

Annals of the Rheumatic Diseases June 1982 Vol. 41 No. 3

Contents

	Page
Modes of lubrication in human hip joints BARBARA J. ROBERTS, A. UNSWORTH, AND N. MIAN	217
Radiological study of the sacroiliac joints in vertebral ankylosing hyperostosis M. BRIGODE, R. J. FRANCOIS, AND M. A. DORY	225
Rheumatoid knee synovitis successfully treated with intra-articular rifamycin SV I. CARUSA, F. MONTRONE, M. FUMAGALLI, C. PATRONO, S. SANTANDREA, AND M. C. GANDINI	232
Spondylitis erosiva: report on 9 patients I. JAJIĆ, Z. FURST, AND B. VUKSIC	237
Neutropenia in rheumatoid arthritis: studies on possible contributing factors ROGER C. BUCKNALL, PAUL DAVIS, PAUL A. BACON, AND JOHN VERRIER JONES	242
Pyogenic arthritis due to bacteroides complicating rheumatoid arthritis M. J. DODD, I. D. GRIFFITHS, AND R. FREEMAN	248
How long should we talk to patients? A study in doctor-patient communication V. WRIGHT, R. HOPKINS, AND K. BURTON	250
Family study of lipid and purine levels in gout patients L. GAIL DARLINGTON, J. SLACK, AND J. T. SCOTT	253
Comparison of serum 1,25-dihydroxycholecalciferol concentrations in rheumatoid arthritis and osteoarthritis H. A. BIRD, V. WRIGHT, U. HENNES, AND E. THEISS	257
C-reactive protein in juvenile chronic arthritis: an indicator of disease activity and possibly amyloidosis M. GWYTHYR, H. SCHWARZ, A. HOWARD, AND BARBARA M. ANSELL	259
Tissues distribution and anti-inflammatory activity of corticosteroids incorporated in lipid emulsion Y. MIZUSHIMA, T. HAMANO, AND K. YOKOYAMA	263
Relationship between urinary sialylated saccharides, serum amyloid A protein, and C-reactive protein in rheumatoid arthritis and systemic lupus erythematosus C. PETER, J. MAURY, ANNA MAIJA TEPPÖ, AND OTTO WEGELIUS	268
Serum uric acid levels among thirty-four thousand people in Japan SHAW AKIZUKI	272
Cell division in the synovial lining in experimental allergic arthritis: proliferation of cells during the development of chronic arthritis B. HENDERSON, L. E. GLYNN, AND J. CHAYEN	275
Membrane properties and esterase activity of synovial lining cells: further evidence for a mononuclear phagocyte subpopulation J. C. W. EDWARDS, A. D. SEDGWICK, AND D. A. WILLOUGHBY	282
<i>Campylobacter jejuni</i> enteritis and reactive arthritis C. D. SHORT, P. T. KLOUDA, AND LORNA SMITH	287
Arthritis associated with hairy cell leukaemia M. A. SATTAR AND M. I. D. CAWLEY	289
Ankylosing spondylitis and adenocarcinoma of the lung M. J. AHERN, P. MADDISON, S. MANN, AND C. A. SCOTT	292
Occasional survey: Clinical associations between arthritis and liver disease PETER R. MILLS AND ROGER D. STURROCK	295
Heberden Society: Clinical Meeting, February 1982	308
Notes	321
Book reviews	322
