Dear P802.16 Revision Ballot Group:

Thank you for your participation in the recirculation of P802.16Rev3/D5, which ran from 30 March to 14 April. Prior to comment resolution, the numerical results were 126 Approve, 0 Disapprove with Comment, and 6 Abstain.

Comments received during the ballot were resolved by a ballot resolution committee of the IEEE 802.16 Working Group. We have uploaded the resolutions to the IEEE-SA myBallot system.

We are requesting that the IEEE Balloting Center initiate a recirculation of the new draft P802.16Rev3/D6.

Please take this opportunity to review the material. Since this is a recirculation ballot, you need respond only if you wish to change your initial vote or submit additional comments within scope of the recirculation. No comment will be considered as a valid element of a Disapprove vote unless the voter enters it into the myBallot database and designates it appropriately.

If you have voted Disapprove, I urge you to review the comment resolutions and let us know which, if any, of your comments have been satisfactorily resolved. If you choose to cast an Approve vote, we will assume that all of them are resolved to your satisfaction.

Sincerely,

Roger Marks
