Membership:
Richard Gencev
CSSEMC

Nominating:
Len Goldschmidt
408-902-8252
lgoldsch@cisco.com

Webmaster:
Hebberly Ahatlan
408-262-4400

Time:

Social 5:30 p.m. Presentation 6:30 p.m.

Place:

Applied Materials Bowers Cafeteria
3090 Bowers Ave., Santa Clara, CA 95051-0804

Subject:

Dipoles for Dummies (as well as all the rest of us without a PhD in electromagnetics)

Speaker:

Henry W. Ott, Henry Ott Consultants

Abstract:

An understanding of basic antenna theory would be helpful for all engineers, especially those involved in EMC. After all, if a product radiates (or is susceptible to RF energy) it is an antenna, even if you prefer to call it something else - such as a microprocessor, an IC, a PCB, a power cord, or an USB cable.

This presentation is a simple, insightful, and intuitive discussion of how a dipole antenna works, and how the operation is related to the common-mode radiation from a product. Attendees will end up with an understanding of dipole antenna theory, and know why dipole antenna theory is so important to EMC engineering. All of this is accomplished without using mathematics or writing a single equation.

Speaker Bio:

Henry W. Ott is President and Principal Consultant of Henry Ott Consultants, an EMC training and consulting organization. He has literally: "written the book," on the subject of EMC, and is considered by many to be the nation's leading EMC educator. He is the author of the popular EMC book, *Noise Reduction Techniques in Electronic Systems*, (1976, 1988). The book has sold over 65,000 copies and has been translated into six other languages. In addition to knowing his subject, Mr. Ott has the rare ability to communicate that knowledge to others.

Prior to starting his own consulting company, Mr. Ott was with AT&T Bell Laboratories, Whippany, NJ, for 30 years, where he was a Distinguished Member of the Technical Staff and a consultant on EMC.

Mr. Ott is a Life Fellow of the IEEE. For over 20 years, Mr. Ott has served the EMC Society in various capacities including: membership on the Board of Directors, Education Committee Chairman, Symposium Committee Chairman and Vice President of Conferences. He is also a member of the ESD Association and a NARTE certified ESD engineer. He is a past Distinguished Lecturer of the EMC Society, and lectures extensively on the subject of EMC.

Refreshments:

Dinner and Beverages for this meeting are sponsored by Teseq, Inc.

<http://www.tesequsa.com>

$$\nabla \times \vec{E} = - \frac{\partial \vec{B}}{\partial t}$$

$$\nabla \times \vec{H} = \frac{\partial \vec{D}}{\partial t} + \vec{J}$$

$$\nabla \cdot \vec{D} = \rho$$

$$\nabla \cdot \vec{B} = 0$$

**The Institute of Electrical and Electronics Engineers
Electromagnetic Compatibility (EMC) Society
Santa Clara Valley Chapter
2012 CORPORATE SPONSORSHIP
Press Kit**

Serving the Local Technical Community
with the Best Value in Corporate Sponsorship

PLATINUM LEVEL (\$1200 TAX DEDUCTIBLE CONTRIBUTION)

- Recognized on the chapter website and link to your company homepage
- Advertisement in the chapter newsletter "The Log Periodic"
- Company Logo¹ placed on the sponsor banner at monthly meetings
- Recognition as chapter sponsor at EMC Symposium/Exhibition

GOLD LEVEL (\$600 TAX DEDUCTIBLE CONTRIBUTION)

- Recognized on the chapter website² and link to your company homepage
- Advertisement in the chapter newsletter "The Log Periodic"
- Company Logo¹ placed on the sponsor banner at monthly meetings
- Recognition as chapter sponsor at EMC Symposium/Exhibition⁴

SILVER LEVEL (\$300 TAX DEDUCTIBLE CONTRIBUTION)

- Recognized on the chapter website³ and link to your company homepage
- Advertisement in the chapter newsletter "The Log Periodic"
- Company Logo¹ placed on the sponsor banner at monthly meetings

Notes:

1. Please provide logo both in web compatible JPEG and 300 dpi (.eps or .ai preferred), corporate policy on color, sizing, etc.
2. Recognition logo appears one-half the platinum level logo size on the web page
3. Recognition logo appears one-fourth the platinum level logo size on the web page
4. Symposium/exhibition may or may not be held during the one-year term of sponsorship
5. This sponsorship is intended only for financial support of the IEEE EMC Santa Clara Valley Chapter
6. The term of sponsorship is 1 year from the date your payment is received

Neither the Santa Clara Valley Chapter of the IEEE EMC Society, the IEEE EMC Society, the Santa Clara Valley IEEE Section nor the IEEE shall be held liable for any claims resulting from this sponsorship.

Order Form

- ▶ **PLATINUM LEVEL** (\$1,200) 4.5" H X 7" W advertisement and website logo
- ▶ **GOLD LEVEL** (\$600) 4.5" H X 3.5" W advertisement and website logo
- ▶ **SILVER LEVEL** (\$300) 2.25" H X 3.5" W advertisement and website logo

No product name, product claims, model numbers, promotions, shows or events. Tell us who you are, what you provide and what needs you address.

E-mail artwork in JPEG format to eriko@tech-dream.com. We can send you an invoice or you can pay online at: <http://ewh.ieee.org/r6/scv/emc/sponsors.html>

TESEQ PROUDLY PRESENTS -
DECADES OF LEADERSHIP IN EMC TESTING

TeSEQ is a global supplier of Electromagnetic Compatibility (EMC) systems and solutions. We design, deliver and sell instrumentation, systems and application software for EMC emission and immunity testing in a broad range of industries. Our cutting-edge solutions provide manufacturers with the reliable, standards-compliant test results needed to quickly bring their products to market.
