C37.10.1

MOM

The 2016 spring meeting of C37.10.1 “Guide for the Selection of Monitoring for Circuit Breakers” was held on Monday April 25, 2016 in Hilton Head, SC. Attending this year’s meeting were 26 members and 16 guests.

Introductions were made followed by the review of the Draft Five comments. Included on the agenda was the discussion of the PAR extension being rejected after last falls meeting in San Diego.

Immediate action now for the working group is a request for a PAR extension and begins the process for the document to go out for ballot.

With no further old or new business the working meeting was adjourned.
