

Date: October 4, 2012
To: Paul Sullivan - IEEE Switchgear Committee Secretary
Ted Olsen – IEEE Switchgear Committee Vice-Char
From: Frank DeCesaro – STLNA Technical Liaison Director
Subject: HVTT Liaison report

As reported at the last switchgear committee meeting the ballot for IEEE 4 had closed on February 29, 2012 with a 95% affirmative vote. The working group chair and secretary resolved the negatives from the balloting and are in the final stages of getting the standard through IEEE publication. The chairman stated that it is hard to tell how long this process will take but hopes to have it completed by the end of 2012.
