

# **MINUTES FOR Wind Loading Working Group**

Nashville, Tn  
October 10, 2011

The Agenda to the meeting was presented.

The WG approved the minutes from the previous meeting in Orlando, FL from May 16 and 18, 2011.

The working group reviewed the March 29, 2011 Patent slides.

A schedule to complete the WG's PAR was reviewed. The PAR expires on 12/31/2012.

Gary Haynes reviewed his findings with the style manual with the working group. These findings were incorporated into the draft 3 version of the working document. Gary will forward additional changes required by the Style Manual to Jim Houston to make to the working document.

Jim Houston Reported that the Patent LOA from SEECO was not progressing and asked that Erin Spiewak take the matter to Dave Ringle and PATCOM. The working group did not feel the patent was relevant to its document.

The sample calculation submitted by Bill Hurst. The calculations were accepted. The sample will need to be formatted for inclusion in the document.

Danny Hoss and Pete Kowalik will work on defining the open gap requirements in section 7.4.

Jim Houston will update the P37.30.2 document. Changes will be sent via email to the committee in a couple of weeks following the meeting.
