

## **WG revision of IEEE Std C37.015**

The WG met in the morning of October 12, 2016 with 14 members and 21 guests attending.

Current membership stands at 21 which means that the requirements for a quorum were fulfilled.

The minutes of the spring meeting were approved.

The comments on the first ballot were discussed and the disposition details added.

The comments will be uploaded to MyBallot and in the meantime a revised draft will be circulated to the members of the WG. After approval, the document will be recirculated in time for the spring 2017 meeting.

Respectfully submitted,

Anne Bosma

Chair WG Revision of C37.015
