

Dear EC members,

Per the LMSC P&P sections 3.1 and 4.0 all 802 executive committee members are elected or appointed and confirmed at the first Plenary session of each even numbered year. Therefore election/appointments are scheduled to occur at the upcoming March 2020 Plenary session.

I will stand for re-election as Chair of 802. If I am re-elected, I plan to fill the 802 Appointed Officer positions as follows: first Vice Chair-James Gilb, second Vice-Chair-Roger Marks, Recording Secretary-John D'Ambrosia, Executive Secretary-Jon Rosdahl and Treasurer-George Zimmerman. I also plan to appoint the following individuals to fill the non-voting positions of 802 Member Emeritus Treasurer Advisor-Clint Chaplin, 802 Member Emeritus-Advisor-Geoff Thompson and Hibernating Working Group Chairs: 802.16 Chair-Roger Marks, 802.21 Subir Das, 802.22 Apurva Mody and 802 Ombudsman-Guido Hiertz. All the appointees have agreed to accept the appointments and wish to be confirmed.

LMSC Executive Committee Position summary:

802 Ombudsman	1	confirmed by EC, non voting
Total positions	19	13 voting positions, 6 non-voting positions

If you, or others in you WGs, wish to be considered for the 802 Chair or the appointed positions, please contact me and the Recording Secretary as soon as possible.

Please circulate this notice to your WG members by 03 February so they have ample time to consider it before the March meeting.

Finally, all potential EC members--please remember to submit your letter of endorsement and disclosure of affiliation to John D'Ambrosia as soon as possible, but not later than the March 2020 opening EC meeting.

Please carefully review the Disclosure of Affiliation FAQ (standards.ieee.org/faqs/affiliation.html) and the IEEE Standards Board Bylaws, 5.2.1.5 Disclosure of Affiliation (standards.ieee.org/about/policies/bylaws/sect5.html) to ensure you are in compliance with the policy.

802 EC member election and confirmation process

Current Working Group and Technical Advisory Group Chairs should announce to their Groups that the two-year term elections are being held per the 802 LMSC Policies and Procedures, inform the Group if they wish to be considered as a candidate for re-election and solicit new candidates for the positions of Chair and Vice-Chair (at a minimum). Newly elected/confirmed EC members will formally occupy those positions at the end of the March plenary session.

Each Group shall elect a Vice Chair or Vice Chair(s). A Group may have more than one Vice Chair if warranted and to develop leadership candidates.

If there are additional candidates for IEEE 802 LMSC Chair or the appointed positions, they should notify the recording secretary, John D'Ambrosia, as soon as possible but no later than the start of the March opening EC meeting Monday morning, in order that the selection process proceeds in a smooth and open manner.

Responsibilities of the IEEE 802 LMSC chair and appointed positions are described below.

The confirmation of elected WG/TAG Chair and Vice-Chair will take place at the closing EC meeting as the first item under "Motions, Internal"(MI). Chairs, please be prepared to report the numerical results of the elections in your WG/TAG to the EC. After the new WG or TAG Chairs or Vice-Chairs are confirmed by the EC, they will formally occupy the position at the end of the Plenary session.

The election of LMSC Chair will then take place followed by the confirmation of appointed officers. If a new IEEE 802 Chair is elected, I propose that we delay the confirmation of the appointed members until the following session to provide for adequate review by the EC members.

Please ensure all candidates comply with the IEEE SA 5.2.1.5 Disclosure of affiliation policy:

Every participant in a working group, Standards Association ballot, or other standards development activity shall disclose his or her affiliation(s), which includes employer(s) and any other affiliation(s). An individual is deemed "affiliated" with any individual or entity that has been, or will be, financially or materially supporting that individual's participation in a particular IEEE standards activity. This includes, but is not limited to, his or her employer(s) and any individual or entity that has or will have, either directly or indirectly, requested, paid for, or otherwise sponsored his or her participation. Failure to disclose every such affiliation(s) may result in complete or partial loss of rights to participate in IEEE SA activities. An individual is not excused from compliance with this policy by reason of any claim of a conflicting obligation (whether contractual or otherwise) that prohibits disclosure of affiliation(s).

A person who believes that a participant's disclosure is materially incomplete or incorrect should report that fact to the appropriate Standards Committee(s).

LMSC CHAIR RESPONSIBILITIES

 - g) Conduct or delegate EC email ballots (usually less than 10 per plenary session interval)
 - h) Conduct EC teleconference meetings (a minimum of 3 per year)

General Notes:

The amount of time and resources needed to support LMSC varies considerably. LMSC is a large complex, organization with many diverse activities, both internal and external, that are generally managed well by the LMSC leadership team. There is a relatively constant level of LMSC Chair time that is consumed at a rate of about 100 hours per month to provide oversight to LMSC and perform the various tasks identified above. There are also actions that demand the Chair's attention whenever they occur, ranging from big issues that take 100% of one's time (occasionally significantly more than 40 hours/week), to smaller ad-hoc activities that can be handled quickly in real time.

There are other activities that offer advantages for LMSC that may consume substantial resources. Interacting with our parent Society, the Computer Society as well as the many other Societies and Councils in the IEEE. Interacting with the other major IEEE Organizational Units; Technical Activities and Educational Activities and other IEEE-level initiatives should be monitored and engaged with as appropriate. From time-to-time the opportunity arises for LMSC spokespersons to speak at conference and seminars. Experience indicates that good opportunities arise about once a year to present at some national or international meeting.

FIRST VICE CHAIR RESPONSIBILITIES

- 1) Stand in for the Chair when needed. This can be for a few minutes at the Executive Committee meetings. Other times it means chairing an entire Plenary session. In the latter case, there are a couple of weeks' worth of work in the 4-6 weeks before the Plenary session, and 100% consumption of one's time during the session. Occasionally and emergency situation develops, and the VC is suddenly required to conduct LMSC business for an extended period of time.
- 2) The primary responsibility is to lead mentoring and 802 training program efforts. This position will focus on the execution of the Education, Mentoring and Support program which is intended to improve the overall efficiency and quality of LMSC standards projects.
- 3) Responsible for presentation of LMSC introductory information at each Plenary session.
- 4) Be an expert on LMSC, CS-SAB and SA Policy and Procedures, 802 process and Roberts Rules of Order to help resolve issues in EC meetings and, when asked, at WG/TAG meetings.
- 5) Support maintenance of LMSC Policy and Procedure with 2nd Vice-Chair
- 6) Help the Chair in situations where the Chair believes he needs assistance with issues primarily arising in the various working groups.
- 7) Act as a mentor to new WG chairs and work with the Chair to oversee the assignment of experienced 802 members to mentor WG/TAG chairs as appropriate.
- 8) Visit WG/TAG sessions for short intervals during the Plenary session to keep abreast of the pulse of the organization. This should be coordinated with the 2nd vice chair to maximize coverage of all 802 projects.
- 9) In coordination with the Chair and 2nd Vice Chair, help resolve LMSC, SA and BoG issues with IEEE staff, IEEE Standards Board, BoG and CS-SAB. Recently, the focus of this work has been to develop and improve the utility of the various on-line tools SA maintains on behalf of standards developers.
- 10) Assist Chair with miscellaneous administrative and other assigned tasks.

SECOND VICE CHAIR RESPONSIBILITIES

- 1) The primary responsibility is to lead policies and procedure change activities. When major issues are being addressed this can consume significant amounts of time, occasionally precluding meaningful participation in a working group.
- 2) Be an expert on LMSC, CS-SAB and SA Policy and Procedures, 802 process and Roberts Rules of Order to help resolve issues in EC meetings and, when asked, at WG/TAG meetings.
- 3) Visit WG meetings for short intervals during the Plenary week to keep abreast of the pulse of the organization. This should be coordinated with the 1st vice chair to maximize coverage of all 802 projects.
- 4) Interpret the LMSC Policy and Procedure and provide advice to LMSC members, WG/TAG chairs, and other executive committee members when requested.
- 5) In coordination with the Chair and 1st Vice Chair, help resolve LMSC, SA and BoG issues (such as appeals, IPR issues, complaints, timely issuance of Standards Committee ballots, Get802 program and draft sales) with IEEE staff, IEEE Standards Board, BoG and CS-SAB.
- 6) Assist the Chair with miscellaneous administrative and other assigned tasks.
