

IEEE Power Engineering Society
Switchgear Committee
Low Voltage Switchgear Devices Subcommittee

**C37.13 and C37.27 Working Group Report
October 5, 2005 – Montreal, Quebec Canada**

C37.13 Low-Voltage AC Power Circuit Breakers Used in Enclosures

1. The PAR required revision associated with the Scope and statement of Purpose on the PAR. PAR was approved on September 23, 2005.
2. The ballot for C37.13 / D15a opened on Sept. 26 and will close on October 26, 2005. Thus, no WG meeting was held.
3. Subsequent to successful ballot, one open action item – Request to C37.50 (NEMA) to be made concerning frame grounding tests. Detailed text was removed from C37.13 and review of this will be requested of C37.50 for inclusion in their upcoming revisions.
4. WG meeting will be held in the spring 2006 to review ballot and resolution of comments.

**C37.27 Application Guide for Low-Voltage AC Nonintegrally Fused Power Circuit Breakers
(Using Separately Mounted Current-Limiting Fuses)**

1. The ballot for C37.27 / D9 opened on Sept. 26 and will close on October 26, 2005. Thus, no WG meeting was held.
2. WG meeting will be held in the spring 2006 to review ballot and resolution of comments.
