

Florida Conference on Recent Advances in Robotics

FCRAR 2004

No registration fee

Papers are not peer reviewed

No copyright

No strict paper size limits

Hosted by the
University of Central Florida
May 6-7, 2004

<http://fcrar.ucf.edu>

Technical scope of the conference includes all areas of robotics. This is a great opportunity to discuss on-going research, gain experience in presenting technical materials to a large audience, learn what others from other universities are doing in their research, and make useful connections. All papers will be included in the conference proceedings.
