

# STLNA Liaison Report to the IEEE PES Switchgear Committee

Fall 2023: October 10. San Diego, CA

---

**Chair:** Victor Savulyak **Secretary** Frank DeCesaro

## Meeting Highlights

1. The STLNA met on Tuesday, October 10, 2023. There were (12) in attendance. Five out of seven member labs were represented.
2. Future of STLNA as NEMA support ends.
3. Participation and attendance of LAPEM and CEPEL needs to be improved.
4. Mohit Chhabra plans to attend STL Technical Meeting at ZKU in Prague, Czech republic (November 14-15, 2023).
5. **Technical Discussions:**
  - a. Preconditioning requirements and effect on Circuit breakers tested according to IEEE C37.09-2018.
  - b. STL reference shunt project is restarted. Each STL member will contact shunt owner individually for its lab schedule.
