

REPORT: WIE Event 4

Name of the event: Participation of WIE Kolkata Chairperson to present Activity Report in the All India Student – YP –WIE Congress (AISYWC'18)

Date: 28/09/2018 to 30/09/2018

Venue: Vidya Vikas Institute of Engineering and Technology, Mysore

The All India Student – YP –WIE Congress (AISYWC'18) was held at Vidya Vikas Institute of Engineering and Technology, Mysore, India, during September 28 - 30, 2018. This congress was technically sponsored by IEEE India Council and IEEE Bangalore Section. AISYWC is the annual flagship event of IEEE India Council. AISYWC is conceived as a congregation of inventors, professionals, entrepreneurs, visionaries and some of the greatest minds in the country in order to provide wider and diversified platform to gather knowledge from domain experts and peers, to share best practices, latest research, new development initiatives and innovations in various fields of technology. Distinguished speakers from all over the globe are invited to share their research experiences and outcomes in the latest fields of technology. Several WIE branches participated in this congress. WIE Kolkata Section was selected as the vibrant WIE branch in the first phase of selection and the chairperson was invited to present the activity report in the AISYWC. Prof. Sudipta Chatterjee, Chairperson, WIE Kolkata attended the congress to present the activity report in the WIE Track in front of a panel of judges and secured the 1st position. A cash prize and certificate of appreciation were awarded to the chairperson. This was a great achievement of WIE Kolkata Section. Apart from this recognition, WIE Kolkata Chairperson had an opportunity to interact with other participating WIE branches and exchange the ideas of each other. This would help the WIE groups to plan their activities in a diversified manner.
