

Announcing: Invention to Venture Orlando
A workshop in technology entrepreneurship

University of Central Florida
Organized and hosted by the NCIIA and UCF

Are you a technology entrepreneur? An investor? Have entrepreneurial ambition? Plan to attend this introductory workshop on technology entrepreneurship. *Invention to Venture* (I2V) is for students, faculty, and business people, entrepreneurs, and investors interested in developing cutting edge technology. I2V will help you think through some of the opportunities and challenges of commercializing your technology. It will also be an opportunity to get to know the University better and explore opportunities for technology commercialization.

At Invention to Venture, you will:

- Explore technology entrepreneurship fundamentals
- Discover how to turn an innovative product idea into a new technology venture
- Network with the people who can help make your ideas a reality
