Patents:

Those registered had to acknowledge the IEEE-SA rules on Patents, and therefore, review in this meeting is not required. Nevertheless, the Patents slides were reviewed. The participants were reminded that anti-competitive issues are never allowed for discussions.

The minutes from the Fall 2012 meeting were approved as distributed.

Open discussion:

- The PAR is valid through 2013. We need to get started balloting on the document and accelerate completion. In all likelihood, we will have to apply for an extension to the PAR.
- The document under discussion is D8A – the document itself is identified as D8 but the file name is D8A.
- The bulk of the meeting deals with comments submitted by Bob Puckett. The comment list prepared by Mr. Puckett was updated with resolutions
- 7.3.3.2 – language suggested by Mr. Mohla will be inserted in the next draft.
- 7.2 - language suggested by Mr. Mohla will be inserted in the next draft.
- Language forwarded by Mr. Mohla concerning viewing panes will be added.

The meeting adjourned at 12:03 PM.
