“The Wonders of Technology”

Symposium on Computer Systems and Applications

Call for Papers

Papers in English or French are invited to submit to the Symposium on Computer Systems and Applications at Canadian Conference on Electrical and Computer Engineering (CCECE). All submissions must conform to the CCECE'08 submission policy. Please refer to the conference website for more information. Topics of interest include, but are not limited to:

- Computing Algorithms
Database and Data Mining
Embedded Systems and Applications
Software Engineering and Applications
Modeling and Simulation
Computer Communications and Networking
Parallel and Distributed Systems
Performance Evaluation
Security and Information Assurance
VLSI Circuits and Systems

Regular Papers: Prospective authors should submit their full-length papers (4-6 pages) to the symposium using CCECE'08 on-line submission process at http://www.edas.info/.

Special Sessions: Special sessions consist of five full-length papers, presenting a unified theme, which must be submitted online. Prospective organizers should prepare a proposal according to the CCECE'08 guidelines and directly submit the proposal to the Symposium Chair.

Tutorials/Workshops: Tutorials and workshops are solicited on all related topics. Please submit your proposals by the submission deadline to xavier@ieee.org.

Industrial Exhibits and Sponsorships: Proposals are accepted at any time. Please contact the CCECE'08 Industrial Exhibits Chair at a.kormos@ieee.org or Sponsorships Chair at janbee@ieee.org.

Student Travel Awards and Paper Competitions: Please refer to the CCECE'08 website.
