MULTICORE WORLD 2019
12, 13, 14 February 2019. Wellington, NZ

Open Parallel presents the **8th Multicore World**, a destination conference about next-gen computing and its applications that provides the knowledge and strategies to future-proof your technological innovation.

Find out about

- Lean OS, new algorithms, languages, power consumption
- Software and Systems for the Enterprise in a Complex World
- Heterogeneity: cybersecurity and open trusted hardware
- Edge Computing: implementation and scalability
- Industry applications: from AI to IoT–HPC convergence
- The SKA radio-telescope project and its computing challenges
- The path to exascale: race between countries or technologies?

Venue: Mac's Function Centre, 4 Taranaki St., Wellington's waterfront
Only 90 tickets for sale. Early Bird: from 25th October 2018
