Subject: IMT-2000 OFDMA TDD WMAN Submission toward Revision 11 of Recommendation ITU-R M.1457

Dear Jayne,

As you know, ITU-R Working Party 5D is developing of Revision 11 of Rec. ITU-R M.1457 and is awaiting input for "Meeting X+2," specified as Working Party 5D Meeting #13 of 16-20 July 2012. In response, IEEE has prepared a contribution that will be based on [the attached draft](#) and delivered to Meeting #13 by the deadline of 9 July.

In accordance with the contribution, IEEE plans to submit a revised GCS by the same deadline.

Please notify us prior to our next session (14-17 May) if the WiMAX Forum plans any updates to its GCS documents so that we can coordinate their transmittal to ITU-R by the 9 July deadline.

As per established administrative procedures of the ITU-R, both the IEEE and the WiMAX Forum need to submit consistent Letters of Conveyance to the ITU-R by the 9 July deadline. Please copy us on your submittal.

Note that IEEE does not expect to be represented at Meeting #13 since the IEEE 802 Plenary is scheduled that same week in San Diego, CA, USA.

Regards,

Roger B. Marks
