

## **Region 9 Discretionary Award IEEE Latin-American**

### **Description**

Many of our volunteers in the Region perform volunteers duties in their sections, at regional level and even at IEEE world level and there is not a quick way to recognize such contributions other that participation in major awards or contests.

The Region 9 Director Discretionary Award is designed to provide the tools for the Region Director to recognize individual contributions to the region, sections and IEEE.

### **Criteria**

The recognition will be defined by the Region director based on the accomplishments and contributions of the volunteers. Recommendations from section officers will be accepted, but it will be under the Region Director the decision to give the recognition or not.

### **The award**

The recognition will consist of a paper certificate with IEEE and Region 9 Logos signed by the Region director and stating the reason of the recognition. A maximum of 3 recognitions could be given annually.

The recognition(s) can be made at any time during the year.

### **Eligibility**

All Region 9 members in good standing. A member should not be recognized more than two times in a 5 year period.

### **Award Presentation**

The Region director will ensure though the Awards and Recognitions Committee Chair that the recognized volunteers receive the certificate with the corresponding recognition. When possible, the recognition will be mane at a major Region or section event.
