C37.21 Working Group Report  
Tucson, Arizona  
September 21, 2004

### **C37.21 Control Switchboards**

PC37.21 Working Group did not meet in Tucson during fall 2004 meetings.

#### **Status of Ballot**

1. PC37.21/D14 ballot closed on August 8, 2004 with:
  - 72 eligible people in the balloting pool
  - 55 affirmative votes
  - 4 negative votes with comments
  - 1 negative vote without comments (comments provided separately)
  - 2 abstention votes
    - 63 votes received = 87% returned
    - 4% abstention
  - The 75% affirmation requirement was met.
1. 10 comments were cataloged.
  - Responses and/or revisions based on comments are in process. Changes do affect previous comments and resolution with balloters and Working Group is in process.

#### **Schedule**

1. Responses to PC37.21/D14 negatives and affected previous balloters will be circulated by end of September.
2. Recirculation ballot is targeted to be initiated in October.
