IEEE 802 FRAMEMAKER LICENSES

Action Item from the 7 June 2021 IEEE 802/SA Task Force

- Obtain feedback on SA budget to cover future license expenses by 23 July 2021

Report Out from IEEE SA

- As of 20 July, there are 50 IEEE 802 projects under development
  - One person may serve as an editor for multiple projects.
- IEEE SA is unable to procure the license
  - The licenses shall be procured and managed in accordance with the "Guidelines for Standards Committee Management of IEEE Software Licenses for IEEE activities" (https://standards.ieee.org/content/dam/ieee-standards/standards/web/documents/other/Policies-Standards_Committee_Management_of_IEEE_Software_Licenses.pdf.
- According to the Adobe website, one license costs approximately $400 annually

IEEE 802 FRAMEMAKER LICENSES

Results

- IEEE SA will reimburse IEEE 802 the cost for Framemaker licenses on an annual basis, up to 15K annually.

- IEEE SA staff requests to collaborate with the IEEE 802 EC to develop the process for reimbursement.
