Anne Morgan
PEPCO
701 Ninth St NW 8th Floor
Washington, DC 20068
202 – 872 - 3449
afmorgan@ieee.org

PAST CHAIR
Ted Burse

SUBJECT: IEEE 315/315a Ad Hoc Report

At the spring 2010 Switchgear Committee meeting held in Myrtle Beach, SC, the following excerpt from the Minutes outlines a New Business Item that was approved by the Committee.

T. Burse moved (S. Meiners seconded):

Move to form an Ad Hoc to study the feasibility of adopting the following documents from the recently disbanded SCC11 into the IEEE PES Switchgear Committee:

- * 315-1975 (R1993) Graphic Symbols for Electrical and Electronics Diagrams (including Reference Designation Letters)
- * 315A-1986 (R1993) Supplement to Graphic Symbols for Electrical and Electronics Diagrams

Motion passed with one abstention.

T. Burse volunteered to chair the Ad Hoc. It is hoped that a recommendation could be available for the fall meeting. This Ad Hoc would be assigned to ADSCOM.

Pursuant to this Motion volunteers for the Ad Hoc were solicited. The Ad Hoc consisted of the following members:

D. Edwards, K. Flowers, M. Glinkowski, H. Josten, M. LaFond, J. Leach, S. Meiners, C. Reigart, R. Sauls, A. Storms, P. Sullivan and D. Stone.

IEEE 315 and 315A were circulated to the Ad Hoc for a 30 day review.

Although the Ad Hoc members responded overwhelmingly that the documents remain useful to the industry and should be maintained, the Switchgear Committee is not the proper Sponsor for these documents.

Respectfully Submitted,
Ted Burse
