Re: IEEE 802.11ah

Dear Mr. Ringle:

I write in further response to IEEE's requests to Qualcomm for a Letter of Assurance with respect to the 802.11ah standard. As a result of certain transactions following Qualcomm's acquisition of CSR, plc, all of Qualcomm's Essential Patent Claims with respect to the 802.11ah Standard are subject to the Accepted Letter of Assurance filed by CSR, plc on March 6, 2009.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Fabian Gonell', written in a cursive style.

Fabian Gonell
