You are invited to a meeting of the PES & IAS NY Chapter and the NY LMAG on:

IEEE Standards Association Outreach & Product Development

Monday, July 31st, 2017

THE PRESENTATION:

At the end of the program, participants will:

- Understand the IEEE Standards Development process and the impact of IEEE in our communities.
- Understand how the Standards Association reaches out to Subject Matter Experts and develops new products (books, handbooks, educational programs, mobile apps, etc.).
- Learn how to participate and how to get published by IEEE and its partners.
- Understand the scope of coordination required to develop educational programs.

THE SPEAKER: ERNESTO VEGA JANICA, Senior Manager, IEEE Standards Association

Ernesto graduated from the University of Maryland with a Master's Degree in Fire Protection Engineering. He is a well-developed professional with 15 years' experience in fire protection, fire & life safety engineering and in the standards development industry. He has relevant speaking experience before IEEE, NFPA & SFPE national and international conferences.

He currently serves as a Senior Manager of Opportunities Development at IEEE Standards Association in Piscataway, NJ. He is also an Electrical Engineer and has been a member of IEEE, NFPA & SFPE for over 10 years. He serves on Continuing Education Committees worldwide.
