

## IEEE NZ Central Section Post-Graduate Presentation Event

1st September at 2:00 pm – 6:00 pm  
Victoria University of Wellington, Pipitea Campus  
Government Building Lecture Theatre Two (GBLT2)  
Wellington

As part of the IEEE New Zealand Central Section's technical activities we are organizing a half day event to showcase engineering post-graduate research work in the Central region. The event will provide post-graduate students pursuing higher degree studies in engineering an opportunity to present their research work and to share their knowledge with fellow students and peers. The event will allow networking between students and IEEE members.

Each presentation will be time-limited to only 10 minutes with approximately 2 minutes for discussion and questions. Prizes for best presentations will be awarded, with food and refreshments available to all.

Post-graduate students, please email your name, institution and talk title to Christopher Hollitt at [chollitt@ieee.org](mailto:chollitt@ieee.org) by the 29<sup>th</sup> of August. If you are an IEEE member please also provide your membership number. Participation is open to all – it is not limited to IEEE members.

IEEE members or others wishing to attend the event please also contact [chollitt@ieee.org](mailto:chollitt@ieee.org) so that we can determine catering requirements.
