

C37.21

Fall 2001 – Quebec City

Doug Edwards
October 1, 2001

C37.21 Working Group met on Monday, October 1, 2001 with 3 members and 3 guests.

Administrative Items:

1. C37.21 Draft 8 is ready to go to ballot with only a couple of minor editorial changes. New draft will be circulated to WG for final comments and review.
2. Editorial review by IEEE will be requested.
3. Motion for Ballot has been previously provided. Balloting process will be initiated.

Issues discussed include:

4. Wiring types
Wiring types and requirements will be modified to harmonize with latest wording discussed in for C37.20.1.
5. Review of changes
For the guest attending WG meeting, a quick review of the changes made to C37.21 was provided.
