

Minutes of C37.100.2 PAR Study Group

Roy Alexander Chair opened the meeting at 1:30 pm CST on 6 October, 2020

John Webb volunteered to act as secretary for the meeting.

Attendance to be collected via 'Chat' function in WebEx

Topics for Discussion for possible inclusion in PAR:

1. Open wire line dropping TRV
 - a. C_1/C_0 limit
 - b. Impact of Polarity sequence
 - c. k_c for standardization for line dropping with pole spans $> 90^\circ$
2. Impact of L-G fault
3. Discussion of controlled switching for capacitor banks. TF determined not to pursue at this time.
4. Revision of single & three phase testing steps, 10° & 30°

Roy Alexander proposes himself for Chair of the Revision WG, subject ADSCOM Approval, Neil McCord as Secretary.

John Webb moved and Dave Johnson seconded. Motion to draft PAR for to cover the topics outlined in his presentation. Approved by unanimous consent.

Meeting Adjourned at 3:55 pm.

Attendance

from John Webb to everyone: 2:32 PM

John Webb, ABB

from Jim van de Ligt to everyone: 2:32 PM

Jim van de Ligt - consultant

from Neil to everyone: 2:32 PM

Neil McCord, KEC Precision LLC

from Devki Sharma to everyone: 2:32 PM

Devki Sharma - Entergy

from Charles Corley to everyone: 2:32 PM

Chuck Corley - Eaton Greenwood, SC

from Luke Collette DLC to everyone: 2:33 PM

Luke Collette - Duquesne Light Co. - Pittsburgh, PA

from Andrew Chovanec to everyone: 2:33 PM

Andrew Chovanec - GE Grid Solutions

from John Tarleton - Southern States to everyone: 2:33 PM

John Tarleton - Southern States, LLC - Hampton, GA

from Sergio Flores to everyone: 2:33 PM

Sergio Flores - Schneider Electric US

from Roy Ayers - NES to everyone: 2:33 PM

Roy Ayers, Nashville Electric Service, Nashville, Tennessee

from Philip Fentress to everyone: 2:33 PM

Phil Fentress - Memphis Light, Gas & Water Div

from Jeremy Hensberger to everyone: 2:33 PM

Jeremy Hensberger - MEPPI - Warrendale PA

from Sushil Shinde to everyone: 2:35 PM

Sushil Shinde, Hitachi ABB Power Grids, Pittsburgh, PA
