

# **MINUTES FOR Wind Loading Working Group**

Myrtle Beach, SC  
April 27, 2010

The WG approved the minutes from the previous meeting in Myrtle Beach, SC from September 2009.

The committee reviewed the March 2008 Patent slides.

The committee reviewed the calculations section of the draft. The committee agreed that radial ice should be included as an option in the calculations. Jim Houston will add this to the document.

The committee reviewed the Test Procedures submitted by Danny Hoss. The committee expressed concern over the dielectric clearance criteria for passing the test. The committee decided to continue this discussion at the next meeting.

Ken Harless will continue to work on section 4 – Common Switch Designs.

Jim Houston will continue to work on section 6 – Wind Load Calculations.

Jim Houston will update the P37.30.2 document. Changes will be sent via email to the committee in a couple of weeks following the meeting.
