

TRAINER FOR ASSESSORS

We are working with leading global experts to help bring responsible implementation to your part of the world. IEEE CertifAIEd's associate programs will include a curriculum that brings training for ethical criteria that diversifies to all industries, leading to a global training certification program and an ecosystem that engages a new network of learners.

To be alerted when this program becomes available, please complete the Interest Form or for more information contact us at certifaied@ieee.org.
