Colleagues:

The following is the Reclosers and Other Distribution Equipment (RODE) Subcommittee written report to ADSCOM for the May 7, 2007 meeting in St. Pete Beach, Florida.

Current membership of the Subcommittee is 28 members.

Two new WG's are being formed at this meeting: Standard C37.60 (Reclosers), dual WG Chairmen Bob Behl & Dave Stone, and Standard C37.74 (Underground Switchgear), WG Chairman Steve Meiners. Both standards will undergo general revisions with thermal cycle testing of solid dielectric equipment and mode of failure testing.

Revision to the sectionalizer standard C37.63 is now printed and available for purchase, WG Chairman Marcel Fortin.

Revision to the capacitor switch standard C37.66 is now under review for approval by RevCom at their 9/21/05 meeting, WG Chairman Harry Hirz.

Currently active TF on distribution line controls, TF Chairman Don Parker.

Currently active TF on solid dielectric equipment, TF Chairman Chris Ambrose.

The RODE Subcommittee meeting will be held on Tuesday, May 8, 2007 at 2:00PM.

Sincerely,

Steven Meiners  
RODE Subcommittee Chairman
