To: WATO members
        Chung G. Kang, Director, TTA PG 702
        Kohei Satoh, Managing Director, ARIB
        Jayne Stancavage, Chair, WiMAX Forum Regulatory Working Group
        Terry DeCourcelle, Director, IEEE-SA International Standards Programs

Subject: Liaison statement to WATO members regarding Sharing Parameters

Dear WATO Participants,

ITU-R Working Party 5D (WP 5D) has prepared a liaison statement (see IEEE 802.16-12-0516) to IEEE requesting IEEE's view on characteristics of WirelessMAN-Advanced systems. The information is intended for consideration in sharing studies of Joint Task Group 4-5-6-7 in preparation for WRC-15.

WP 5D has requested to receive "Part 1" input from IEEE by 26 September 2012, in advance of its Meeting #14 of 3-11 October, and "Part 2" input by 3 July 2013.

The IEEE 802.16 Working Group (WG) would welcome your views on the necessary documentation, per the formats specified in Attachments 1 and 2 of IEEE 802.16-12-0516. The WG would appreciate your "Part 1" inputs prior to its Session #81 of 17-20 September.

On separate but related topics:
•the WG may consider a response to the liaison statement from WP 5D on its review of Report ITU-R M.2039 (see IEEE 802.16-12-0517)
•the WG is also engaged in reviewing draft revisions of ITU R M.1801 and Report ITU-R M.2116, as requested by ITU-R Working Party 5A (see IEEE 802.18-12-0061)

Again, The Working Group would appreciate your inputs prior to its Session #81 of 17-20 September.

Sincerely,

Roger B. Marks
Chair, IEEE 802.16 Working Group on Broadband Wireless Access
