Biomedical Engineering & Medical Device Organizations
Innovate with IEEE Information

Whether you're researching artificial intelligence, gene expressions, medical imaging, or any other biomedical technology, IEEE is your gateway to the most vital information in the industry today. With the intuitive IEEE *Xplore*® digital library, you'll find the journal articles, conference proceedings, and standards needed to lead biomedical innovation—and boost your company's bottom line.
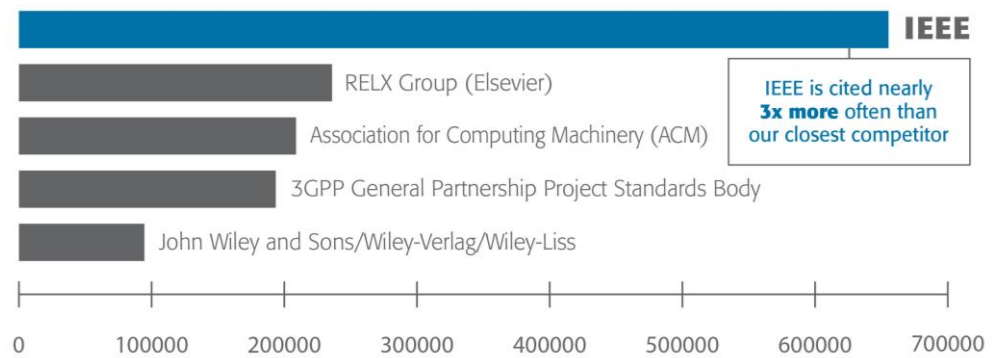

IEEE Information Drives Biomedical Patents

Today's biomedical engineering corporations deliver new, patented technologies at an ever-increasing pace, based on research that is at the forefront of the industry.

Patent references to IEEE papers have increased 864% since 1997 and recent studies of the top patenting companies show that **IEEE scientific and technical articles are cited nearly 3 times more often than any other publisher**.

1 of the top 5 drugs & biotechnology companies subscribe to IEEE *Xplore.*

Essential IEEE Content in Biomedical Engineering and Medical Device Technology

IEEE content remains crucial to the biomedical industry—providing research in a wide variety of topics through the IEEE *Xplore* digital library.

Magnetic Resonance Imaging	31,900+ documents
Medical Databases/Information Systems/ Health Informatics	35,300+ documents
Wearable Sensors/Wearable Systems/ Biosensors	35,100+ documents
Image Processing	210,500+ documents
Biomedical Signal Processing	46,900+ documents
Biomechanics	26,200+ documents
Neural Engineering	3,300+ documents
Medical/Health Information Systems/ eHealth/Telemedicine	25,300+ documents
3D Printing	5,000+ documents
Computational Biology/Bioinformatics	47,500+ documents

Counts are accurate as of November 2021

The IEEE *Xplore*® Digital Library

Find a subscription that's right for you—from tailored journal collections to the entire research catalog—with the IEEE *Xplore* digital library. Along with journals, magazines, conferences, standards, eBooks, and eLearning, IEEE *Xplore* delivers:

- The world's most highly cited journals in technology
- More than 5 million full-text documents
- Full-text, searchable PDFs for all documents, and a growing number of HTML documents
- Abstract/citation and bibliographic records for subscribed content
- Daily content updates with up to 200,000 articles added each year
- Multiple search options
- Interactive reference linking
- Free email alerts

IEEE Leads Biomedical Engineering and Medical Device Technology

IEEE enables innovation as a leading developer and producer of content across a wide range of industries, from standards to conferences, eBooks, and eLearning courses for aspiring individuals and growing organizations. Below is a sampling of IEEE content.

Journals

—*IEEE Transactions on Medical Imaging*—#4 in Radiology, Nuclear Medicine & Medical Imaging

—*IEEE Transactions on Neural Systems and Rehabilitation Engineering*

—*Proceedings of the IEEE*

—*IEEE Journal of Biomedical and Health Informatics*—#4 in Medical Informatics

—*IEEE Transactions on Biomedical Circuits and Systems*

—*IEEE Reviews in Biomedical Engineering*

—*IEEE Transactions on Biomedical Engineering*

—*IEEE/ACM Transactions on Computational Biology and Bioinformatics*

—*IEEE Transactions on NanoBioscience*

—*IEEE Transactions on Radiation and Plasma Medical Sciences*

—*IEEE Journal of Electromagnetics, RF and Microwaves in Medicine and Biology*

—*IEEE Pulse: A Magazine of the IEEE Engineering in Medicine and Biology Society*

—*IEEE Transactions on Neural Networks and Learning Systems*—#3 in Computer Science, Hardware & Architecture

Conferences

IEEE Engineering in Medicine & Biology Society Annual Conference

IEEE International Symposium on Biomedical Imaging

IEEE/EMBS Conference on Neural Engineering

IEEE Nuclear Science Symposium and Medical Imaging Conference

IEEE International Conference on Acoustics, Speech and Signal Processing

IEEE Asia-Pacific Conference on Circuits and Systems

IEEE Conference on Computer Vision and Pattern Recognition

Conference on Lasers and Electro-Optics

IEEE International Workshop on Intelligent Robots and Systems

IEEE International Conference on Image Processing

Standards

11073-30400	IEEE Health Informatics—Point-of-Care Medical Device Communication Part 30400: Interface Profile—Cabled Ethernet
11073-30300	IEEE Standard for Health Informatics—Point-of-Care Medical Device Communication—Part 30300: Transport Profile—Infrared Wireless
11073-00103	Health Informatics—Personal Health Device Communication Part 00103: Overview
2010	IEEE Recommended Practice for Neurofeedback Systems
802.15.4	IEEE Standard for Local and Metropolitan Area Networks—Part 15.4: Low-Rate Wireless Personal Area Networks (LR-WPANs) Amendment 4: Alternative Physical Layer Extension to Support Medical Body Area Network (MBAN) Services Operating in the 2360 MHz 2400 MHz Band
