F. MAFFEI, G. C. TONON, and A. ZIBETTI page 661
- Dietary intake of linoleic acid in multiple sclerosis and other diseases NOEL CALLAGHAN, BRID KEARNEY, and WILLIAM CLAYTON LOVE page 668
- Renshaw cell activity in man J. L. VEALE and SANDRA REES page 674
- Amitriptyline in migraine prophylaxis JAMES D. GOMERSALL and ALICE STUART page 684
- Book reviews page 691
