

IEEE Toledo Section Presents:

<http://www.carlselinger.com>

11 APRIL 2013

STUFF YOU DON'T LEARN IN ENGINEERING SCHOOL

Talk by: Carl Selinger, Aviation & Transportation Engineer

Come and join us and review practical, useful, down-to-earth tips and techniques you can really use as soon as you get back to work or school and in your personal life. Carl is a frequent guest speaker, and facilitates strategic planning sessions, focus groups and brainstorming sessions around the world.

"Dinner is \$20 for members and \$25 for guests"

Attendance to just the talk (no dinner) is free.

If paying by check please make payable to Toledo Section, IEEE

Please register **in advance** in our website 

Come and
learn about

Setting priorities and
managing time

Making decisions and
running meetings

Effective teamwork

Dealing with stress
and more
