Call for Posters

IEEE Young Professionals Program (formerly GOLD) will be hosting a poster session for all IEEE members at the upcoming IEEE Spring Section Conference on April 24, 2014 at the Oakland University. The IEEE Spring Section Conference is a technical and social event that highlights the cutting edge research activities being pursued by members of IEEE. This is a great opportunity to showcase your research and network with people from Industry/Academia.. You are invited to participate. Student poster awards will be given to the three top presented posters, as judged by the review committee. Poster topics related to any of the IEEE Societies represented in the IEEE Southeastern Michigan Section (www.ieee-sem.org) are encouraged. More information about the Conference is available at http://www.ieee-sem.org/spring.

Authors wishing to participate in the poster session must submit a poster title and abstract (less than 150 words) at https://ieee.fluidsurveys.com/s/posters/ no later than **April 20,2014**. The suggested poster size is 4 feet by 3 feet, and should contain large text to be read from a distance. Poster authors should attend and present their posters from 4:00PM to 5:30 PM and from 7:30PM to 8:00PM during the Poster Session and Student Competition on the day of the conference.

There is **No registration fee limited to two for each poster submitted**. All the student authors for a particular poster needs to be registered as a Student Poster at the Registration link https://meetings.vtools.ieee.org/meeting_view/list_meeting/24627.

For any further questions please do not hesitate to contact me Chaitanya Setti– sck@computer.org.(Ph: 8455463999).
