## Teaching Opportunity - Wekiva High School Laser/Photonics Academy

The Valencia College Division of Engineering, Computer Programming, and Technology was recently informed that one of the teachers in the Laser/Photonics Academy at Wekiva High School, which is a partnership with Valencia College, is not returning this fall. These leaves the academy students at Wekiva without a teacher for two classes. I am committed to helping Wekiva to replace the teacher before the 2014-2015 school year begins for Orange County Public Schools. Here is some information about the Academy: https://www.ocps.net/lc/north/hwe/Documents/Laser%20Photonics%20Brochure.pdf

The teacher for these two classes must have a masters degree in electrical engineering, electronics, or photonics. If a candidate is a certified teacher, they will be eligible for the full-time position at Wekiva HS and will teach two additional classes in electronics. If not, they can still teach there as a Valencia Dual Enrollment instructor, at a pay scale that is higher than the Valencia adjunct rate, for the two needed photonics courses – see here: http://valenciacollege.edu/HR/documents/ValenciaCollegeSalarySchedule14-15.pdf (Page 5 shows dual enrollment salary in parentheses)

If you or someone that you know is interested in applying for this opportunity, the turn-around time will be fairly quick. Please let me know and I will facilitate the appropriate connections and process.

Please share this message with anyone you think might be qualified/interested.

Lisa Macon, Ph.D.
Dean
Division of Engineering, Computer Programming, & Technology
AAWCC Marketing Coordinator

## IEEE Member Discounts

Do you know what the IEEE Member Discounts program does for IEEE members? Here are some important facts about this program:

- More than 70,000 IEEE members use at least one of the benefits in the Member Discounts program.
- Member Discounts products and services are supported by contracts between IEEE and providers, vetted by the professional staff and volunteers.**
- Member Discounts help to support the personal and professional needs of IEEE members throughout their careers, and are portable when they change employers.
- Not all Member Discounts insurance plans and product discounts are available in every country; however, members can find many benefits available in a number of countries, with more being added each year. In fact, the insurance program now spans 84 countries!
- Member Discounts are promoted at no cost to any member and more than $5.3 million in annual non-dues revenue from these programs benefit members worldwide.

Discover what IEEE Member Discounts can offer you. The Member Discounts portfolio consists of insurance products and programs for the home, office and travel, all at excellent group rates and reduced pricing. Visit IEEE Member Discounts to see what's available in your location and enjoy the savings.

** We can assist with developing local benefits, too. Contact L.Koblin@ieee.org for more information.
