

Next-Generation Service Overlay Network (NGSON) Working Group

IEEE P1903 Working Group Public Reflector Information

The IEEE P1903 Working Group public reflector is provided for the benefit of moving the work of the Working Group forward. Use of this reflector is subject to the [IEEE E-mail Acceptable Use Practices](#).

To contact the owner of the list, if you have trouble subscribing/unsubscribing, or have questions, please send an email to p1903-mbrs-request@listserv.ieee.org.

Subscribing to the Reflector

To subscribe to the IEEE P1903 Working Group public reflector, please send an email containing the following text in the body of the message:

subscribe p1903-mbrs YourFirstName YourLastName

to ListServ@ieee.org

Subscribe note 1: Use of the e-mail subscribe instruction requires that you supply your First Name followed by your Last Name and will subscribe the e-mail address from which the e-mail is sourced from. The e-mail subscribe instruction does not support an e-mail address field, if you try to use an e-mail address in the Name fields it will be rejected. If you wish to subscribe an e-mail address other than the one which your e-mail is sourced from, for example, the IEEE e-mail alias my.name@ieee.org, you will need to use the ListServ web interface (<http://listserv.ieee.org>). Use of this web interface will require the creation of a login but once this login has been created it will be used for all IEEE ListServ subscriptions you wish to manage.

Unsubscribing from the Reflector

To unsubscribe from the IEEE P1903 public e-mail reflector, please send an email containing the following text in the body of the message:

unsubscribe stds-p1903 YourFirstName YourLastName

to ListServ@ieee.org
