Trends in Wireless Technology

Conference Overview

The 11th annual IEEE Wireless and Microwave Technology (WAMI) Conference will be held in beautiful Melbourne Beach, Florida on April 12-13, 2010. The conference will address up-to-date multidisciplinary research needs and interdisciplinary aspects of wireless and RF technology. The program includes an outstanding combination of keynote speakers, oral presentations, poster presentations, tutorials and an exhibit area.

Conference Highlights:

- 3 Keynote Speakers
- 5 Tutorials Included with Registration
 - Mm-Wave Power Amplifiers - James Komiak
 - Paradigm Shifts in Filter Design – Richard Snyder
 - RF Waveform Engineering – Paul Tasker
 - SDR-Based Power Amplifiers – Fadhel Ghannouchi
 - Fundamentals of Digital Radio – Michael Steer
- 10 Technical Sessions
- 25 Invited Talks on Filters, Power Amplifiers, RF MEMS and Circuit Integration
- 2 Poster Sessions
